abhaya FOUNDATION

an assurance for no fear...

abhaya TEAM visited Sri Grandhi Mallikarjuna Rao, Group Chairman, GMR Group at Bangalore, sought time for the proposed CSR Seminar on 8th Nov'14 at B'lore

Salutations and Greetings to all abhayans!

You are the people who always in all ways be ready for lending abhayam to those who are in need in the country. Very happy to share my thoughts with this Signature Page.

It was exactly an year back, My father Padmavibhushan Dr Akkineni Nageswara Rao met abhaya Office Bearers and honoured them for their selfless work through Sri Madhu Mohan, Founder, GEMS Foundation & Member of abhaya Home of Happiness (a long time associate of Dr ANR Family) on the eve of his 90th Birthday celebrations at our Home.

I still remember the 2 hrs time he spent with abhayans about Community Work and Model Villages in the country. No one can forget his words of WISDOM.

I am equally happy to know how selflessly abhaya Foundation is rendering good work in the country. I hope that each one of us will come forward to lend a hand to abhaya Foundation. This will surely make a heavenly difference to our world.

Today, the 20th day of September 2014, is Dr ANR's 91st Birthday. I wish to convey my best wishes to each one of you. Dr ANR is the eternal man in the hearts of many around the world. I remember father always said that He saw GOD in those who undertook philanthropic work and profoundly impacted the lives of those in need. These are thoughts of my father for abhaya as well. This page was supposed to be signed by My Father... but with love for him and in his physical absence, I am signing it on his behalf.

Let us be connected to the community work in any way we can... in fact that is the real purpose life...this is the life and mission of Dr ANR... let us walk on this talk for a better country.

ANR LIVES ON

Best Wishes

Dear abhayans

At the outset I wish to convey my heartfelt greetings on the occasion of Navarathri.

Dharma protects those who protect it - A phrase, which is very familiar across the all communities around the globe. If we choose to live a life guided by righteousness, then we are assured of that protection. This understanding is ingrained in our thinking from childhood as one grows up in India. We human beings need protection is understandable. But rakshithaha implies that the concept itself needs protection too. Dharma will protect you if you protect it.

Dharmic life, is a life of self-less service, of sacrifice and contribution. It is the lifestyle that has been held in India from time immemorial as an ideal life, a life worth emulating and a life that one aspires towards. We are very fortunate that we are born in India, a land, where people respect human values and maintain high Dharmic principles.

Indian Government has taken a remarkable initiative by introducing CSR activities as part of corporate culture. In my opinion it is Citizens Social Responsibility. Every Indian citizen has to feel the responsibility of helping others, who are in dire need of support/help. The support may be in the form of cash or in kind. Even in the form of moral support and references for a good social cause.

abhaya Foundation is an organization which came into existence to serve mankind, irrespective of cast, creed and gender. abhaya acts and deeds are very transparent and take extensive care of every penny that has been received and spent on its objectives of **H.E.A.R.T** (**H**ealthcare, **E**ducate, **A**wareness, **R**ural Infra and **T**ransformation). The **CSR** (**C**onfidence, **S**elflessness and **R**eliable) is in veins of every abhayan.

abhaya Foundation, where the members are predominantly working professionals viz. Company Secretaries, Chartered Accountants, Cost Accountants, Advocates, Engineers so on, has inherited the qualities like **Transparency, Equality, Accountability, Commitment, Humbleness (TEACH)**.

abhayans have taken the responsibility of spreading the cause of Corporate Social Responsibility, has organized a seminar in Hyderabad during the month of July 2014. The response was overwhelming and it was a huge success. Taking the inspiration from this event the team of abhaya is organizing similar event in Bangalore on 8th November 2014. This event is being organized in association of FKCCI (Federation of Karnataka Chamber of Commerce and Industries). More details in the said regard being provided elsewhere in the news update. Request each abhayan who is aware of abhaya in Karnataka to take part in this Seminar and show their love and care for the pioneering efforts of abhaya in serving the country. I am indeed very fortunate to associate with abhaya Foundation as its founder trustee and be part of this mission of human service.

Tata Steel wins Asian CSR Leadership Award

PTI Sep 26, 2014, 01.01PM IST

BHUBANESWAR: Sukinda Chromite Mine of the Tata Steel in Odisha has bagged the Asian Corporate Social Responsibility Leadership Award for Community Development. Sumit Ghoshal, Regional Commercial Manager, Middle East, spoke about how the company's founder's vision for community development has been ingrained in all the employees and is being practised company wide, it said.

Voluntarily, several officers of Sukinda Chromite Mine have been sponsoring orphan tribal girls of nearby schools of Sukinda. Due to 'Improvement Activities' done by employees in the work place, when they receive prize money, even that they donate to the needy school kids for buying books and school uniform, it added.

For Tata Steel, **welfare of the society is not just a principle but a living tradition and will remain so for all time to come.**

Use CSR money for animal welfare'

TNN | Sep 19, 2014, 01.29AM IST

PUNE: Union minister for women and child development Maneka Gandhi made a pitch

for companies to use their mandatory corporate social responsibility (CSR) funds for welfare of animals.

Appealing to religious sentiment, Gandhi said that commercial interests were responsible for a lot of cruelty done to animals. "Once a cow stops giving milk, it is immediately sold to butchers. A Hindu sells the cow, a Sikh or Hindu truck driver transports the animals to a slaughter house where a butcher eventually kills them. Alternative use of cow dung has tremendous business potential and it should be explored," Gandhi said. She cited an example of how one of her friends designed a Rs 15,000 machine that could be used to convert cow dung into firewood.

