### **5 things you have to know about Badminton Star P.V. Sindhu**

As Pusarla Venkata Sindhu storms her way into badminton finals and bagged Silver Medal in Rio Olympics, here are some unknown aspects about the player's journey that'll inspire you to the core.

1. Sindhu was born on July 5, 1995 in Hyderabad and her parents—□P.V. Ramanna and P. Vijaya were both former professional volleyball players. However, she was more interested in badminton and was a huge fan of Pullela Gopichand, who won the 2001 All England Open Badminton Championship.

2. Sindhu started playing badminton at the age of eight. She learnt the basics of the sport from Mehboob Ali and used to practice at the badminton courts of Indian Railway Institute of Signal Engineering and Telecommunications in Secunderabad. The young shuttler used to travel 56 kms from her residence

to practice everyday and always had the dream to become an ace badminton player. That's dedication!

3. After she started training in Gopichand's badminton academy, there was no looking back. She won the 5th Servo All India ranking championship in doubles for under 10 years category, singles title at the Ambuja Cement All India ranking and under-14 team gold medal at the 51st National School Games in India, apart from several other national level tournaments. Impressed by her skills, Gopichand once said, "the most striking feature in Sindhu's game is her attitude and the never-say-die spirit."□

4. The 21 year old player made India proud at international level when she won Asia Youth Under 19 Championship, beating Japanese player Nozomi Okuhara (the same one she defeated yesterday to enter Olympic's finals), and also stunned the world when she beat London 2012 Olympics gold medallist Li Xuerui of China in Li Ning China Masters Super Series tournament. In January this year, Sindhu again made the country proud by winning Malaysia Masters Grand Prix Gold women's single title.

5. The badminton champion currently ranks 10th in the world and was also awarded Padma Shri in 2015 and Arjuna Award in 2013.

## 5 things you have to know about Wrestling Star Sakshi Malik

Sakshi Malik ended India's medal drought in the Rio Olympics 2016 by winning a bronze medal in the women's freestyle 58 kg category. Malik made a comeback from 0-5 down to 8-5, to defeat reigning Asia champion Aisuluu Tynybekova of Kyrgyzstan in the women's freestyle 58 kg category.

Malik has become the first Indian woman wrestler to win a medal at the Olympics. With this win, she also became the fourth Indian wrestler to win a medal in the Olympics after Khashaba Dadasaheb Jadhav, two-time Olympic medallist Sushil Kumar and Yogeshwar Dutt.

Here are five must-know facts about Sakshi Malik:

1. She is one of the 35 athletes from the Indian Railways to represent the nation at the biggest sporting event of the world - Rio Olympics 2016. Indian Railways awarded Sakshi Malik with Rs 50 lakh for the win, as its employee.
2. In her early years and for most of her career, Sakshi Malik had lived in Geeta Phogat's shadow. In December 2015, Sakshi overcame Geeta in the Pro Wrestling League and last month at the national trails, she dominated Geeta 8-1 to be part of the Asian Olympic qualifier team for Astana.
3. The 23-year-old from Mokhra village, Haryana, began her training in wrestling as a 12-year-old under the guidance of Ishwar Dahiya. Dahiya faced protests from the locals, when he took Sakshi under his wing to train her. In her early years, she had to wrestle boys in the akhara, as she belongs to region where girls don't wrestle.
4. Sakshi began her international career by winning a silver in the 2014 Commonwealth Games in Glasgow. She got her berth qualified by defeating Chinese Lan Zhang in the semifinal, at Istanbul, in the qualifiers.
5. She won a bronze medal in the Commonwealth Wrestling Championship in Johannesburg in 2013 and Asian Championships 2015 in Doha.

## 5 things you have to know about Gymnastics Star Dipa Karmakar

Indian women are going places and how! Looks like there is nothing an Indian woman can't do. That's what Dipa Karmakar proved it when she became the first Indian woman gymnast to qualify for the Olympics.

