I am privileged to express my inner feelings and personal experience with the activities undertaken by abhaya Foundation, founded by my mentor CS Balachandra Sunku, a supersonic jet, or to say aptly, an architect of the foundation. "abhaya" is an inexhaustible vessel, one who touches it, then flows the "abhayam." It puts an end to all sorts of miseries.

abhaya is a mould of intellectuals, professionals, students, entrepreneurs and what not, all those persons possessed with impeccable character and confidence, to demonstrate their zeal in channelizing their services at the doorsteps of the needy and distressed languishing in hapless conditions. If I talk about their services since its inception, I am scared that I cannot end up as it runs into volumes.

I restrict myself from delivering all but a few of its prominent activities: Providing shelter for the aged and distressed in the name of "abhaya Home of Happiness" at Ibrahimpatnam - constructed in a record time, perhaps, an herculean task, if not impossible, for any NGO to take up such gigantic task; "abhayam" for those who are in bad need of critical medical care; Imparting leadership training and professional skills for poor students and destitute; Rehabilitation for mentally and physically challenged; Motherly comfort for orphans and semi orphans.

I feel what "abhaya" requires, is a push from the Corporate, especially. The track record of the Abhaya foundation proves the unstinted commitment and transparent accountability of its trustees. It is an occasion for me to recollect certain prominent CSR Conferences which I addressed at the initial stage of "CSR" campaign as a representative of Ministry of Corporate Affairs. CII in partnership with CAPART where, I addressed on "CSR-CSO Bridge: Moving the Growth Story Forward through Inclusive Partnerships on 16.12.2010 at Hyderabad." The objective of the conference was to establish a bridge to strengthen the links between the Industry and reliable voluntary organizations for sustained inclusive growth. In another conference which was organized by "FICCI-ADITYA BIRLA- CSR CENTRE FOR EXCELLENCE" on "CSR-The Leadership Edge" on 21.12.2010, I emphasized the policy of the Ministry that "CSR is not an individualistic and but a holistic concept which the corporate should shoulder the responsibility to encourage "CSR Activities" through the NGOs.

In the above backdrop, I cannot find any better, committed, reliable and transparent NGO other than "abhaya Foundation" which has an impeccable track record in serving the needy and distressed. If such a foundation is encouraged by corporate, then, the Objectivity and the Policy of "CSR" will be better served. Salute to ahayans!

## Search for the Destitute started...

Search for the Destitute started...join hands in the Mission based on the following guidelines... be in touch with abhaya founder on 9963002727

1. Person to be true destitute, abandoned on road
2. Mental condition to be stable.
3. Physically fit to take care of himself.
4. Age / gender is no bar
5. Need to have health check up before admission.

6. Police must be informed.

7. Need to shoot a brief video n photos about condition n share with abhaya...

8. should agree for relocation to home.

9. Volunteers must accompany with destitute in ambulance n admit at home after getting ok from abhaya team.

abhaya need to spend any thing about 5k per month on each of the destitute... going forward.- **abhaya Team**

### The 1st Search for destitute concluded with his blessings at Hyderabad!

Based on the email appeal received from Ram, Chikkadapalli, Hyderabad, abhaya team met the destitute on the road. He is saying he don't want to come anywhere. He is ok with what he is right now. He asked for water & tea...we arranged to give them to him. He cautioned us while doing such work in the community as the situations are critical... also said GOD will give in abundance to those who lend their hands of support! We inquired with neighbors...they also said he is there for more than an year...he sits there only under the sun n rain. We were perplexed to meet such people... not able to say what he is? a destitute or AVADHUTHA!!!

## Dhurgamma (81 years) reunion with family after 6 months with abhaya:

నవమాసాలు మోసి, భవ, పెంచిన భవ, తల్లిని నిర్లక్ష్యంగా నడిచిపోయిన వదిలేశాలో కట్టి, తర ఫాడుకు, పక్షిమ గోదావరి జిల్లా బీమవరం ప్రాంతానికి చెందిన దుర్గమ్మ (80)ను ఆమె కుమారుడు వెంకన్న, వారం క్రితం బాగోలింగంపల్లిలోని సుందరయ్య పార్కు సమీపంలో వదిలేసి మళ్ళీ వస్తానని కనిపించకుండా పోయాడు. జవనాల్కులుదేగి, చూపు మందగించిన ఆ మాతృమూర్తి ఆకలితో నకనకలాడుతూ చేయి చూస్తున్న తీరు వలుపులని కలచివేస్తోంది.

**Update 1:** Sakshi Hyd City page 1: abhaya wish to welcome this mother to abhaya home. Volunteers searching for her now...see if someone near the area can help us...

**Update 2:** Durgamma (81) was tracked by EJP Prasad post receiving call from Chairman Sri Meda Narasimhulu who had seen her news in today's Sakshi... first report given at 10AM.