Govt Changes CSR Spending Norms

BI INDIA BUREAU SEP 15, 2014, 07.30 PM

The government has made some changes in the norms meant for Corporate Social Responsibility (CSR) activities under the Companies Act, under which, certain class of profitable companies are required to spend at least 2% of their three-year annual average net profit towards CSR activities.

According to the Act, companies are allowed to build CSR capacities for their own personnel through other institutions on the condition that such expenses do not surpass 5% of the total amount spent on social welfare activities in a financial year. The Corporate Affairs Ministry has said that 5% cap would include "expenditure on administrative overheads."

The changes have been made to the Companies (Corporate Social Responsibility Policy) Rules, 2014, through a notification dated September 12.

Cos can avail tax benefits for expenditure on CSR

TNN | Sep 4, 2014, 01.45AM IST

Firms spending money on corporate social responsibility (CSR), which has been made mandatory under the new Companies Act, have more reasons to cheer. Though CSR

provisions do not offer any great tax savings, companies can claim deductions towards depreciation on assets created for CSR purposes and on expenditure for skill development projects.

The Finance Minister has clarified that deductions specifically allowed under Sections 30 to 36 of the Income Tax (IT) Act, 1961 could be availed. In effect, Section 30 of the IT Act can be used for availing deductions against expenditure incurred on repairs and insurance in respect of machinery, plant and furniture used for CSR activities.

Rent, rates, taxes and repairs incurred on buildings or other assets taken on lease earmarked for CSR activity would also qualify for deductions. Companies can also claim deduction towards depreciation on assets used for CSR purposes.

Funds spent on skill development projects gives the assessee the benefit of claiming 150% deduction in their books. In fact, the CSR Rules issued by MCA (Ministry of Corporate Affairs) read with the MCA circular dated June this year clarifies that CSR activities should be undertaken by the companies in project/ programme mode.

Narendra Modi-Led Government Plans To Penalise CSR Defaulters Under Companies Act 2013

ECONOMIC TIMES SEP 18, 2014, 10.42 AM

The Narendra Modi-led government will not let companies get away easily if they do not spend the mandated 2% of their profits on Corporate Social Responsibility (CSR) activities as specified by law. The government is planning to add more teeth to the Companies Act 2013 by introducing the penalty clause for companies that miss this target spending repeatedly. At present,

non-compliance of CSR rule isn't penalized by the Companies Law, and those unable to spend the stipulated amount can get away with some justification.

"Under the current law, there's no mandatory obligation on the company, but a responsibility is cast upon the board members. In case companies repeatedly fail to do so for two or more years, they should be penalized. We can't leave any grey areas in law," a senior government official told ET.

CIL's CSR fund for sanitation

TNN | Sep 3, 2014, 05.20AM IST

KOLKATA: Coal India Ltd (CIL) has set aside Rs 235 crore fund, 50% of the company's total corporate social responsibility (CSR) war chest of Rs 470 crore budgeted for 2014-15 to provide hygienic sanitation in schools and in the households of underprivileged by constructing individual toilet facilities. The government-run miner said this was in response to the call given to the corporate sector by the Prime Minister for 'Clean India' initiative on August 15.

The amount would be utilized for creating modern sanitation facilities in schools operating in the command areas of CIL's subsidiary companies and in the villages of economically backward districts identified by coal companies through a baseline survey.

CIL's mining operations in 429 mines are spread across eight states like West Bengal, Jharkhand, Odisha, MP, UP, Chhattisgarh, Maharashtra and north-eastern states. CIL director personnel R Mohandas said CIL will be engaging various NGOs for the construction of toilets as well as awareness campaigns for better sanitation. Around one lakh households would be benefited by this sanitation initiative. This apart, around 6,000 toilet facilities would be built in schools. This hygiene drive is targeted to be completed by March 2015. - **Collected by CS B Kiran Kumar Gupta, Partner, BK & Associates, Company Secretaries, Hyderabad**

Updates for CSR Seminar at Bangalore on 8th Nov' 2014

Met Honourable Venkaiah Naidu. Requested him to be chief guest for Nov 8 CSR Seminar @ Bangalore. He said he will check his schedule and revert. We need to touch base with his Secretary - **CS G Raghubabu, President**

J & K Flood Relief

Sharing yet another miracle happened in love of country men... this is true for abhaya Mission to Serve with H.E.A.R.T. The love of abhayans across the country is so pure... it just took 24 hrs to pool resources for 1000 blankets to support ongoing relief operations at J&K Floods.

Its very inspiring to see as to how 100 abhayans from Andhrapradesh, Telangana, Maharashtra and Karnatakaka states apart from some NRI's responded for the call to support our brothers and sisters of J&K... in fact it was not call... but just posts in FB/ Whats App/ SMS... not even a single word uttered... just understood by all. Special thanks to CS Jinesh Kumar, Company Secretary, Coordinator - Flood Relief who arranged 1000 blankets from Panipat in 24 hrs. The consignment is being booked to SEWA International office at Jammu from there the volunteers will distribute the blankets.If any abhayan wish to go physically for relief... may please be contacted the founder.

