

abhaya FOUNDATION

an assurance for no fear...

Mission to Serve with "HEART"

HEALTH | EDUCATION | AWARENESS | RURAL DEVELOPMENT | TRANSFORMATION

Satyanarayana is a night watch man at ICOMM with a minimal monthly salary of Rs.4,500/-. His wife too works during the day in couple of homes as maid servant. They are blessed with a baby girl 9 years back. They thought she is bringing the Lord's glory! They could not imagine that their baby is truly divine away from pollution from this world

She had a profound mental disorder...since birth. She is like 9 months baby now at the age of 9 years now! The poor parents started taking care of her with their best possible abilities to fight with the disorder and in the process they have spent couple of lakhs till now. They have reached a point now...where they can not spend any more. They took loans to provide at least minimal care for their baby! But how long this can go...they are struck.

Someone told father about abhaya and its works...he contacted abhaya team. The team had seen the medical reports and also enquired with the Medical Team at Sweekar - Upakaar, Secunderabad who had been treating this girl since last couple of years. There was a gap of almost an year now, the parents did not took her to them for consultancy due to lack of Vitamin M. They had been spending about Rs.2,500/- PM only for medicines.

Remembering good words of Bhagawan Sri Sathya Sai Baba "When once

Need Helping Hand

you consider a good action, do not let anything dissuade you! consult your heart, not others and then follow its dictates. Never postpone a good work in life, that is real sudhana to reach god"... abhaya welcomed this little angel with lots of love and consulted the Medical Team at Sweekar - Upakar.

Parents took her again to Sweekar - Upakar on 09.09.2010 for fresh round of Tests to understand how can they bring back the lost glory to this little Glory. Abhaya provided initial amount for the prescribed tests and Sweekar - Upakar also given discount considering our support. They suggested that Mother and Child may be given a special house management course for a period of 6 months there by preparing the child to start understanding mother and her empathy.

All this may cost about Rs.25,000/- for 6 months. The team informed abhaya that further course of action may be decided after conclusion of this special care and then we can think of what else we can do for this Angel.

"We ourselves feel that what we are doing is just a drop in the ocean. But the ocean would be less because of that missing drop".
- Mother Teresa

abhaya APPEAL: please remember the prophetic words of Swamy Vivekananda! "Lord is the only giver, all of us in the world are only shop keepers. Let us get his cheque and it must be honoured everywhere", but what is this cheque...it is LOVE and with that LOVE let us do something for this Angel Glory.

If in case you wish to support such abhaya initiatives you may please contribute to abhaya Foundation. please note that your contributions shall be in favour of abhaya Foundation by Cheque/DD for any of these projects, you may please send them to:

abhaya FOUNDATION, abhaya, 6-3-609/140/1, Anand Nagar, Khairatabad, Hyderabad-500004 and alternatively you can transfer the amount by TT / RTGF as per following Bank details.
