FOUNDATION

an assurance for no fear...

2015

Dear abhayans,

Signature
page

I was born and brought up in a magnificent joint family of 45 members who lived together at a rural village 'Yazali' in Guntur district, Andhra Pradesh. My grandparents used to teach me morals through stories. I would like to present the extract of a few of those morals here. "Other than health & wealth we should earn love from people around us, only then our human existence, which is the best birth in the Universe, will have meaning. When we are happy, we need to share the happiness with at least 4 people. If we do this, then at least a few among them will lend back their hand of support to us during difficult times. Whatever we have today is due to the collective hard work of the society and hence giving back cannot be considered as serving, but as our mere moral responsibility."

Mahatma Gandhi once said "The best way to find yourself is to lose yourself in the service of others." With my strong belief in these words, I wish to join my hands with the Mission. Inspired by Mahatma's Grama swaraj, several non-residents of my village, who settled elsewhere in the country, came together and started a similar forum to serve the village. We are all working to transform our village. I am currently serving as the liaison officer of 'Yazali Najanmabhoomi' village development society established in the year 2011. Your kind support is most welcome in being part of the history, which I believe is certain to happen as we are working towards establishing a scalable model for inclusive village growth in the country.

A few fortunate situations will introduce us to the unknown worlds, and will help us to transform ourselves. My progressive journey with abhaya has surely been one among them. I must thank 2014, for connecting me to the world of abhaya. Initiating 'Mission Anjaneyulu', the health care project, introduced me to abhaya. Anjaneyulu, a young engineering student studying in AP IIIT, Nuziveedu, came to Hyderabad with his final hope on life. With support from Abhaya he emerged successful in his fight for life and he is now aspiring to become a Civil Servant to serve our country. One striking observation I have made during this experience is that, after having worked closely with several NGOs, I found that the only NGO extending support to the needy, without any limitations or restrictions, is abhaya FOUNDATION. For abhaya, 'the need is the reason to lend the hand!' I have seen the Mission of abhaya grow day by day nurtured by the support of thousands of abhayans across the globe.

I would like to acknowledge the most inspiring personality who connected to me. He is none other than Founder of abhaya, Considering his motivational words and attire I am not sure to draw a genetic relation with Swamy Vivekananda. He has totally dedicated his life for the most deprived. His life itself is a message and I wish that such personalities were on a greater and higher platform to transform the nation.

Yet another year of success and happiness has passed. With every New Year, there comes a bunch of great challenges & obstacles. I wish that all of us will have the courage, hope and faith to overcome the challenges. I pray to God to give a lot of strength, energy to all abhayans in this New-year to serve the country better. Let's put our efforts together in making a difference in ourselves in the process of serving our countrymen. May we have a great year and a wonderful time ahead! Let us pray: Samastha Loka Sukhinobhavanthu.

I would also like to wish all the BEST for "Inspire Chennai4CSR".

CSR Update

CSR by tobacco companies: Brand promotion or social welfare?

Caught in a tricky situation, the government has set up an inter-ministerial panel to look into CSR programs of tobacco firms to ensure that such activities do not look like promoting use of such products.

While the new companies law requires compulsorily spending on CSR activities, there have been apprehensions in certain quarters about this provision with regard to entities engaged in tobacco business, including those manufacturing cigarettes and gutkha among others.

This mainly pertains to concerns that CSR works of such entities could result in promotion of tobacco products. Government has set up the committee after the Madras High Court recently asked it to look at how best CSR scheme of the tobacco trade can be met and the model that has to be framed in this respect. Meanwhile, the government has been making efforts to discourage people from using tobacco products as they have harmful effects on health

Tobacco companies have incidentally been among the largest spenders on promotional activities, although they cannot directly promote any tobacco product on most platforms and therefore have to depend on indirect advertising.

CSR shouldn't be used as a tool to sell more to people: Venkatesh Kini, President, Coca-Cola India.

Project Unnati is a collaborative effort of Coca-Cola with Jain Irrigation to build a sustainable supply chain for Coke's mango beverage, Maaza. The program offers financial support and imparts training on Ultra High Density Plantation, a modern farming technique.

The 'Thums Up-Being Human VEER' campaign shares its core philosophy with Coke's Thums Up which has a tagline: Toofan sabke andar hota hai, sirf dhakkan hatane ki der hai (Everyone has potential, we just need to unleash it). "Through this campaign, we want to give the differently-abled people across India a voice and an opportunity to fulfill their own ambition to the best of their ability," says Venkatesh Kini, President, Coca-Cola India.