Our country men facing crisis at Jammu & Kashmir
Can we show our love and care to the people affected by worst floods in 60 years... abhaya wish to seek the support of each abhayan for doing their bit for the needy!
Come let us join hands to serve the Country
www.abhayafoundation.org

We could pool close to Rs.1,50,000/-... major donation for 600 blankets came from GVPR Engineers Ltd., Hyderabad (abhaya

Thankfully acknowledging the grate gesture of GVPR for J&K Flood Relief... all 1000 blankets will have this sticker) and rest of the 400 blankets pooled by abhayans. We just wish to express gratitude to each one of those who lend their hands of support for the cause. The donations flow from now on words will be counted for abhaya Hunt the Winter - 2014 which would be started from Oct'14 across the country. - **abhaya TEAM**

My humble request, do not celebrate my Birthday... instead dedicate your self towards relief work in J&K through your time & resources...

The need of the hour is to stand shoulder to shoulder with our sisters & brothers of Jammu & Kashmir

Latest Update

Kusuma

The way she recovered from bedridden condition to LIFE is amazing. From a state of hopelessness to a stage of creating a hope for someone in need is simply inspiring.

She is able to manage the campus in spite of her limitations. She became a single point of contact at abhaya Home since last 12 months now. She gained much physical strength and is able to look after the administrative issues of home as well. She is in touch with abhaya team on daily basis through calls and SMS's. She is being given some cash to handle day to day affairs at the Home. Though there is a need to have value orientation for her, the recovery story is a miracle. Dr Sulapani, MD, Rajyalakshmi Hospitals, Hyderabad considering to do surgery for her lower limbs shortly after festival of Dasara. The estimated cost of surgery would be around Rs.5,00,000/- abhaya could pool the resources to the tune of Rs.2,00,000/- but considering the value of human life and her future, team moving forward on surgery.

Padma

a retired Hindi Teacher and mother of Kusuma is now happily taking care of Kitchen at abhaya Home. Though she is elderly lady, pooling her strength able to cook for all the inmates of abhaya home with the support of Kusuma and other lady staff. She is suffering from joint pains and doctors prescribed tablets. She from the stage of struggling for daily ration an year back, is able to provide food for as many as 10 people every day at abhaya Home.

Lakshmi

The old lady since joined home about 6 months back, gained physical strength due to timely diet at abhaya Home. She was thrown out of home by daughter in law at village and she was begging and struggling on road side when rescued by abhaya team. Her hip got fractured and doctors told that can be set righted. abhaya is considering for surgery for her too... in months to come. Though the home is meant for just providing shelter and food, abhaya team thought initially we can rehabilitate some inmates so that they would become fit to take care of new inmates.

Kameswara Rao

Since last one month, he too gained lot of strength due to timely diet. His BP/Sugar levels are abnormal and he do not have control over his body there by the urine and motion being passed wherever he is living. Hence it became very difficult task for inmates to attend to him. But still the abhaya Home staff is putting in their best to take care of him. Kusuma took him to the Govt Hospital, Ibrahimpatnam twice during September, 2014 and right now Rao is doing well as regular medicines being administered. Rao is yet to come out of his smoking addiction. abhayan Srikanth Natarajan, the man who rescued him from roads making it a point to visit home on and off, trying his best to compliment the services of in house team with his innovative ideas and support. He now brought Sugar Testing machine, Tape recorder, pairs of clothes, nicotine tablets, pickles etc., for the benefit of abhaya home inmates.

Loving Hearts & Serving Hands

Empowering the inmates and staff with organic farming by Lotus Kitchen Garden.

Drip irrigation arranged for the Kitchen Garden:

Sri G Vidya Sagar, Trustee took special care in bringing his friends and pals to abhaya home and initiated connecting the water tanks and plants in the kitchen garden with drip irrigation. Now, the plants and trees in entire campus can be watered without much difficulty. Sagar, Krishna, Madhu and other young friends who spared their time to set up the drips and pipes for the garden. Prayers for all of them.

SoulDears of abhaya Home

- Maharshi Rice Mills, very kindly providing 100kgs of rice per month
- Hyderabad Agencies regularly supporting with monthly provisions
- Founder & Office bearers of Navya Foundation visited abhaya Home
- Smt. Neha & Sri Vallabh lovingly provided provisions for a month
- Sri K Phanindra very caringly provided 25Kgs Wheat Floor
- Sri G Vidya Sagar & Team provided drip irrigation set up in the garden
- Sri Srikanth Natarajan provided medicines, dresses, smart phone etc.

More than material, it is the service... What is needed at abhaya Home

Took the time off today to visit AHOH from 4pm to 7pm, and the back. My father Mr. Natarajan , Sharadha and my nephew joined me , and they were very happy with the visit and had a great stayt here. I picked up some buiscuits (for Tea), pickles and some mixture/chips on the way. But I mainly setup our Sony DVD player Deck at the cafeteria and it worked like cool.

Mr. Kameshwar Rao was much better, he spoke completely in english this time was able to operate the deck, and also read all the labels and appreciate the musicians that I took the CD/cassettes of., he enjoyed the music played and just was glued to it. Next time I will setup the FM and get some more CD's. He did feel lighter, and was missing surroundings, so next time I will get him home for a day or two. He will be taken to hospital for a checkup again tomorrow.