**10.30:** abhayan CS Kiran Kumar visited her, near Sundaraiah Park...tried to convince the lady to come to abhaya home...Lakshamma cobbler lady

who is taking care of her on road side since a week joined them to convince her.

**10.45AM:** a lady also reached the place in a big car... seeing the news paper clip n wished to help her. When seen abhayans already talking to her...without knowing who they are... she also started convincing her...

**11.00AM:** all of them could successfully convince her and brought her to abhaya Masab Tank. Founder joined them...2 vehicles proceeded to abhaya home...escorted Durgamma

**12.30PM:** reached home and welcomed Durgamma stating that she can happily stay there... she looks to be happy... hope she will adjust at home

**Prayers for her well being...** One important thing happened in all these things...the lady who came in Honda...she is Ms P Lavanya... While interacting with her...came to know that she is the better half of Sri Puri Jagannath...one of the star Directors of TOLLYWOOD. She was just got inspired seeing the abhaya campus... readily gave Rs.50k donation, assured to stand by abhaya with her monthly donation.

**Bottom line: if we do good work...GOD will start working in HIS way... Come...join...let us do HIS work...he will take care of us.**

## పండుటాకుకు ఆసరా

జననత్యాలుడిగి, చూపు మందగించి, రోడ్డున వద్ద పండుటాకును అడుకునేందుకు వలుపురు మానవతామూర్తులు ముందుకొచ్చారు. బంధాలు, అనుబంధాలు కలుషితమైపోయిన కాంత్రిట్ జంగిల్లోనూ మంచితనం, మనిషితనం ఇంకా మిగిలే ఉన్నాయని నిరూపించారు. 'రోడ్డున వద్ద బంధం' కేర్లకతో 'సాక్షి'లో ప్రచురితమైన వృద్ధురాలు దుర్గమ్మ దయనీయ కథనానికి అభయ ఫౌండేషన్తో పాటు సినీ దర్శకుడు పూరి జగన్నాథ్ భార్య లావణ్య వెంటనే స్పందించారు. మానవ సేవే మాధవ సేవంటూ ఆమెకు ఆశ్రయమివ్వడానికి ముందుకొచ్చారు.

సుందరయ్య విజ్ఞానకేంద్రం:

'రోడ్డున వద్ద బంధం' పేరుతో సోమ వారం 'సాక్షి'లో ప్రచురితమైన వృద్ధురాలి కథనంపై మానవతావాదులు విశేషంగా స్పందించారు. వృద్ధురాలిని అడుకునే దుకు మేమున్నామంటూ ముందుకు వచ్చారు. సమాజంలో ఇంకా కొంతమంది మానవతా మూర్తులున్నారని రుజువు చేశారు. కథనానికి స్పందించిన అభయ ఫౌండేషన్ చైర్మన్ మేడ సర్పింహాలు వెంటనే ఫౌండేషన్ కార్యదర్శి బాలచంద్ర, కిరణ్ కుమార్లకు ఫోన్ చేసి ఆమెను చేరదీయాలని చెప్పడంతో.. ఫౌండే షన్ సభ్యులు సుందరయ్య విజ్ఞానకేంద్రానికి సాక్షి దినపత్రికను పట్టుకొని ఆమెను వెతు క్కుంటూ వచ్చారు. వృద్ధురాలిని తమ వెంట రావాలని కొరుతున్న తరుణంలోనే.. ప్రముఖ సినీ దర్శకులు పూరి జగన్నాథ్ సతీమణి లావణ్య సైతం ఆమెను ఆదుకోవ డానికి అదే సమయంలో అక్కడికి వచ్చారు. దీంతో అభయ ఫౌండేషన్ సభ్యులు, అంతేకాదు ప్రతి నెలా ఆమెకయ్యే ఖర్చును తాను భరిస్తానని, 50 వేల రూపాయ లను ఫౌండేషన్ కు విరాళంగా ఇచ్చారు. అంతేకాదు ప్రతి నెలా ఆమెకయ్యే ఖర్చును తాను భరిస్తానని. ఇదిలా ఉండగా కృష్ణా నగర్లో నివసించే దుర్గమ్మ కూతురైన సుబ్బ లక్ష్మి, అల్లుడు రాజేష్ కుమార్ 'సాక్షి'లో