Many of the causes Coca-Cola picks up in India as part of its corporate social responsibility have a backward linkage to a slew of its brands. "CSR should not be used as a tool to sell more to people," says Kini, who believes that because a brand stands for certain values it has a philosophy about its role in the lives of people. The activities of the brand strengthen the perception in consumer's mind. "That is a more sustainable, long-term way of integrating CSR into a brand."

Infosys plans to spend Rs 50-60 cr on midday meals, education

Infosys' commitment to giving back can be gauged by the fact that the company became one of the first in the country to abide by

the new stricture of spending 2% of their average net profit on Corporate Social Responsibility (CSR) activities. On July 11 this year, Infosys BSE 0.84 % donated Rs 240 crore this fiscal to its philanthropic arm, Infosys Foundation. Set up in 1996, the non-profit trust works across sectors, including healthcare, education, culture, destitute care and rural development.

"Of course, my thinking was influenced from the years I worked at the Tata Group. They are my heroes," says Sudha Murthy, chairperson of Infosys Foundation, and wife of Infosys co-founder N R Narayana Murthy. "Years back, my 16-year old daughter Akshata, who was a scribe for a blind student, asked me if I could sponsor the student who wanted to study at St Stephens in Delhi. I asked her that since she is so interested why she herself doesn't sponsor him. She then told me something which made think. She said: Amma, what good is our life if we cannot really help others"

This chat with her daughter led Sudha to discuss the idea of setting up a philanthropic arm with her husband. By then, Narayana Murthy who was already considering setting up a foundation, asked his wife to head it. In the last 17 years, Infosys has donated Rs 20-25 cr every year to the foundation. In these years, Infosys Foundation has spent 20-25% of this amount on mid-day meal programmes for students in government schools, another 20% each in helping build schools and in healthcare, and the remaining on promoting fine arts and culture.

The foundation works across 30 districts in Karnataka where in addition to helping provide schools with computers it has also helped build 60,000 school libraries. It also works in some districts in Odisha, Andhra Pradesh, Tamil Nadu and Maharashtra. Recently, the Foundation expanded its presence to North India, by starting with Rajasthan where it provides mid-day meals and clean drinking water.

Team served@Shivamogga:

When I heard about initiating Hunt the Winter at Shivamogga, I was worried whether I can take up such work or not as most of friends staying out of Shivamogga and was thinking how to proceed.

With this confusion only I had a word with my Dad and got immediate positive response and he advised me to proceed further. He spoke to some of his friends and prepared them to join for distribution. All of them prized and told me that abhaya/FKCCI/ICSI doing a great work by identifying needy people on road and helping them. It Is a very good project.

My self, Dad Mr. Shivashankar, Mr. Shabrisha, Mr. Ravi and Mr. Shashibhusan teamed up for the Mission. We planned to distribute on 6th December 2014 and started around 10:30 p.m, first half an hour we didn't even find single person where we can provide the blanket, I was worried whether we can find at least one needy person or not. Later we moved to the Kote Anjaneya temple where usually most of the needy people will take shelter in the night at Shivamogga but we found some family was distributing the blankets over there. So we left from there and moved to another place.

Then we moved to Gandhi Bazar where we found around 5 people and a person was covered himself with patched and turnout blanket and he said that I have this to cover myself you give this to other who didn't have this also. By listening to his words we were in tears, then we moved to double road and find some people over there. In total we distributed around 15 blankets till 1:30 a.m. We were still left out with the blankets and by taking call and discussing with Thirpual Sir, my parents along with my uncle family distributed the rest of blankets to children at Anatha Ashram. Thanks to Abhaya give the opportunity and thanks to one and all who allowed us to serve them. - **CS VS Ambika, Company Secretary, Bengaluru**

Total 500 blankets are distributed till date. Arranging to distribution another 500 blanket during this week end (1st week of Jan 15)

Hunt the Winter - Feedback:

We have distributed around 20 blankets to the needy people, who were sleeping on the floor covering with old torn out cloths. We got few pictures and attached herewith for your reference. Satisfaction got after distribution of the blankets was amazing and one of the un-forgettable event for us. We could see real happiness of the people when we have covered them with blankets.