Rest of the team is good, Kusuma is going strong and as ever, taking care of all around her. May God bless her and let her get well soon! Sharadha also enjoyed the visit, she went to all the places and appreciated all that was being done, more than material, it is the service. My nephew Surya went around and enjoyed himself as well, he wants to plan more vegetables :-)
Back home and hope to be back in two weeks time again. Please find some pictures attached in following emails. - **Srikanth, Hyderabad**

It was a happy Sunday as the name itself says abhaya home of happiness, the place where happiness abodes, nice, clean, peaceful, blissfull so are the people residing there. A very good initiative and big effort We would like to visit the home again. With all the best wishes we handed over provisions for a month- **Neha & Shivam, Hyderabad**

an appeal

Let us not shed tears at someone's dire conditions of life...
 Enough number of people has shed tears
 Let us not be empathetic for the needy!
 Many people showed concern in their own ways.
 Let us not suggest ideas for the improvement for them.
 Many more suggested and discussed ideas of uplifting the lives.
 Enough is enough.
All we need is ACTION, NOW or NEVER.
 Come, Let us do our part for the betterment of our own fellow beings!
 Thereby let us transform our self and live with a PURPOSE in LIFE

“HEART” Healthcare Update

Mission Anjaneyulu

He got drain tube placed in his chest to flow out water and air in my lungs in Guntur hospital by doctor named Raghu (MD, chest specialist). But it does not result in cure. So the doctor sent him for better treatment to Vijayawada, Dr. G.J.Narasimha Rao done lung decortication operation for completely collapsed lung with hydropneumothroax disease under Arogya Sri. But sadly event that was a failure. Due to emergency they admitted him in Apollo, they have done Lung decodication again now and he is under observation. The Bill which I sent is interim bill as of that day, he may need to be in hospital for two more weeks. Expected cost may go to 3 lakhs. He is really worried and looking for donors. And somehow I got to know about them. After talked to hospital management they are ready to provide some concession.

Anjaneyulu is son of Sambaiah & Sathyavathi, family lives in village Yazali post, Karlapalem Mandal, Guntur Dist. Parents are agriculture labor. He is presently studying in AP IIIT Nuziveedu, Krishna Dt, since 4 years as part of 6 years integrated course (Intermediate+B.Tech). He is studying with government scholarship with hostel facility as he got 560 marks in SSC and stood as topper in the mandal during 2010.

The students of IIIT have collected Rs.30,000/- for

Anjaneyulu and they have paid to the Hospital. Present condition is stable, but he might need to be under observation for 2 more weeks.

Is there be any chance of granting 10-15K for this mission as an immediate assistance? – **Praveen Kumar Battula, abhaya Volunteer (Software Engineer) Hyderabad**

Mission Vinod

Bionic gift of legs to Vinod for his birthday... from immobility to mobility... all this happened in just 30 days... lets hope he will soon be walking like us and stand inspiring for the world around... thanking Dr Suresh you made a heavenly difference to Vinod... abhaya feels proud to know him

Yes, this is THE GIFT God has given Vinod on his birthday, which is VERY SPECIAL this year. Very happy to see him walking on his legs again, and may God bless both Vinod and Sujatha!!! We have an angel in Mr.Suresh, who has been of great support to abhayafoundation ever since he got connected. May such wonderful humans live long to serve the needy!

Ms.Sujatha, M.Sc (Analytical Chemistry), connected to abhaya foundation through Mr. Vinod, who is undergoing treatment for artificial replacement of legs at Hyderabad. She is in search of job and is taken to abhayan Sri.Muralikrishna, M.D, Ortin Labs, seeking help for her employment. He was kind enough to spare his time, gave a patient hearing, and assured to do his best. She was asked to meet the Quality Control Manager at their factory, for a formal interview, which she did. Wishing Sujatha the very best, and profusely thanking Sri.Muralikrishna for his kind gesture. - **EJP. Prasad, co-ordinator, RPL, abhaya Foundation.**

From immobility to mobility with abhaya n Bionic...step ahead by Vinod... all this happened in just 45 days. Lakhs being spent on him by Bionic out Reach Program. Thanks to Dr Suresh who proved it... anything is possible provided we have WILL to do. Vinod is now going to his college to write semester exams. Plan to come back after a month or so for complete rehabilitation. Thanking each abhayan who stood beside him. Love All - Serve All

Mission Swathi

advanced Happy DUSSEHRA to abhaya HOME. We are happy with your kind helping hands. Now Swathi is stable and good in condition. Last week she went to Warangal on occasion of BATHAKAMMA and Dussehra festival. She is enjoying this festival. She received Maintenance -III treatment successfully and preparing for next treatment i.e maintenance-IV. is on 08/10/2014. Maintenance -IV treatment expenditure is 16000/- approximately. i can bare Rs 6000/- . so please help me sir. - **M.Venkateswarlu, Asst Professor, TKR, Hyderabad**

Mission Teena

Here is the status of Teena :

1) I went to Basavatarakam hospital on 20/9/2014 i.e yesterday and met her and her mother and enquired about the progress of her health. Her father is in gujarat right now .
2) Handed over cheque of 35000 rupees to hospital and took the receipt of it.

3) Also went to secretariat for enquiring about CMRF . Went to meet M/S Sujatha who was an officer for CMRF (got this info from FAREED), but unfortunately came to know that she has been transferred. But then i enquired about the procedures and asked them to help in this. They asked me to submit the following in lake view guest house to Mr.Rama Lingiah

- original estimation of teena treatment
- duplicate reports of her till now (ready from our end)
- a letter on name of CM (ready from our end)
- a letter - some kind of proof from Abhaya that we are dealing with this case from two months
- trying to get an MLA letter from my friend which helps us to get an appointment easliy when we go to Lake view guest house

4) Could not take Teena along with us as she is having Chemotherapy yesterday.. But will take her to Lake view guest house i.e., at the time when we will be submitting our request for CMRF to Mr.RamaLingaiah (PS of CBN garu)

My experience : I still say this is wonderful learning for me about dealing such critical case where i need to be very careful in every step . I can still feel the happiness in her mother's face when i was giving the cheque in hospital. Her father was also very happy that we are working a lot for her .