The 22-year-old scored an outstanding score of 52.698 points in the Olympics qualifying test event held at Rio De Janeiro. Not only is she the first Indian woman to ever qualify for the Olympics, she is also the first Indian gymnast to qualify for the event after a gap of 52 long years. 11 Indian male gymnasts have taken part in the Olympics so far—two in 1952, three in 1956 and six in 1964.

Here are five things you didn't know about Dipa Karmakar:

- 1 She hails from Tripura
- 2 Dipa practiced gymnastics despite having flat feet
- 3 Dipa was also the first woman gymnast to win a bronze medal at the Commonwealth Games
- 4 Dipa chose to go to a Bangla school to pursue gymnastics
- 5 Once she did not cut her birthday cake until her gymnastic practice was over

## The best things about Pullela Gopichand

Indian hopes at Rio were kept alive by shuttler PV Sindhu who surprised the world and especially the Chinese when she held her nerves to win 22-20, 21-19 in the quarterfinal match against world number two Wang Yihan of China. The wide array of strokes in Sindhu's repertoire appeared to better India's best-known badminton player, Saina Nehwal, who she emulated by

becoming the second Indian to reach the semi-final of Olympic Games.

Saina, who lost in the quarterfinals of this edition, had won the bronze medal in 2012 London games. As India goes gaga over Sindhu's achievement, there is one man who is quietly savouring the moment- coach Pullela Gopichand.

Perhaps if there is anyone in the country right now who can be referred to as guru Dronacharya, the legendary teacher of the Kauravas and Pandavas, in today's times, it is Gopichand. All of India's top badminton players, right from Saina Nehwal, PV Sindhu, P Kashyap and Kidambi Srikanth have honed their skills under the former champion. Saina and Gopichand parted ways before the 2014 Asian Games.

Sindhu is the only Indian to win back-to-back medals at the world badminton championships (2013-2014), while Srikanth is the first male shuttler to win the 2015 Swiss Grand Prix and has even beaten two-time Olympic champion, Lin Dan, at the China Open Super Series Premier in 2014. He now faces the Chinese champion this evening in the quarterfinals. Kashyap had become the first male player to reach the Olympic quarter finals in 2012.

During his career as a player, Gopichand's career was almost cut short when he suffered a serious knee injury during a doubles match in 1994. But he surprised all his critics by recovering and went on to win the prestigious All England Badminton Championships in 2001. The then 27-year-old had undergone three operations in four years on his left knee. In the process, he beat 2000 Sydney Olympics gold medallist Ji Xinpeng and reigning world champion, Peter Gade, in straight sets to bring home the trophy after 21 years.

## We pray for Saina Nehwal

India ace Saina Nehwal was admitted to a hospital in Hyderabad to undergo treatment for her knee injury which affected her progress in the badminton event of the Rio Olympic 2016. The 26-year-old had lost her second group match against Ukraine's Maria Ulitina to crash out of the ongoing mega-event.

"Saina has been hospitalised and has underwent treatment for her injury, which got worse during her match against Maria at Rio Olympics," Saina's father Harvir Singh told PTI.

Saina had cited an inflammation in her right knee, which hampered her on-court movement, as the reason for her shocking group league exit.

Feeling concerned about this wonderful young Indian sports girl SainaNehwal... Prayers for her wellbeing. She brought name and fame for this holy land at a very young age with multi talents... especially sports. Let's join hands...heads... hearts to pray for her speedy recovery. After all she is our blood... our girl...lets stand by her with love when she is in crisis. Saina...soon you will be all right.

## CSR Update

### To transform 10,000 villages: Maharashtra plans CSR drive with business heads

Maharashtra plans to involve top industrialists, philanthropists and executives such as Ratan Tata, chairman emeritus of Tata Sons, Reliance Industries' Mukesh Ambani, Mahindra & Mahindra's Anand Mahindra and HDFC's Deepak Parekh for a mammoth corporate social

responsibility (CSR) project that aims to transform 10,000 villages over three years.

It will create a special fund using the CSR funds of corporates for the initiative and these leaders could be part of its governing board by depositing a tentative sum of Rs. 10 crore each, sources in the government said. About 50 top industrialists, CEOs and philanthropists have been called for a meeting with Maharashtra chief minister Devendra Fadnavis where a presentation would be made to them.