During the distribution, some of the women resisted in accepting the blankets from us. Later we came to know from the local auto drivers that some people mis-use and try to do some unwanted activities. Hence, to avoid such unethical behavior, normally women may resist in accepting the same. Thanks to abhaya Foundation for providing such an opportunity to serve the needy people. All the Best for your future endeavors. - **K Chandrasekhar, Bangalore**

What happened there after - a brief report by CSC-CR Head:

Today's most pressing social and environmental challenges, including climate change, energy conservation and income inequality, significantly affect our business and the communities where we live and work. While these issues are complex, and while we recognize that CSC is just one company, we remain committed to making a difference in the best ways we can. Through our work in climate science, data center efficiency and other areas.

As we focus on driving even greater progress today, our commitment to corporate responsibility (CR) and sustainability consistently guides us. Out of few ideas to help this society, one was "Hunt the Winter". We all have seen people shivering on the road side, read news of deaths due to sever cold. To help those who cannot provide themselves, atleast, a blanket to survive the winter.

abhaya foundation, with which we have started this event last year, again came forward with a bigger and better picture. We started the event with the campaign. Broadcast went to all the employees of CSC India working in five locations across India. The cause reached about 17000 thousand employees work in CSC INDIA, out of whom more than 400 people responded to the mail monetarily and voluntarily. We then divided the volunteers into groups according to their location. overall 500 CSCains involved in this cause. When it came to distributions, we could find more than 75 able hands to support us with the distribution. And people are pouring in for this when they look at the smiles, satisfaction and stories they tell after distribution. Although it was a difficult task to identify the people who needed the blankets at first, but with these many people supporting us it became just another task. Our sincere thanks to each and every individual who is supporting for this cause, starting from the Initiation till the distribution drive of HUNT THE WINTER. As a team we made such a huge difference. Thank you so much to walk along CR team and for your voluble contributions to goodness. - **NarasimhaIkkurthi, CR Head, CSC, Hyderabad**

I felt happy to be a part of this wonderful event and I would appreciate the effort that CR Team is doing to help the needy people in and around the city. I feel great to be a part of this wonderful event HUNT THE WINTER. Helping the one who is in need and seeing a smile on their face is one thing which can't be described in words. Hoping for more events to happen in future and I will be always happy to be a part of such events. - **Gaddam Bindu Madhavi**

This opportunity to serve the needy made me realize the pain of the poor. I have noticed that blanket receivers were really waiting for people who can help, show some care towards them. - **Sandeep Reddy Kareti**

It's been a great opportunity to go out there and help the needed. I felt extremely satisfied while

doing it. People, whom we distributed the blankets seemed very happy and blessed us. I had been willing to indulge myself in a social cause and finally got a chance with this team. I would always be ready to help and contribute in future endeavors too. - **SumitAnand**

I'm happy to serve the needy in this cold weather and I'm so thankful for CR Guys for giving me such a great opportunity. Thank you. - **Vishnu Vardhan Reddy**

I'm glad to be a part of this "Hunt-The-Winter" program and I'm very thankful to CR Team for this wonderful opportunity. As a Team we got a chance to really explore all known & unknown area's to find the needy. We didn't just handed-over the blanket when we saw people sleeping on the road-side. We took time to talk

to them and find reality and once we realize that they are in need, then we handed over the blanket. We too felt happy when we saw their happiness in their faces after receiving the blanket :) -- **Ravikishore Seelam**

It was great experience for me to search the people and distribute blankets to them. Wish to work more and be the part of this kind of services to the society. It's a great work that had been done by the CR TEAM which counts forever. - **Afsha.**

That was wonder, and I want to work more and more. Actually we were unable to found many people as they are rotating from one place to other. It's a great work done by the entire CR TEAM. - **Gautham.**

felt so much happy from bottom of the heart while donating the blankets to such people and saw the same in their eyes. Be the change that you wish to see in the world. I got a chance to do the same with the CR TEAM. - **Prasad**

It's a wonderful experience for me to donate blankets for the needy people. I have distributed 5 blankets near Hafeezpet. Hope this movement will bring massive change. - **Naveen**

It felt very happy to be part of this team. The best service is that which continuously benefits people. It's a great appreciation for the entire CR TEAM. - **Nithin**

I was glad to be a part of an event where we made some impact. Although, there were many people to whom we could not cater properly. I wish we will do this event in even more bigger and better way than what we have done.- **Laxmi Reddy**

