

abhaya FOUNDATION

"My sons, all of you be men, This is what I want!. If you are even little successful in helping someone who is in need, I shall feel my life has been meaningful." Said Swamy Vivekanada.

Let us feel one with the suffering...let us feel one with the ignorant...let us feel one with the poor...then alone we would be able to understand the need not otherwise. You may please be in touch with abhaya Foundation in case if you wish to do some support at any point of time. Also consider sharing it with likeminded people amongst your circle of close friends, well wishers, colleagues, corporate etc., with your hearty note. If all of us come together...we can build a nation with a difference in the world sooner than expected.

Most beloved abhayans! Good Day and Greetings!! just read this short story...before we go further this time.

Recently I took a sheet of paper and divided it into two columns: "Yes People," and "No People." Then I thought about individuals I knew and wrote their names in the appropriate column. What a shock it was to see the length of the "No" list.

These were the people who heard someone say, "You can't do that!" and they believed it. Now they were saying, "It can't be done!" and their negativity was affecting the lives of others.

If your friends made such a list right now, under which heading would they write your name? Do they see you as enthusiastic, affirmative and optimistic? Or do they believe you see more problems than solutions?

It's time to knock the "t" off the "can't." I like the words of author Frank Hughes: "I will say this about being an optimist; even when things don't turn out well, you are certain they will get better."

You are only a decision away from responding with hope instead of fear, with encouragement instead of criticism, with belief instead of despair. With Trust instead of distrust...It's your choice!..."author unknown"...abhaya FOUNDATION

Now read on what happened today...

Abhaya received a call from CS.PS Rao, a leading Corporate Consultant in Hyderabad enquiring about whether we can consider to help a needy girl who is dire need. As we always be ready to do whatever possible we told him that YES!

Mr.Moin from Kodada, Nalgonda District of Andhra Pradesh visited abhaya with real story of his daughter Ms.Shaik Faizah who is just 4.5 years and suffering from Thalasaemia Major and has been on transfusion support since early infancy. Though there was no treatment for this decease till recently, they had been informed that the Stem cell transplantation would be curative for this condition by the doctors from Apollo, Chennai.

Moin is a painter and his entire annual income may not cross even Rs.50,000/- he had a wife, a son and two daughters in his family to take care. But the deadly decease to this cute girl is costing more than Rs.15,00,000/-, he really did not understand what to do, but god blessed him with a wonderful talented son!

His name is Master Fusie aged about 6 years and very talented dancer...he is such a boy at the very young age his name is known to entire state of AP with his appearance in ZEE Telugu AATA Juniors...he rocks the show, he breaks the stage, he make the people to go mad...you may have seen him as well! Recently knowing about the fate of his sister and ZEE Foundation initiated a Mission to support him in saving his sister...more than all this, doctors are planning to use his bone marrow for the transplantation!!

an assurance for no fear...

TOWHIOM IT MAY CONCERN

Patient Name: Ms SHAIK FAIZAH
D/O, SK. Moin.
H.No: 4-159/2, Kousar Nagar,
(Po) Kodada-508206,
(Dist) Nalgonda,
Andra Pradesh

Age: 5 y /F
Diagnosis: Thalassaemia Major

Shaik Faizah has Thalassaemia Major and has been on transfusion support since early infancy. Stem cell transplantation would be curative for this condition. We plan to use her fully matched brother's bone marrow for the transplantation. The cost of the transplantation would be about Rs. 10,00,000. The split bill is as follows.

Room rent BMT room	Rs.2,00,000
Medications	Rs.4,00,000
Blood products	Rs. 2,00,000
Investigations	Rs. 1,00,000
Miscellaneous and professional charges	Rs. 1,00,000

This is an approximate estimate and may increase in case of a life threatening fungal infection as antifungal agents are expensive and if she develops graft versus host disease.

Any financial assistance can be provided in the form of a cheque to APOLLO SPECIALITY HOSPITAL Shaik Faiza 162103. We plan to admit her in March 2010.

If there are any further queries, please do not hesitate to contact me.

The initiative of ZEE Telugu & ZEE Foundation attracted the empathy and sympathy of big directors Omkar, Vinayak & Jagannath...they all declared Rs.3,00,000/- each for this girl...as of now few lakhs only reached. Moin is trying to get their support as promised by these gentlemen. They are hoping that it would happen before Ugadi.

The family foreseeing the need of more money for their little girl, planning to organize a benefit show where they are trying to invite local leaders and small screen personalities to Kodad on 13th March'2010. The plan is to raise at least Rs.2,00,000/- and they are confident of achieving this with all their sincere efforts.

At this point of time, they sought abhaya's help...what do we say! As inspired souls of this land just told them we are there with them in the journey with our might. we promised them we must do our best! Assured them our prayers are there with Faizah!

Now you are only a decision away from responding with hope instead of fear, with encouragement instead of criticism, with belief instead of despair. With Trust instead of distrust...It's your choice!

abhaya sending this email to all its well wishers, people we know who are like minded. Do not worry about the size of your contribution. The intent and your love for the fellow beings will make a difference. It's absolutely fine if you are not able to, at least pass it on to your friends, clients, colleagues, management with hearty note from your side.

We are sure if all of us come together we can make a difference to Faizah very easily... Together Everyone Achieve More that is what we learned as the meaning of TEAM.

How can we be of some help in this SEVA?

Think if you can help us in mobilizing some resources...then just let us know how much you can do. If not able to spare your own...at least forward this mail to some of the like minded people in the circle with your note seeking their help. If you are able to impress upon your Management/Clients...please do that and get some help from the corporate. If some of you have any influence in pharmacy companies...please try to connect to them...it may be a call for you to do the needful.

If nothing is possible...start praying GOD...to take care of her.. If everything goes smoothly with God's Grace...we are sure of doing the needful to beloved by next 20 days.

look forward to see your loving and caring action...