Parents of Teena were very happy and they thanked Abhaya Foundation specially for dealing with this case and they asked me to convey their regards to abhaya.

Enclosing the latest pics of Teena and receipt from Basavatarakam in the attachments. Thanks, - **Raghav, Volunteer (ADP, Hyderabad)**

Mission Balingaiah:

Balingaiah was working in rice fields where a high tension wire fell and he got severe shock because of which his left hand got amputated. We reached out to him and understood the urgency for him to support his family as he is the only bread earner and has two kids to support. We have been in touch with Dr. Suresh for this mission for more than a month and also tried to pool in some funds. We came to know that upper limbs are very costly and has to be ordered on demand. We went ahead to pool in some funds (1 lakh) from my friends and asked help from abhaya for the rest.

Bala sir, Siva and Dr. Suresh were very helpful and supportive for this initiative. We got the limb ordered and tested it on Balingaiah. I am glad to inform that the limb is working well and he will be able to use his left hand in some time. Right now he is suffering from pain in his amputated hand as the nerves are cut. He has been advised to do some massage, and bandage for 20-25days till he feels better. Once he gets relieved from pain Dr. Suresh would help him fix the limb and provide him support to use it. - **Subhraj**

Mission Umacchandar

Regarding Umacchandar health, we have shown to eye doctor he told it may or may not recover because the effect is to nerves. By practice and daily watching he can study or remember the positions. Suddenly he will tell his eye sight is better but sometimes it is blank. When he go in sunlight he is unable to see ups and downs also. Reg. medicines he has to continue the present list because they are for sugar, neuro, eye and skin, brain activation.

Till now with abhaya's great and timely help we are able to provide the medicine without any disturbance. Because my salary is not enough to run our family. I am earning 9000/-.

Reg. children Rajesh arranged for Rohit studies. For Aakanksha her class teacher is taking care of her school fees. Really there are no words to say or how to say thanks for the kindness shown by you people to our family. All that I can do is touch your feet if I see you directly.

We need your help for Medicines for few more months. Because we should not stop at this stage. If I get any increment or any source I will definitely inform you so that you can decide. Thanking you. -

M.G. Padma Latha, Chennai

Mission Sirisha – Divya

Lack of staff at Sweekar and various health issues, Sirisha and Divya are irregular at their Physiotherapy training. abhaya took care of these special children for about 3 years. During this period, their progress is up and down with several reasons. But their mother Manga equipped with the required training and in fact she can give all these special exercises to them now. They came to know that there is a government hospital which is established newly near Lal Bazar also treating special children. So they are planning to admit Sirisha in that. Also they are planning for Handicap pension from government. Hope she will get it and the same will be useful for them. - **KSV Siva Krishna**

Educare Update

Haritha:

I wrote two history exams and got good marks in those. As I have civils classes I did not involve in any of Abhaya activities. I need Rs.6000/- towards my hostel fee for two months i.e, for August and September. Due to

my civils class timings I did not found time to arrange required funds without depending on foundation. I want to write the regular weekend exams well and attempt them by complete preparation. I wanted to make my preparation with more concentration and want to do well in the coming exams. I concentrated in speaking English more and reading magazines, newspapers and collecting meanings of difficult words, also improving my writing skills. When I am speaking I found using same words repeatedly and I have to overcome this. With time management to classes I am unable to involve in any activities of ABHAYA FOUNDATION, so feeling sad about this. When I see the newsletter and the things going on, I am happy and inspired with the activities of Abhaya Foundation and thankful to those whose efforts are involved in these.

Sharmila Venkatesh

Firstly very much sorry for not informing you the details after receiving Rs.6000/- from Sir Pola Vikram. Once I informed you that Vikram Sir has told that he will arrange for my transportation fee and I thought of informing this to you when sending a mail. But I forgot that.

Last month I was in depression as I don't have money for my studies. I just decided to go for a job and earn money for this year and continue my studies next year. Then abhaya FOUNDATION lend their support for my studies. abhaya has paid my college fee. Now without any tensions I'm going to college and studying well.

Yesterday I met Vikram sir to discuss about my part-time job. He explained me

clearly about what is my work. He told me to just maintain their Hotel POLA's website and page. I have my internal exams in this week so from next week I will be going for part time job. Once again sorry for my mistake sir.

Srivalli

During the month of August, I have attempted my Weekend Examinations I scored good marks in that. On 15th

August, our college pupils were invited for the hoisting of our national flag. There was a speech on the Independence Day. Our intermediate syllabus is going to end by this month and then we will be having revisions. I hope that I would improve my studies during revisions and score good marks in the Examinations. This month there were many festivals and I hope everyone enjoyed the auspicious days. If we try and work hard, everyday will be an auspicious day. Once again I thank abhaya Foundation for supporting me.

Sailatha

I have completed my Practical exams on August 14th and performed well in those exams. From then onwards we are having holidays. Waiting for results.

I am spending my holidays by undertaking following activities:

1. Attending medical camps
2. Started taking Balavikas

classes for Group I children.

3. Wrote an article on DIABETES MELLITUS which made me to feel happy. Because, before that I know about the DM which is confined to only my syllabus. But the deep urge to write an article made me to search over more books for more information & thus it made me to cherish my knowledge better in this topic. Indulging in this work makes me to attain complete command over particular topic

4. Watching English pictures like, who am I?, Dragons all evolution & reading some books like The mind & its mysteries, where there are some discourses about fickle nature & treacherous nature -by Bhagawan. These all are really helping me to improve my standard in English

5. I am having strong desire to learn any musical instrument which enlightens me much more to sing His glory. By God's grace I started learning basics in harmony [musical instrument] from one known sister in samithi.

