

abhaya FOUNDATION

Dear abhayans!

Good Day and Greetings. We hope that you are all doing fine and progressing well in life. We are glad to share with you that abhaya is able to deliver good work to the most neediest people in the society as if they are our kit and kin in life.

“Often we face obstacles in our day-to-day life, but our hurdles seem very small in comparison to what many others have to face in the world around us where we live!”

This time we would like to share with you a good real story...

Mr.Babji Rao & Ms.Visalakshmi, husband and wife leading their life by doing small jobs. Every day at home, Babji prepares Tea morning and evening and go to 2/3 nearby corporate houses to serve the hot tea. His entire monthly Income will be around Rs.8000/- and to support him, wife joined a school as teacher and earning around Rs.1500/- they both are blessed with a Baby Girl and named her as Tulasi, she is just 20 years now and since young age she always scored the best marks.

You know how many marks she secured in class x in the year 2004...85% and Inter her score was 954/1000 in the year 2006. Her parents are happy about their daughter for her academic excellence and they struggled hard to bring her up with best of their ability. Every year they spend almost Rs.30,000/- for her education. Tulasi also took every step in her life so cautiously.

“I am happy with what I have at present...my parents gave everything to me even if I asked or not asked that is being provided in my life” but for them I am not there...this is what is the answer from her, when enquired about her state of mind at present. She secured 16000 Rank in EMCET'06, but as she is OC Category... could not get in to MBBS. Then she opted for B.Pharma and she is perusing 3rd B.Pharmacy at Vanitha Polytechnique College, Nampally, Hyderabad. The parents though struggling for survival, taking care of their only daughter's education with the support of their relatives. When asked about, what is Tulasi's ambition... she said that, she wanted to write GRE/TOFEL and go to states and take care of her loving parents with best comforts.

She was the topper in the college with highest marks and she is the recipient of Shankarji Memorial Gold Medal from His Excellency E.S.L Narasimhan, The Governor of Andhrpradesh on 11th February'2010...Very Inspiring Story!...

an assurance for no fear...

now read on why this story is being shared with you!

Ms.Visalakshmi - Tulasi's mother

Tulasi's appeal to all

Prasad, NILE

Abhaya with Tulasi

Abhaya received a call from its well wishers CS.Vasudevarao & Ms. J. Munikanya, VP(MM) from MIC Electronics enquiring about whether we can help Tulasi. They said that she is really in need of urgent care and love from all of us. We really wondered what may have happened to this girl, we thought that she may be in need of financial assistance for her education. We just told them that we are there with her and enquired further about the need of this girl...then real shock came to our heart and soul, when we understand that this 20 years young girl **suffering from Chronic kidney disease stage V** and she is advised to undergo live related renal transplantation. Her loving Mother came forward to donate her kidney to this only daughter infusing life to her hopes!

Entire cost of operation is costing about Rs.7,00,000/- . As her father is serving tea at NILE Electronics, some of the kind hearted people started sharing this information to all their friends and relatives. Prasad who is working in NILE went a step ahead and motivated his wife Madhavi to spread this information in MIC where she is working...all of them put together mobilized Rs.2,00,000/- as of now.

Abhaya visited her on 20.03.2010 and understood the situation...tried to motivate the family with all positive thoughts and assured all our best help in next 20 days from now.

Let us feel one with the suffering...let us feel one with the ignorant...let us feel one with the poor...then alone we would be able to understand the need not otherwise. You may please be in touch with abhaya Foundation in case if you wish to do some support at any point of time. Also consider sharing it with likeminded people amongst your circle of close friends, well wishers, colleagues, corporate etc., with your hearty note. If all of us come together...we can build a nation with a difference in the world sooner than expected.