Government officials said the state had floated the proposal to these industrialists a few days back and had got an "enthusiastic response". Even if 40 of them say yes to the initiative and contribute Rs 10 crore each, the government would be able to raise about Rs 400 crore for the fund, the sources said. The state would also match it by putting a similar amount of resources into it. The state will focus on problems like infant mortality, nutrition, education, health and employment generation.

Having industrialists on the governing board would boost the confidence of those willing to be part of the initiative and assure them that their funds are being put to right use, state officials said. "A lot of these companies are doing CSR and they do yield positive results. But this is a scattered altered approach. We are planning a more synchronised move with government participation with deadlines and goals in place," a top government official said.

### WCL sets up RO Plant at Neelgaon under CSR

Western Coalfields Limited (WCL) has set up an RO Plant (Reverse Osmosis Plant) at Neelgaon under Corporate Social Responsibility (CSR). The RO Plant, inaugurated by District Collector Sachin Kurvey, will facilitate availability of pure, clean drinking water to villagers. Water discharged from underground mine is being transferred to Neelgaon through a kilometer long pipeline, where the RO plant has been installed. This purified water is supplied to the villagers. This plant purifies the water at the capacity of 1000 LPH (Liter per hour). The Rs 25 lakh RO plant has capacity to clean the water of 90 percent total dissolved solid. The District Collector said that this is the first RO Plant set up under CSR and is a major initiative on the part of Western Coalfields Limited, Nagpur Area.

## PMC gears up to curb Ganapati immersion pollution

The Pune Municipal Corporation (PMC) has joined hands with the National Chemical Laboratory (NCL) and Cummins in India to encourage residents to take up idol immersion at their

homes, as a means to check pollution of river and other natural water bodies during the Ganesh festival.

NCL scientist Shubhangi Umbarkar said that the PMC is buying ammonium carbonate and distributing it free of cost to residents. "There are two government companies that supply ammonium carbonate and we are holding discussions for getting the necessary supply to PMC," said Umbarkar.

Cummins has been working with the PMC for the last few years on managing the waste generated during Ganesh festival. "We have engaged ourselves as the CSR initiative of the company and involved employees for the purpose. The company had made attempts on its own to find a way out to get the Plaster of Paris idols dissolve in water but the solution was time consuming. The NCL has come up with a more effective solution so we would participate in the initiative by taking up a public awareness campaign to encourage citizens to implement it," said S Ravichandran of Cummins Group.

He said they would continue their work of segregating waste at the collection points during Ganesh festivals so that all waste is segregated effectively to keep the city clean and ensure there is no water pollution. According to the PMC, at least six lakh Ganesh idols are immersed in water bodies every year which have been polluting it. The maximum idols are from household celebrations so the awareness campaign would focus on reaching out to residents with free supply of ammonium carbonate.

**Inmates:** All inmates are healthy this month. No one had any major health issues. Dr. Sulapani, MD, Rajya Lakshmi Hospital visited the home and provided treatment for all minor health problems. Blood Pressure of Lakshmamma is in control. We are taking care of **Kameswara Rao** by testing his sugar level regularly and injecting Insulin whenever needed. **Rama Krishna, Gopal, Balaraju** and Kameswara Rao are passing their time in Godly thoughts and prayers.

**Ravi** is preparing for SSC exams and he is reading all the subjects. **Soumya, Viswanath** and **Padmavathi** are helping him in his studies. We all are very fond of Ravi and surprised to see his enthusiasm to study and clarify the doubts. We pray and hope that he will pass in his SSC with good marks. Padmavathi used to cook earlier, but now she is helping in Gardening.