6. Helping my mother in her works, & also my sister in her studies. I have to develop her a lot because she is below average in her studies. Now and then I am revising my 1st year syllabus so that I do not forget my subject.

Thus am dedicating very less time & energy to all these. Yet much more is there to be done but not knowing what to do

Swapna Priya

My Name is A Swapna Priya. I am studying Inter II year (MEC) in Sri Gayatri Junior College, Mehdipatnam. I have Exams in the first week that is why I sending the letter lately. The CPT classes are also going on but the classes are going speedily. I am not understanding the CPT classes as they are not teaching properly. They are conducting the classes even on Weekends. I am unable to score well in the exams and was nervous. For now, I am concentrating on the regular classes and attending all the classes.

Education Support

I Venugopal Reddy completed my diploma in G.I.O.E COLLEGE with 75.14% of marks. My ECET rank is 849. Now I got a seat in Mallareddy Engg. College (A), Medchal. My family situations are not good. My father's health also not good. That's why he can't give money for my education. Actually my mother put all her jewellery in a bank and take money for my fee & admission fee in college. I am attaching all the receipts, please find and consider. Now I am staying in Secunderabad in at friend's room. I would like to join in hostel near my college. That's why I am searching internet for any foundation in Hyderabad. I hope abhaya FOUNDATION Understand my problem to help my education.

Sevalayam - Madurai Update

The 10th standard staying room renovation is completed. Please find the photos attached herewith. Thanks a lot for your support and being true inspiration for us. Thanks Again Sir - **Velraj**

Awareness Update

abhaya Team visit to Kamamm:

abhaya Visit to KMM... 12 hrs of dedication for the benefit of VIHE, Rotary Club, Teaching Community, Aspiring Trainers, Volunteers, College n High School Students, abhaya volunteers... long lasting impressions in each of the hearts invoved in all the sessions... thanks to CS Vasudevarao Devaki, Sri Keshav Lal, Sri Vasu Laksha, Sri Chandra Sekhar, Sri Ashok, Sri Chalam all from VIHE... Nagesh, President Rotary Sthabadhri...Lotus...the real school, Dr Rajesh, Srinivas from Red Cross and scores of VIPs of Khammam City for their empathy in almost 6 sessions... god bless all... Samasthaloka Sukhinobhavanthu.

I am inspired with the trip

I have learned so many things with Khammam trip. How to do teacher job. Teacher job is the best way to serve our country. If we want to be a teacher we have to do the job with full dedication and we must love it. As a volunteer I learn how to interact with children, how to develop my speaking skills, how to improve myself. I must do services heart fully, love the services that what am doing then only I get satisfaction that am serving our country. As a human-being we have to do something to our country. The way we are doing must satisfy our self and inspire other to follow. – **Lumbini**

not least I want to be like that of founder spontaneously, Active, Passionate while doing service. - **Gopi Manohar, Coordinator, Jeedimetla Awareness Group, Hyderabad**

I am Vamsikrishna, VIHE Volunteer, Khammam. I had been following the Founder inspiring talks at VIHE Youth convention and YUVA Chetana previously. It was yet another inspiring speech at Khammam at TEACH India event at VIHE, on 7th Sept'14. We also had a chance to interact with the Founder and I liked the points and I would like to follow them in true spirit and I will implement these points, roles, responsibilities. Once am ready, I will start to explain to others and try to motivate them I missed lotus school and rotary club programs because of health issue. My MBA course will be completed in next couple of months and I will be serving and motivating at least some one in these two months. After words, I would like to serve the country with abhaya and I would like to learn more activities from you.

The 1st session was very useful in our further work and we have discussed about many problems that students are facing and we have listed out some useful tips for studying well. 2nd Session with teachers was great, I have learnt how teacher should teach the children and how to encourage students and your spontaneity was very good. I think, I have to improve by seeing the Founder and the definition of teacher was very inspiring and I was thinking that i must also become a teacher. This feeling I felt... really it is a great session. 3rd Session was with volunteers of VIHE/abhaya which made us to realize how a volunteer should work the service and how the volunteer should be. 4th session is on Public Speaking Skills. Founder explained the qualities of a public speaker. 5th session was with school students. it was the great session that i have ever involved in such session, till now in life. I totally cried by emotion and i have seen how to attract students and how to inject the matter in their minds and that girl said II got 99 marks but i lost my one mark by lack of concentration i shocked by listening to this. 6th Session was with members of Rotary Club and last but

forget the birthday girl who became so emotional with the greetings from you. Also came to how speak with the students and what are all the questions students will raise from their side and how to explain them with examples and experiences with general journey session of the volunteers and your advices. I just want to be active like Founder. I was so shocked to see him as how with the same energy he spoke from 4am-10pm without any break and drop in the energy and spontaneity. I felt so bad that he being elder than me handled the complete day sessions without any break and I was down immediately after the completion of the third session. Even then i managed myself to sit in the fourth session also but was not so happy as i did not concentrate more. No issues, at least from now i will be so active and energetic like you at any point of situation. - **S Natya, 1st MBA, OU Campus, Hyderabad**