I Really felt very Happy while distributing this blankets who badly needs in this winter. Its Little difficult to find the people who need it. I didn't remember the exact place, saw one old lady who was shivering like anything and trying badly to sleep.. We reached her and gave a blanket...She woke up and gave a smile... There is no words to express that feeling. I wish to work lot more like this. Thanks a lot to CR Team for giving this opportunity. - **Deepika, CSC,**

Its a Blessing to be part of this great cause...Helping and caring someone in the scorching winter, where the needy may not even expect anyone to turn up!!!!...its just amazing to accomplish this task. Happy to part of CR team , I felt this is the beginning to Kick start and join many future endeavors...Thank you so much for this opportunity. - **Divya Khota, CSC, Hyderabad**

Honestly, In some cases when I saw people bending down to touch feet, I couldn't help myself from thinking if it is sufficient for this man. We should do more than just hunt the winter. We

should hunt the incapability. We have to reach beyond what we are looking at right now. However, this event gave me satisfaction of at least doing the bit what we can do right now, for them to survive. - **Shiv Kumar Chintapalli**

It was an amazing experience and I loved it. I hope every person who received blanket got rid of the basic need in the darkest hours. I saw smiles on their faces and thankfulness in their eyes. My heartfelt thanks to **EPSILON** team for supporting this event and made it successful.- **Srujana & Sandhya**

It was really a pleasant feeling and was overwhelmed toward helping the needy in right time. Thanks for this wonderful opportunity given by CSC team - **Srinivas Gudla**

It was good experience moving out of the routine schedule on roads at night to do something good. We hunted the winter for the needy people who were shivering and trying to sleep on footpaths, the first two whom we woke up were completely shocked and thrilled and almost fell on our foot and thanked us. The only thing that stroke our mind was that we were fortunate enough to serve needy people in this way. We were treated almost like god sent angels.- **Shwetha&Vasanth**

God has sent someone like an Angel to help me in this winter, I feel blessed and can live with warmth in this winter. God Bless You. - **Srinivas Prasad**

Story of our "GOD's Gifted Grandpa"

His name is Thota Raghavulu. We found this Grandpa near St. Ann's College Lane in Mehdiapatnam on 20th December 2014 he was sleeping on the street without food, found weak, and was ill and infected with wounds. He was cheated and thrown out of his house by his own children, He worked as a Coolie in Khammam. He was Homeless, hopeless and found with infected wounds..hell of maggots were crawling from his leg. We wanted to give the permanent solution to him so we contacted Abhaya Foundation and explained about his situation to them. They positively responded and agreed to join this grandpa at abhaya Home of Happiness, Ibrahimpatnam. They suggested us to take him to Rajya Lakshmi hospital which is in Vanasthalipuram and get his wounds treated.

We took him to hospital, cleaned the wounds, done cutting and shaving, brushed his teeth, No one were ready to touch him as he was infected and also due to unbearable smell. We finally took the charge to give him a bath. We cleaned his infected wounds. We also dared and cleaned his potty which was dried and smelling like hell, groomed him with new cloths, fed him with love and care. This is our 5th day with this grandpa. We have done everything possible to us and were able to save his life and leg. Doctors has removed the Infection, Fuzz and maggots from his leg. Few other treatments are going on. Doctor told us to keep him for 15 days for his complete recovery before he finally shifted to abhaya Home of Happiness.

From bottom of our heart, We thank Abhaya Foundation and Dr.Surlapani, MD, Rajyalakshmi Hospital for their kind gesture, cooperation and positive thinking to give a permanent solution to this grandpa. - **Goutham Kumar, Founder, Serve Needy, Hyderabad**

"I am of the opinion that my life belongs to the whole community and as long as I live, it is my privilege to do for it whatever I can. I want to be thoroughly used up when I die, for the harder I work the more I live" - George Bernard Shaw

The government has with effect from 1st April 2014 imposed compulsory corporate social responsibility obligations ("CSR") upon Indian companies and foreign companies operating in India under the Companies Act 2013. These obligations mainly come in the form of mandatory amounts of a minimum of 2% of their profits the eligible companies must contribute to remediating social problems.