**Lakshmamma, Yellamma** are taking care of **Swapna**. Day by day they are not able to handle her, as she is gaining weight. She was admitted in Home by Dr. Sulapani. Since then, the inmates are caring her with love. For past one year, she is just the same and there is no improvement. It is becoming tough for the inmates to facilitate her. So we approached Spandana Child line and they took Swapna to Sishu vihar at Ameerpet. Smt Padmavathi, Chairperson of District Child Protection Unit asked us many questions like, why we took up such cases and about the legal processes to be followed for the home of happiness. We told the complete story of Swapna and updated the activities of abhaya foundation and then she asked to take her good care for 2-3 months more, while they find a good home for her.

### Staff:

Sowmya is taking care of phone call, visitors, campus cleaning and helping Ravi in his studies. Viswanath is picking and dropping NAC students. ### Toilet Block

Team completed minor repair works at Home of Happiness. But there are carpentry works pending. They will be completed by the month end. The

construction of new toilet block will also be completed by that time.

abhaya helped 150 women to learn tailoring and more than 150 young men in car driving. Though we are providing unmatched facilities at Home of happiness, people are sometimes reluctant to respond. As part of driving training, the students has to practice for 10 days initially and 5 days later, before going to the driving trails. Though all the students are learning with interest, they are feared while taking the driving tests. When we call them for driving trails, a few are not showing interest, this is a bothering fact for abhaya team.

Founder spoke to all the students on how to overcome this problem. Manneguda RTA Gowri Shankar, Sri Surendar Reddy, Sri Srinivas are part of that event. They shared an incident which happened recently, where a pilot saved more than 160 lives in a technical failure. If he could help from such a height, where nobody can come and help him, we should definitely do something for society. They motivated students to learn hard and be honest. They also assured their best help in abhaya activities.

## abhaya - NAC Training Center

Second batch of Electrical house wiring completed their course and went to Head Quarters for placement selections on 22nd August. They all learned the course with discipline and learned various things about life apart from electrical house wiring. abhaya appreciate the efforts of faculty Venkatesh and Naresh for their efforts in empowering the young minds. Till date 53 students completed their course. Founder wish to have more and more such courses and students to complete these courses successfully. All the inmates felt heavy to send off the second batch, as they are here for two months and adjusted well with all. Now we will welcome the new faces in third batch.

15th August, we celebrated Indian Independence day at abhaya Home by hoisting national tricolour flag in the presence of all the inmates. It's matter of grate feeling for me to hoist the flag. We distributed sweets to all the inmates at home on this ocassion

The heavy rains lashed the city during August caused severe damage to the approach road to abhaya Home at multiple places. Further, the culvert road connecting the home completely washed away due to heavy overflow of water from check dam. We got disconnected from out side world for a day. Gopal Goshala people volunteered to redo all the damaged road. abhaya also provided Rs.12000/- for procuring pipes for using under the road to pave the way for water flowing from checkdam. Now the road is again connected.

## **Bharath (B.Tech)**

I am Bharath, studying B. Tech 2nd Year at CVR College of Engineering, Ibrahimpatnam. My Father Bala Narayana and My Mother Rajeshwari living at Ramanthapur, Hyderabad. Father works in a warehouse as a loader, and Mother works in a small private firm in packaging job. My younger sister is studying in 1st year of intermediate.

I'm writing to you seeking your support to continue my education. The total fee to be paid is Rs. 61,200/-, JNTU fee is Rs. 5,500/-, I get Rs. 35,000/- as aid from Govt., So I am in short of Rs. 31,700/- in total. My parents are not in a situation to fund my education any more. I kindly request you to support me in whatever way possible.

Update: Bharath was referred by CS Sharath and after receiving this application, abhaya met Sharath and Bharath to know the correctness and further details. Bharath is a meritorious student who secured 90+ percentages in SSC and Inter. He got 9.8/10 CGPA in first semester and 10/10 in second semester. After all these findings, abhaya connected him to Ms. Mrudula, abhayan and working in CVR College of Engineering. She approached the college chairman and requested for possible discount for Bharath.

