

We (K. Kiran Kumari & K. V. L. Venumadhav) Parents of Master Kasthika noticed that he is not responding to the sounds at the age of 11 months and we were in the opinion that he may be having the hearing problem. So we consulted my child's specialist Dr. C. N. Reddy according to his suggestion we My child has undergone Bera test on 6/6/2009 and we got to know that he is having a hearing loss of 90% and again taking the suggestion of my pediatrician we went to Dr. Srinivas Reddy ENT Surgeon in Apollo. He referred to Apollo to ~~take~~ <sup>undergo</sup> the Bera test again. So there ~~was~~ also we got that he had a profound hearing loss of 90% and after that we under the ~~advise~~ <sup>advise</sup> of Dr. Rambabu ENT Surgeon (C.I.) who had been undergone CT & MRI scans in that we got to know that there is every possibility of hearing if he undergoes (Cochlear implant) (CI).

② After that we consulted Dr. E. C. Viraykumar.

③ Kamireni ④ Yashodha ⑤ Pottaparti Satya Sai Baba.

⑥ Sravanam project of Tirumala etc. All the above has advised us to go for a Cochlear Implant.

2(2)  
 So, we tried for Arogya Sri Card we got a letter from  
 Camp office. Taking that letter we went to Apollo hospital  
 to register my son's name there they have told that  
 It takes 2-3 years of time. ~~from there we went~~ <sup>But we had to guarantee</sup>  
 to ~~MAA Hos~~ that it is only a letter. But not the  
 Arogya Sree Card so from there we went to Maa hospitals  
 there Dr. Manjunath has said that no one is going to  
 do the operation with this letter because they were not  
 getting funds from the government. we tried whether  
 we can get funds from charitable trusts but there is  
 no hope AS a last hope we went to Shiva road Satya Sai  
 Baba's temple. There they ~~we~~ have given the  
 Dr. Baskar Rao's number accordingly we are responding.

we are not in a position to afford  
 that much money from operation because we are the  
 small job holders. Please do help for us.

Estimated Pool.