This is a wholly new requirement, although companies were permitted, within certain limits, to make charitable contributions in the past, the New Act is essentially a self-administered tax. This will cover approximately 10,000 Companies and bring in about Rs. 30,000 Crores for the benefit of community through CSR in India.

abhaya Foundation, one of the pioneers in spreading the cause of community work in the country, feels immensely glad to be a part of the CSR Movement in India and contribute in bringing in awareness among the corporate of its roles and responsibilities under the new regime. abhaya Foundation takes pleasure to host a full day seminar on "CSR - from initiation to implementation, at Chennai on Saturday, the 24th January 2015. **The surplus proceeds go for community work at Tamilnadu State.**

Mission Krishna Sharma

I am suffering due to winter. I am using both oxygen and BiPAP machines. I am in need of both the machines, as they are the only support for my breathing in times of suffering. Both the machines have become my life-saving machines, without them I could not have survived till now, and still I am depending completely on these machines, even my wife could not stand by me and took divorce, and got re-married. I was not in a position to talk to anyone, and wanted privacy for few more days. I am still not in a position to move comfortably here and there. My mother has grown aged and she is the only support for me now. Please try to understand my situation and forgive me for all my inabilities,

but one thing is for sure I am always indebted to your foundation. I am very grateful to your foundation and the people behind the funding of these machines, I need these machines very much, cannot explain other than that, these machines are my lungs, since 3 years. - **Krishna Sharma, Hyderabad**

Mission Teena

Teena is now undergoing major Chemotherapy stage 4 . There will be 4 stages of Chemo each for 10-14 days . This is the last chemo she will be undergoing. She successfully completed 3stages of it in the past 5 months of her treatment .After this she has to stay in hospital for another 2-3months .In these 3-4 months , the cost of her treatment will be more than before . Happy to say that the second biopsy test was also negative . Reports say that there are no cancer cells right now in her body . But then she has to undergo complete treatment for another 3months . Another happy thing her father shared me recently is that , about our poster which we asked them to take color prints ,have helped them a lot. He told that he has shown this color print when he went to Chennai and a group of people transferred 50K to Basavatarakam hospital on name of Teena .He thanked us specially for the poster which we shared to him in past .This thing happened before 1 or 2months back. My mobile went to repair and I will share the photographs once I get my mobile back . It would be great , if we can provide them a cheque of 20K of the 40K which our ABHAYA is having in the account on "Teena" name. - **A Raghav, ADP,**

Mission Vinod

I am Vinod Kumar from Somandepalli, Anantapur Dist. Now i am walking with elbow cruches at home. Daily morning/evening about 2 hrs, I will be walking with artificial limbs provided by Bionic and cover about 100 meters walking on outside there by gaining much needed strength to walk more distance on myself. I had been to my College in the first week and wrote final exams and back to home on 20th. I wrote exams very well. As advised by Dr Suersh on 26th I visited Bionic Hyderabad. There was an issue in my legs. Doctors rectified the issue, but I am not able to walk comfortably for long distance.

Though, Bionic & abhaya spent close to Rs. 7,00,000/- for the artificial limbs... still I am facing difficulty. If someone give me a 3 wheeler for my commutation, it would be very greatly supporting me my daily routine.

I am very happy to visit abhaya home again, there was something special in that home, though i stayed there for very little time, I got new energy in that home. Very thankful to abhaya for such a great opportunity given to me. I have learned most important and valuable things from CS Balachandra Sir.

Mission Umacchandar

We are fine and thank you for giving an opportunity to meet the Founder and we have a fantastic dinner with him at Sangeeta Restaurant while discussing about seminar at Chennai. Hope the things happen fruitfully. Aakanksha, too has done her examinations very well, and preparing for her 10th final exams. We all pray for well and prosperity of you and abhaya foundation. Pray god to give you longevity and good health to do more and more to the deserved people.

“HEART” Educare Update

I am doing pretty good here and hope all the abhayans are having a blissful life. During last month, I have been posted to gynecology & obstetric. Here we are knowing how to deal, anti natal cases by studying per vaginal examination etc., and also coming across different kinds of instruments in this field. I wrote an article on Hepatitis B. Since gaining knowledge is my primary motto I decided to join in a research program conducted by ICMR (Indian council of medical research) in name of STS (short term student ship). On the occasion of WORLD AIDS day

(1st December) we carried a rally to create awareness about AIDS and its ways of transmission. On the same day a meeting has been conducted with people affected by AIDS to boost their spirit to fight against all odds of society and their depriving personal stability. A painting competition was conducted on the topic COMMUNAL HARMONY in which I took a part. I have enclosed a photo regarding it at last.