The CVR Management too enquired all the issues and send a team to meet the family personally to find the correctness. They too found that they are poor and have a few hand loans with high interest rates. Though they could not give any discount, Chairman took personal care and supported Bharath for his Tuition fee with support of his daughter Dr. Lakshmi Deep, working in USA. abhaya has paid Rs.25,000/- for this year and committed to support Bharath for his Bus Fee, Rs.20,000/- annum for next two years. This is example for a great team work and proves that if intentions are pure, the God will work on our way. - **K Siva Krishna, Secretary, abhaya Foundation**

## Sailatha (MBBS)

At present I am studying 7th semester and I am posted in surgery department. In the month of July, I identified a notification about SIMSCON (South Indian Medical Students Conference) conference for under graduates at Pondicherry. It drew my attention as it provides a platform where students can showcase their findings in the Research and presentation skills. Enthusiastically approached professors to seek guidance from SPM department as I have much interest in that corner. As per the Professor's guidance I was able to prepare a questionnaire within a short period of time and finished my project work.

Finally, the day has come and all together went to Pondicherry representing our college. It was a three days' program. There was a huge gathering of students from six states. First day was scheduled with workshops. I preferred ECG workshop out of bunch of options. Professors from different institutes took the session. On evening they conducted few games like spell master, Dhamshalads, Medisla etc.. On the Final day, it was the time to present our presentations and to face many delegates & judges. I was the third delegate to present and felt bit nervous in that large hall in front of many. But delivered it nicely. Immediately prepared for e-poster in another hall and presented well. Satisfied the judges with my answers on the rare case study where the incidence rate is 1 in 1, 00,000 and made them to feel the best among all UG's.

I had a profound learning and enjoyable moments at Rock beach, Arabindo Ashramam, vellagini, chindabara swami temple, Sri Manakulavinayaka temple, Marina beach at Chennai etc., with this I come to know about the outer world, the competition levels and standards, the current generation etc., Expenditure was about Rs:5000/- and supported by NGO's.

In this month I participated in Gram Seva at Kalabandalapadu. There was a huge gathering of kids. I took personal hygiene education on behalf of Balavikas wing and I noticed many adolescent girls, so held a separate session and taught personal hygiene during biological cycles. All children were happy with my session.

The other day, I happened to meet cine fight masters Ram & Lakshman at Anantapuram. They felt happy when I made them to recollect about their visit to abhaya Home and when I have shown your photo, they recognised you and said Guruvu garu known to them...felt happy

## Vyshnavi (B. Tech)

In the first week, I fell ill, but I am fine now. Classes and labs are running well. I am able to understand all classes. May be from next month Second week our mid exams will be scheduled. Last week, I have experienced current shock in the laboratory. I had hand pain for two weeks. Our juniors joined on 11th of this month. In our college three of our

seniors have dismissed for ragging the juniors. My parents are fine. Recently my grand father expired and now my grand mother is staying with my parents only. For the last two days my father health is not good, but it is better now. My sister is also busy with her studies. On 23-7-2016 of this month NIT juniors joined the college. On that day Blood donation camp was held in our college. So many students participated in the event and donated blood. On my friend's birthday, we distributed sarees to the people working in our hostel mess. I felt very happy by doing this. In our college Sanskruthi classes are going on from the last one week. These classes are about personality development. I am reading story books and general books to improve my language. I gave a performance about a task in English Communication Skills class. I and my friends gifted a book to our friend on her birthday. I will try to make a call immediately after sending message but some times it is not possible because here will not work all the times properly. I am doing well and working hard.

On the eve Sri Krishna Janmashtami, Founder was invited for Live discussion over Lord Krishna the Management Guru by Bharat Today Channel. Founder shared the session with Vyakaranam Nageswar Rao and Pavani Sharma. It was an enlightening session over Lord Krishna and his Management skills.

Founder has keenly narrated how Krishna's Geeta can play a vital in every human being's Life. He urged everyone not alone to read Geeta but to practice the principles prophesied. Many Management Gurus in the American and European Countries follow Bhagawat Geeta as a great Management Guide. They have excelled in their lives and careers by implementing the Principles of Geeta. It is high time that we Indians also imbibe Geeta into our Lifestyle instead of just reading it like a Holy Scripture.