It was great learning experience, I had by travelling with the Founder and other volunteers which made me know many things on the day of khammam trip. The day is a complete awareness day where there are 6 different sessions. First was with teachers .After that I thought that most of the teachers may think that teaching is just their profession and they are doing it for their livelihood but am sure that after listening to the Founder's session at least half the teachers out of them may take it as a responsibility to teach their students in a right way and guide them in their life. And the second was the volunteers meet wherein I learnt many things as a volunteer and also listened other volunteers who are passionate to take up the work. I was so happy to listen to Shashikala (one of the volunteers of VIHE) who got up after your speech and shared her views with so much of enthusiasm. The third session was with the students of lotus school.I felt that it was very little time to interact with them and the session was so energetic and can't

Founder's Session at Govt ZPHS Shapur Nagar, Jeedimetla for the benefit of 600 students, 20 teachers n 6 abhaya volunteers. Plan is to make the volunteers to visit 100 high schools n bring awareness about life after 10th, life skills, how to study well, getting ready for exams etc., Hoping to see young volunteers to their best. - **abhaya Team**

Workshop at Jeedimetla

This is in reference to meeting held at CAPITAL Degree College at Jeedimetla and a thought to improve accounting and TALLY skills of the underprivileged and deserving students of Quithbullapur area.

Drawing your attention to the discussions had, I put forward following proposal:

1) The small hall at my disposal at Plot No.37B, Road No.2, Phase - I, IDA, Jeedimetla, (Sri Meda Narashimulu uncle's place which i am on rent) can comfortably accommodate 6 to 8 students.

2) We can have 3 batches with 6 students in each batch. Each batch will have two classes in a week. This way, we can train 18 students.

3) The classes are proposed to be held in the morning hours from 7.30 AM to 9.00 AM. The hall will be open till 5.30 PM for the students to practice during the day.

4) Mr.Ramesh and one Mr,Veerabadra are willing to take up classes. I will also be engaging some classes now and then depending on the schedule of Mr.Ramesh and Mr.Veerabadra.Mr.Ramesh and Mr.Veerabadra are working as accountants in two different firms and some monetary assistance to them will be of great help.

I need to put up 6 computer tables and 6 computers with a white board. I hope to do this in three to four weeks' time on hearing from you sir. I have transferred Rs.6,000 towards my contribution to Abhaya Foundation today.

On the eve of Independence Day, I had an opportunity to visit Prakasham School at Anandnagar colony (Opposite Sri Meda Narshimulu uncle's house). It is partly aided by government and partly aided by Anandnagr Welfare Association (AWA). The students of this school belong to lower middle class and middle class families.

I wish if a batch of volunteers from Abhaya could take up career counseling and tips on study skills, it would be of great help. I had a talk with Mr.Suri, President of AWA and he was more than happy to have such an event organised at Prakasham School.

Sir, I request at a convenient time, kindly arrange one such event at Prakasham School, Anandnagar colony. I will coordinate with President AWA, school authorities if required. - **Pavan Kumar, Industrialist, Jedimetla, Hyderabad**

Samvaad-An Experience Sharing Workshop for Non-Profits

Background:

Networking, communication, interaction and exchange are essential for cooperation. By learning about the work of other like-minded organizations, non-profit organizations can access valuable solutions that can contribute in fulfilling their own missions. And partnerships and opportunities for cooperation may emerge from such interactions.

To facilitate such mutual learning and understanding, GMR Varalakshmi

Foundation organized a meeting of NGOs and CSR units of different companies at Hyderabad on 20th September 2014 at GMR Varalakshmi Centre for Empowerment and Livelihoods, Shamshabad.

Objectives of the Workshop:

- Create a platform for non-profit organizations
- To share their activities with each other
- Explore collaboration and synergy for better outreach and impact
- Create a social network among different non-profit organizations
-

Non-profits participated in the workshop:

26 people from 18 organizations including 3 CSR units attended the workshop. and the list is Cognizant, ADP, KARE, Dr. Reddy's Foundation, United Way Hyderabad, Nirmaan, Ashray Akroti, Abhaya Foundation, Youngisthan, Outbox edutainment, Unlimited Hyderabad, Lakshya Foundation, Mobile Science Lab, PHIN, LIFE Society, Sayodhya, Akshara Network, One Child One Light

Meeting Deliberations:

- After the welcome address, all the participants were taken for a round of CEL and were explained about GMRVF activities
- After the CEL visit, each organization shared about the work that their organization is doing and explained about the possibilities to collaborate with them

The following are the important deliberations during the meeting at Samvaad.