Participated in SWATCH BHARATH program and all of us involved in cleaning our Medical Headquarters joyfully. In between these days we people joined rally supporting the allegations of house surgeons regarding the GEO 107 with issue of temporary rural service and salary increments. Participated in CSR seminar conducted at Bangalore. I enjoyed the whole and sole essence of it and was overwhelmed by the dedication and dignity of Auto Raja uncle and I was so moved by his service. He illustrated that “ learn to see in every living being an embodiment of all energy, all beauty all beneficence, namely God” .that provoked my young mind to move towards social service with tripled enthusiasm than before. - **K. Sailatha, II MBBS, Govt Medical College, Anantapur.**

I am **Venugopal Reddy**, studying 2ndB.Tech. Sir first of all, I am very sorry sir for late reply and not informed to abhaya what I am doing in this month. Actually I was suffering from jaundice and fever from 25thOctober. I could write only three exams

in my semester and I could not attend the remaining three exams, asin those days I was admitted in hospital nearby my village. After that I went to my home for some ayurvedic treatment and to take some rest. My mobile also not working and I missed all your numbers saved in phone. That’s why I could not inform you sir. I am coming to Hyderabad on 2nd December on that day if you give15min time I will meet and show the documents clearly explain what happened to me. Actually this was my big mistake not to inform abhaya. Please forgive me sir. As of now I am staying in my Friend’s room, but I need some accommodation, so that I can save some money. Please guide me to set a room nearby my college.

I am going to college regularly. I did the assignments ICT -1 and 2 and school management. I have participated in guest lecturer of CCE method and attended seminar on philosophy. I

will start a case study project and also I am in top 10 in my class. My only problem is that principal sir sent a notice asking for total fee as there is no clarity on Government funding the education for reserved categories. -

MD. Arifuddin, Kalwakurthi, Mahaboob Nagar

I am **S. Leelavathi** and doing fine. Hope all abhayans are fine. I have completed 2nd semester syllabus and practical classes also done. I wrote internals from 1st to 4th December and performed well. My 3rd semester results were announced and I got 77 percentage but class top percentage was 80. Now I have preparation holidays from 6th Dec to 20th Dec. I will have 3rd semester examination on end of this month that is why we are not going to home. I have GATE exam on 31st Jan I am preparing for that and preparing notes in central Library. I have downloaded most of the previous papers from internet and practicing daily. I am also writing online mock exams. In campus coaching was conducted of Reasoning, Aptitude and General Knowledge and English. It is useful for GATE that's why am going to that coaching and applied for IB (intelligence bureau) S.V. University conducted Impact program on personality development and soft skills by Hyderabad, Gampa Nageswararao and group. It is excellent and successfully completed. I am participating in seminars in my college and share knowledge with my friends whenever we are free. Thanking you for giving such an opportunity.

సంస్థ సుకీంచి...

పెనుగొండ వస్తువం చారిత్రాత్మకంగా ప్రసిద్ధంగా ఉంది. విజయనగర సామ్రాజ్యానికి రెండవ రాజధానిగా, వేసవి విడిదిగా, కీర్తి నాల్గొంది. విజయనగర రాజులలో సుప్రసిద్ధుడైన శ్రీకృష్ణదేవరాయల సాహితీ సౌరభాలను ఆస్వాదించిన మన గ్రామ పూర్వ వైభవాన్ని పునరుజ్జీవించాలనే పుజ్జ సంకల్పంతో 2000 సంవత్సరంలో సాహితీగగన్ మహల్ సంస్థ ఏర్పాటు చేయడం జరిగింది.

ప్రతి మూడు సంవత్సరాలకు ఒక వర్షాయం మన జిల్లాలో జరిగింది, రాష్ట్ర జాతీయ, అంతర్జాతీయ స్థాయిలో కమతమ రంగాల్లో విశిష్ట సేవలు అందిస్తూ ఖ్యాతిని అర్జించి, ఉన్నత శిఖరాలను అధిరోహించిన వ్యక్తులను గుర్తించి "అనంత ఆణిముత్యం" పురస్కారంతో గౌరవించడము ఆనవాలుగా జరుగుతుండటం సువిదితమే.

2000 సంవత్సరం నుండి ప్రతి మూడేళ్ళకు ఒకసారి అనంత ఆణిముత్యాల పురస్కార ప్రధానోత్సవాలను అంగరంగ వైభవోపేతంగా జరుపడం జరిగింది. ఇప్పుడు 6వ అనంత ఆణిముత్యాల పురస్కార ప్రధానోత్సవము 2015 జనవరి 31వ తేదీ సాయంత్రం 5 గంటల నుండి పెనుగొండలోని ప్రభుత్వ జూనియర్ కళాశాల వైదానంలో నిర్వహించబడును.