## Dr.Rajeswar Rao, SathyaHarishchandra Foundation sought the support of abhayans across the globe:

Satya Harishchandra Foundation was founded in 2004 to render services to the society by helping the related families in tracing out all the missing persons either dead or alive. We collect the photographs of unknown dead bodies and unknown patients who are admitted in the Govt. Hospitals through our volunteers and same is posted in our website: [www.unknownbodies.org](http://www.unknownbodies.org) , if these unknown dead bodies turns in to unclaimed dead bodies then we perform the final rituals by providing dignified departure from these materialistic world. (We are authorised to do cremation of unclaimed dead bodies). The information of unknown dead bodies preserved even after the late hours of cremation, where the related families can get the death certificate to claim the statutory benefits.

They have cremated above 12000 dead bodies and traced at about 4500 dead bodies and passed the information of unknown patients to their related families in hundreds.

To trace such unfortunate people we adopted one more measure i.e., in 2012 we started News Paper named NINGI NELA NEWS (Truth at any cost) WEEKLY. As this paper is part and parcel of Satya Harishchandra Foundation, we allot 2 papers to publish these unknown dead bodies and unknown patients and missing person and this paper is posted to all police stations and related Govt. Departments in Telangana State at free of cost. This paper is bridging the gap between the Police department and missing person families to trace their related person.

**Agony of Missing Person's (Deceased) Family:** - If a person is missing and untraced, the entire family members suffer psychological trauma and lives in dilemma whether the person is still alive or not. If a missing person dies and his / her identity remains undisclosed, the family members of that missing person can't perform the rituals which are normally done in event of death of a family member.

In issues related to the insurance/ inheritance/ pension claim, the nominee/ concerned person has to legally prove that the missing person has died, but as they don't have any clue about the whereabouts of that missing person, such issues remain unsolved unless they provide sufficient evidence so that court presume that the person has died.

## The present Project:

Services to Orphans is a part and parcel of Satya Harishchandra Foundation which provides shelter for unknown patients, not only patients but also the people who are neglected by their kith and kin and physically handicapped person. Where their life is extended with all love and affections by providing all facilities like Medical Care, Good Accommodation etc.

At present we are providing shelter for 13 members in our "Destitute Welfare Centre" by hiring the house for rent, for Rs.5000/- per month. Due to increase in ratio of unknown patients our Executive body has been passed the resolution to extend our services by providing shelter for 100 orphans. Our Plan is to ensure shelter to 100 poor helpless, destitute and Old Aged persons in Hyderabad city and its surrounding to safe accommodation, tender love, proper care, nourishment, health service and other basic needs through establishment and operation of a sustainable "APNA GHAR".

## What impact/difference will the projects make to the lives of the destitute:

The ultimate impact of the project will be that the poor helpless and destitute an neglected old aged person from the remote areas of Hyderabad will enjoy a sound and fulfilling old aged life toward achieving a promising life through their physical, mental, emotional, social and spiritual development and well being.

To fulfil this project, the Executive team of Organisation made resolution to purchase the land of 400 Sq. yards i.e., Plot no. 22 and 23, Survey no. 76, at Balapur Village, Saroornagar Revenue Mandal, Ranga Reddy District of Telangana State and entered in to an agreement (Copy enclosed) by providing Rs. 5,00,000/- as token amount. There is a need of further Rs.13,00,000/- for aquisiton of land and the estimated cost of civil works is about Rs.1 Crore.

Let us join our hearts together and feel responsible to help those unfortunate people who are unable to meet their basic necessities. So, let us take initiative to fulfil this project by contributing towards this NOBLE CAUSE regardless of size in cash or kind.

Every service we come across in Life is extra ordinary. We feel blessed to have known our Soul Dear Dr. Rajeswar Rao the Modern Harischandra who is putting in relentless efforts in serving the Country. He is the man who performed the Final right for about 12000 dead bodies in the states of AP and Telangana. Whoever approaches us, we feel doing something for them to strengthen their belief. We are honoured have met this person, who is no less than a God. Kudos to Dr. Rajeswar Rao.