- ☞ **abhaya Foundation** ordered one set of tools for a school run by an NGO at Addateegala village
- ☞ **Youngisthan** assured to send 10 destitute people to Abhaya Home for Destitute
- ☞ **UWH** in partnership with Yousee organizing Seva Mela during Joy of Giving Week in October.
- ☞ **UWH** requested NGOs to put stalls during Seva Mela to improve their visibility as many people visit Seva Mela.
- ☞ **UWH** is also planning to organize few workshops to provide required skills for NGOs during Seva Mela.
- ☞ Hence, UWH representative requested all to participate in the event and also to spread message to other organizations.
- ☞ Cognizant accepted to mobilize their employee volunteers to volunteer at Seva Mela
- ☞ **PHIN Network** registered as an NGO for deaf and dumb people by a lady who is deaf and dumb herself.
- ☞ She informed that though they are a registered NGO, they don't know whom to approach for funds.
- ☞ Requested participants to help them identifying potential funding agencies and also spread a word about their organization.
- ☞ **Sayodhya** is a short stay shelter home for women in distress which is looking for financial as well as volunteer support.
- ☞ **Sayodhya** requested the participants to spread a word about Sayodhya's services and also help them identify some funders.
- ☞ **One Child One Light** provides solar lamps to under-privileged children free of cost and also to the NGOs at subsidized prices.
- ☞ Mobile Science Lab and Abhaya Foundation are ready to take 1000 lights for Kashmir flood victims
- ☞ **Outbox Edutainment Pvt Ltd** presented the innovative solutions and tools developed to overcome learning challenges.
- ☞ **abhaya Foundation** ordered one set of tools for a school run by an NGO at Addateegala village
- ☞ Requested participants to make use of the e-publications of Akshara which are useful for NGOs and are available free of cost
- ☞ **Nirmaan** requested the participants to spread a word about their Vidya Helpline 18004252425/426/427
- ☞ **Nirmaan** also informed that they need volunteers to teach under-privileged children
- ☞ **Dr.Reddy's Foundation** representative explained about the skill development and agriculture programs.
- ☞ He specifically talked about their Skilling Rural Youth (SRY) and LABS programs and requested to help them in mobilizing
- ☞ DRF agreed to send about 50 youth for every batch for vocational training at CEL-H through their SRY program
- ☞ **ADP India** Mr. Sreedhar from ADP presented the corporate perspective of giving. He suggested the NGOs to think of innovative solutions to social problems. He made some important suggestions to the NGOs as follows,
 - ☞ NGOs should not compete with each other but should collaborate and work together
 - ☞ Corporates do not want to give donations, but are willing to fund social projects with specific objectives, timelines and budgets
 - ☞ NGOs should think innovatively and propose cost-effective solutions to the social problems
 - ☞ NGOs should learn to give value for money given by corporates
 - ☞ NGOs should think of sustainable ways to implement their programs

PM Narendra Modi to launch Mission Swachh Bharat on October 2 by wielding a broom

BANGALORE: In an ironic start to his visit, Prime Minister Narendra Modi gave a clarion call for Swachh Bharat as soon as he touched down in Bangalore, a city battling an

ignominious garbage problem. Addressing a crowd of 5,000 people on Tuesday evening at HAL airport, Modi said he would launch Mission Swachh Bharat on October 2 by wielding a broom. "I beg every citizen of the country to pledge 100 hours a year towards cleanliness. This work cannot be done by the PM, CMs or ministers alone. Every citizen of the nation has to pledge to keep the country clean," Modi said in his first-ever address in Karnataka after taking charge of the country.

Modi said: "We crib about our cities not being clean, compared with Singapore, Dubai and London. If everyone takes a pledge not to dirty our cities, no one can come here and litter them." Seeking a response from the crowd, Modi asked if they would pledge 100 hours a year for the drive, and

the crowd responded with a chant, "Yes, we will!"

Not stopping at this, the PM chose to give an example to drive home his point. He said families start cleaning the house around Diwali every year. "Why cannot this approach be adopted and extended to keeping localities clean? We clean our houses before guests come. Similarly, the country should be clean to welcome guests. India is changing and this should be our priority," he maintained.

Noting that September 25 is the birth anniversary of Pandit Deen Dayal Upadhyay, stalwart of the erstwhile Jan Sangh, he said he had been "a source of inspiration for all of us", and had decided to launch the campaign from Sept 25 to Oct 2.

Felt very happy to hear the success story through Mr.Ramalingeswararao the other day about the Founder's presence at the Global Peace Awards Ceremony at Potti Sri Ramulu Telugu University.. He informed that his address was the highlight of the function , which did not surprise me at all, knowing the founder as I do. Congrats, and keep it up, Balachandra garu!! May the spirit of abhaya be heard at many places!! – **EJP Prasad, Coordinator RPL, abhaya**

Dear Raghu, We are planning an employee event on Friday October 17. We can invite Mr Balachandra to talk to our team that day. The theme is "Spreading Happiness". I need your help in identifying an orphanage. Our plan is 1. Invite the orphans to come to office that day 2. The employees will spend some time with them – like playing board games, painting sky lanterns 3. We will have lunch with the children 4. The children can present any cultural item 5. A donation will be made to the orphanage. A 2 week drive will be there in the company for this 6.Mr Balachandra can give a message. He needs to be here 12:30PM – 3PM

Want to be Volunteer: My name is Sudhir Kumar, I was highly interested to join abhaya foundation, as of hearing about this program from my seniors i was desirous to join this so i took coordinating work with them for making this program success. I have many ideas how to bring change among the youth and the prevailing society. So I am glad to join hand with abhaya to bring a change among other and also within me - **Sudhir Kumar**

I'm very grateful for you and Swami for giving this opportunity to serve my brothers and sisters in need. Please find attached the e-receipt of the fund transfer. Once again thanks for all your inspirational words and love you shared with me. - **Sunil Kumar V, Software Engineer, London, UK**

Ideally the children should be of the age 10+. We can accommodate I think 20 children or so. But I am open to suggestions. - **Sekhar Chebolu, Director, Engineering, Embedded Computing, Artesyn Embedded Technologies, Hyderabad**

Payment Gateway to be provided by Yes Bank

YES BANK

abhaya FOUNDATION is to open a new savings account with Yes Bank. They will offer 7% interest on the savings account and can provide corporate internet banking. All the funds we get from payment gateway will be routed to Yes Bank, and we can make use of the said resources for service projects. As a privileged customer, they also offered us cheque pickup, with drawls, DD/Pay Orders etc., at door step. Mehidipatnam branch manager along with Venkatesh, AVP initiated the process in the said regard - **KSV Siva Krishna, Secretary, abhaya Foundation**