అనంత బాసులై, అనంత ఘన కీర్తిని కమదైన శైలిలో దిగ్భీ గంజాలకు వ్యాపింపచేసిన "అనంత ఆణిముత్యాలు" అంటే మాకెంతో గర్వము, వారిపై మాకెంతో ప్రేమ, అలాంటి ఆణిముత్యాలు, ప్రేమ మూర్తులైన వారిని అనంత ఆణిముత్యాల పురస్కారంతో సత్కరించడం అనంద దాయకమైన అపూర్వ సంఘటన. గతంలో జరిగిన ఈ కార్యక్రమాలకు జనం తరచిపరచాలిగా తరలివచ్చి అనంత ఆణిముత్యాలంటే అనంత ముద్దుబద్ధలను కనులార దూచుకొని మనసారా ప్రశంసించి కార్యక్రమాన్ని విజయవంతం చేశారు. 2015 జనవరి 31వ జరిగే కార్యక్రమానికి జనం కదలివచ్చి జయప్రదం చేయవలసివచ్చిగా కోరుచున్నాము.

ఇదో అపూర్వ సన్నివేశం. అనంతపురం జిల్లా ప్రజల తరఫున ముద్దుబద్ధలను అందరికీ పరిచయం చేస్తూ వారిని సగర్వంగా సత్కరించుకొంటున్న బృహత్తర కార్యక్రమమిది. భవిష్యత్తులో పెనుగొండ సాహితీగగన్ మహల్ ట్రస్టు సాహిత్య పాఠశాలను, కళా, విద్యా వైభావిత, ఆరోగ్య వ్యవసాయ, ఇత్యాది రంగాలలో విశిష్ట కృషి చేస్తూ సామాజిక ప్రగతికి తోడ్పాటుగా ఉన్నవారిని కళ్ళకద్దుకుంటూ ద్విగుణీకృత ఉత్సాహముతో ముందుకొస్తుందని హామీ ఇవ్వవచ్చును.

సహృదయుల సహకారానికి కృతజ్ఞతలు తెలియజేస్తున్నాము.
రండి కవలిరండి, ఈ కార్యక్రమాన్ని జయప్రదం చేయుండి.

Anil will be leaving USA

J Anilkumar Gupta finished his B.Tech (ECE) belongs to a lower middle class family based at Hyderabad and working as Bio Medical Engineer in Kamineni Hospitals. He is struggling to lead the family with meager income and trying hard to go to abroad to become financial stable. Dr Suresh, from USA willing to provide a better

opportunity to Anil and his wife. Sri G Madhu Mohan, Member of abhaya Home referred him to abhaya with a request to help him in settling in life. On enquiry, it was found that he is in need of Rs.1.50lakhs for processing and travel expenses. They could pool maximum amounts and requested abhaya to provide best possible support, they said the same can be repaid at the soonest possible opportunity. abhaya sanctioned Rs.25,000 - **abhaya Team**

SMS Engine for abhaya

I have built an SMS Engine, with which we can register for our brand name. This interface would be easy to send SMS to all the well-wishers and even one can create groups to send SMS. I feel, it would be an efficient way of communication for NGOs like abhaya foundation. - **Praveen Battula, Software Engineer, Hyd**

it is always **inspiring!**

Sorry for delay and not transferred amount from the past 6 months. I noticed that instruction created for abhaya transactions in my bank account is deleted mistakenly. One

my donation from 500/- to 1000. I transferred 4500/- from Jun 14 - Jan 15. - **Sreekumar, Bengaluru**

Gone through the News Update of Nov'14, and forwarded the same in my circles. The Signature message by CA IS Prasad garu is very touching and encouraging. There is exhaustive coverage of our CSR at Bengaluru and the turn of subsequent events is also inspiring-specially from the GVK Chief. I liked the phrase "Citizen" in place of "Corporate" and we need to focus on this. It is good that similar CSR Seminars are planned across the country, but what an amount of effort is needed for this as we need dedicated people to carry forward this huge task. Focusing on volunteers induction should be our priority, I feel. - **EJP Prasad, abhaya RPL Coordinator.**