## abhaya with Axis Bank:

సామాన్యుడు తనకెదురైన కష్టాల బాధనే అనుభవిస్తాడు... తెలివైనోడు ఆ అనుభవం నుంచి అవకాశాల్ని గ్రహిస్తాడు...  
విదేశీగర్జన తెలుగు రుచుల కోసం వెతికిన కోగంటి కౌశిక్ బాబు... ఆన్ లైన్ లో భోజన ఆఫర్ కోసం గాలించిన  
వెన్నెల మిరియాల... అన్నయ్య వెతల్ని స్వయంగా చూసి చలించిన దిన్నెపు విజయభాస్కర్ రెడ్డి... చేదు అనుభవాల్లోంచి  
స్వార్థవేలు ప్రారంభించినవారే... మనసు పెట్టాలేగానీ ఎదగడానికి మనచుట్టూ ఎన్నో అవకాశాలు అని నిరూపించినవారే.

## చేదు అనుభవాలు... చేవతో విజయాలు!

ఒకప్పుడు.. కళాకారులు చేదువుల పాత్రలు మాత్రమే నేర్చుకుంటుంటే.. కానీ జీవితంలో ఎదగాలంటే స్వానుభవాలే పాఠాలువుతాయి. మనసుపెట్టి చూడాలేగానీ విజయాలు రాల్చే అవకాశాలు మనచుట్టే ఉంటాయి. కెరీర్ లో ఎదగడానికి దారులు పడుస్తాయి. ప్రపంచంలో గొప్ప విజేతలని పేరు పొందిన వారిలో అత్యధికులు స్వానుభవాల పాఠాల్లోంచి ఎదగినవారే. అయితే కనిపించిన ప్రతి అవకాశం విజయాన్నివ్వదు. లక్ష్యం చేరాలంటే సరైన ప్రణాళికలు ఉండాలి. వాటిని అమల్లో పెట్టగలిగే నేర్పు కావాలి. వీధిరుంపులు ఎదురైన భరించగలిగే ఓపిక కావాలి. కష్టాల పడుగులు మీదపడ్డా ఎదుర్కొనే గుండె ధైర్యం కావాలి. ఏటగొండికి మించి మనం ఎదిగేందుకు ఎంచుకున్న వ్యాపారం, అవకాశం జనహితం అయ్యుండాలి. ఇక మన విజయాన్ని అడ్డుకునే అటంకాలు, అడ్డుగోడల్ని సులువుగా బద్దలు కొట్టేయొచ్చు. అలా చేదు అనుభవాల్లోంచి అవకాశాలను ఒడిసిపట్టి విజయతీరాలకు చేరిన కొందరు యువతరంగాల పరిచయం.

### అన్నయ్య సమస్య చూపిన దారి

అర్ధరాత్రి పొలానికి పేరు పెట్టడానికెళ్ళున్న అన్నయ్యని ఇలాంటి ప్రమాదకర పని మనకొద్దన్నాడు దిన్నెపు విజయభాస్కర్ రెడ్డి. నాకు సాయం చేయడం కాదు.. నాలాంటి రైతుల సమస్యలకు కాళ్ళతో పరిష్కారం చూపించడం అన్నాడు ఆ అన్నయ్య. ఆ అవేదనలోంచి 'కిసాన్ రాజ్' అనిపిస్తున్నది. రైతుల వెతల్ని తీర్చుతూ ఉత్తమ అవివ్వరణగా కేంద్రప్రభుత్వ అవార్డు అందుకుంది.

దిన్నెపు విజయభాస్కర్ రెడ్డి కడప జిల్లా బాలాయపల్లె వాసి. స్వయంశ్ఛషిలో విదిన రైతువిద్య బిల్డింగ్ మండ్రానులో ఎంబీకే చదివి పలు ప్రముఖ బిల్డింగ్ కంపెనీల్లో ఉద్యోగం చేసేవాడు. ఓసారి సాయం చేస్తున్నప్పుడు అన్నయ్య చేతుకు నీరు పెట్టడానికి అర్ధరాత్రి బయటకు వెళ్ళడం గమనించాడు. తిరిగివచ్చాక ఇలాంటి ప్రమాదకర సేద్యం చేయాల్సిన అవసరం లేదు నగరానికిన్నే ఏదైనా ఉపాధి చూపిస్తానన్నాడు. దాన్ని తిలస్కరిస్తూనే 'సమస్య పెద్ద పంజీరింది కదా.. రైతుల సమస్య తీర్చేలా ఏదైనా సాయం చేయలేదా?' అనేడిగాలు అన్నయ్య. ఆ మాటలు విజయభాస్కర్ ని ఆలోచనలో పడేశాయి. ఆపై తీవ్ర ఆంతర్భువనం అనంతరం లక్షల జీతం వదిలి రైతుల సమస్యలు తీర్చే ఉత్సాహులు తయారు చేసేలా బెంగళూరులో చిన్నినెట్ టెక్నాలజీస్ ప్రైవేట్ లిమిటెడ్ ప్రారంభించాడు.

దీనిద్వారా చేసిన ప్రధాన అవివ్వరణ సెల్ ఫోన్ లో మోటారు పంపును నియంత్రించే 'కిసాన్ రాజ్' అనే పరికరం దీన్ని మోటారు పంపు స్పార్కరుకు దీగింది సెల్ ఫోన్ లో అనుసంధానిస్తారు. బిల్డింగ్ లో ద్వారా వదుపులాని వారు పైకం ఏ సమయంలోనైనా మోటారు పంపును ఫోన్ ద్వారా ఆన్/ఆఫ్ చేయొచ్చు. విద్యుత్తు కోతలు, లోలోల్లేకే, మోటారు తిగులు తెగిపోవడం, మరమ్మతులు ఏ సమస్య ఎదురైనా ఈ పరికరం రైతులను హెచ్చరిస్తుంది. దీని వినియోగంతో నలభైకాంతం విద్యుత్తు ఇదా అవడమే కాకుండా పావుకాళ్ళు, ఇతర ప్రమాదాల నుంచి రైతులకు ఉపశమనం. ఇలాంటిది చేశావాస్తంగా వెయ్యి గ్రామాల్లో ఇరవైవేల కంట్రోల్ లు వినియోగిస్తున్నారని, ఈ కంట్రోల్ లో రైతులకు పలురకాల మేలు ఉండటంతో ఆంధ్రప్రదేశ్ ప్రభుత్వం చిన్నినెట్ టెక్నాలజీస్ లో అవ్వందం కుదుర్చుకుంది. ఈ అవివ్వరణంగాను విజయభాస్కర్ రెడ్డి 2011లో శాసనసంగి ఇన్ ఫోవేషన్ అవార్డుతో పాటు రాజాగా కేంద్రమంత్రి వెంకయ్యనాయుడు చేతులమీదుగా జాతీయస్థాయి ఉత్తమ అవివ్వరణ ఫుల్ సార్వరం అందుకున్నాడు.

## Founder celebrated Rakhi with well-wishers

Raksha Bhandhanam... its true PremaBhandhanam... There were days, scores of sisterly people used to tie raakhi. I remember, I used to have 100 raakhis during my young age. Slowlyraakhis used to come by post in reduced number. Now a days raakhis are coming in whatsapp, Facebook and messengers. But, very few sisters always find time even today to tie them in person. Here is a lady Lakshmi Reddy who is my care taker at home, Hyderabad came tied it to me at 630AM today! Very pleasant and divine experience!

Feeling blessed to have this caring Sister Gubba Saijyothi W/o G VidyaSagar who took time to come to me all the way from Kothapet, Hyderabad to Madhapur and tied Raakhi. Jyothi is one of the best SoulDears of my life. She is just at a call distance any time. It's because of such people alone I feel the life is beautiful and purposeful. I pray for each one of you on this holy day... We are all siblings as we treat Bharat as our mother!!... is it not? - **CS Balachandra Sunku, Founder, abhaya Foundation**