వచ్చిన దుర్గమ్మ కథనాన్ని చూసి తమ కుటుంబ సభ్యులకు చెప్పడంతో వారు కూడా దుర్గమ్మను వెతకడం ప్రారం భించారు. అయితే అప్పటికే ఆమెను అభయ ఫౌండేషన్ కు తీసుకొచ్చారని తెలుసుకొని, ఆమెను ఇంటికి తీసుకెళ్లడానికి మెహిదీప ట్యులోని ఫౌండేషన్ కార్యాలయానికి వెళ్లారు. ఈ సందర్భంగా సుబ్బలక్ష్మి మాట్లా డుతూ ఐదు నెలల క్రితం తన తల్లి దుర్గమ్మ ఇంటి వద్ద నుంచి తప్పిపోయిందని, ఎంత వెతికినా ఆచూకీ లభించలేదని తెలిపారు. అయితే అదే సమయంలో తన కూతురు పెళ్లి కావడంతోపాటు తన భర్త రామారావుకు యాక్సిడెంట్ అయి తీవ్ర గాయాల పాలు కావడంతో కొంత అశ్రద్ధ చేశామన్నారు. తన తల్లి గత 20 ఏళ్ల నుంచి తన దగ్గరే ఉంటుందని, ఇక నుంచి ఆమెను జాగ్రత్తగా చూసుకుంటానని, కన్నీటి వర్షమయ్యారు. ఫౌండేషన్ సభ్యులు దుర్గమ్మ కూతురుతో హామీపత్రం రాయించుకొని ఆమెతో వయ డానికి అంగీకరించారు. అయితే పూరి జగ న్నాథ్ భార్య లావణ్య స్వయంగా తన కారులో ఇబ్రహీంపట్నంలోని ఆశ్రమానికి కారును వంపించి వృద్ధురాలు దుర్గమ్మను కృష్ణానగర్ లోని సుబ్బలక్ష్మి ఇంట్లో దించారు. ఈ సంద ర్భంగా పూరి జగన్నాథ్ భార్య లావణ్య మాట్లాడుతూ.. తనకు సమాజ సేవ అంటే చిన్నప్పటి నుంచి ఇష్టమని, తన భర్త ప్రోత్సా హంతో ఇలాంటి సామాజిక కార్యక్రమాలను నిర్వహిస్తున్నారన్నారు.

## Mission started to welcome the those laying on roads.... observations by EJP Prasad:

Daily I see half a dozen people who made begging their profession at the park. They are given money, eatables by Walkers, daily. Our Krishna and Aggarwal regularly feed them with food, water etc.,. These people do not wish to move out of that area, as they are city confined. Any amount of persuasion will not change their mind set, which I have been observing for a couple of years. We need to bring our ambulance and move them to HOH, in a group, if we are capable of managing them there. Since they have fixed timings (5.30am to 8am) and afterwards go to different localities, it is difficult to convince them too. They have blood relatives also, and are not destitutes i& its true sense.

**abhaya garden:** Though the heat around is so much...the greenery & colours are at their best at abhaya home. It's really a feast for eyes...lots of vegetables are being grown by abhaya team over there since 6months. These are fresh from abhaya gardens

**Sowjanya Siva visit to abhaya Home:** Thanking Sivakrishna, Treasurer who visited abhaya home today with his wife Soujanya post they getting married in the last month. Also thanking Sri EJP Prasad, Coordinator, abhaya RPL for his kind time.

## It is time now to ask for time and service

Thank you very much for your time in explaining things over. I am not that eloquent in my words and presentation. Pardon me if any misimpressions as I am not an expert in anything. Advertisement, getting the word out, works for the destitute and extrapolating to serve others in needy with different purpose, land acquisition, procurement of items for construction,

building, revamping kitchen to accommodate the large volume, naming the places, donors contributions logging, your life mentors in the accomplishment of this goal, and how you accomplished the tasks is all wonderful.

To my understanding, having a mentor in life in very important.

You have got a great person Sri Meda Narasimhulu connected with the Mission abhaya Home, I hope to connect with him and get some guidance for my life, mainly career path towards management and service.

My personal critique on your work: I know still there are some finances to clear out.. but I feel it is time now to ask for time and service not monies. with team efforts a lot is accomplished. Now, involve the same donors to give their valuable time if needed which will influence others.

Focus now on a very specialized area one at a time and bump it up. To my observation, charities in US work on one subject area and people tend to look for specialization and work on it. Did you think about government grants?

Quantitative goals are missing - one prime thing missing in your work in envisioning the plan with simple formula. Pick certain number of people to serve by certain time. Pick certain number of youth to educate/empower by certain time. - **Indira Vadapally, USA on her visit to abhaya Home**

## Mission Mukesh

Mukesh got discharged from rehabilitation center at Bhadrak on 24/06/2014 and went to his village by bus like a normal child even though it is slow walking but without any support. He came to rehabilitation center during June 2013, after struggling for 1 year post operation of tumor on spinal cord in Manipal hospital Bangalore, with wheel chair and tears in eyes and went back to his village like a normal child with smile . This has become possible for the prayer , support and good wishes from all of us and in particular Abhaya Foundation stood as a pillar for his success to-day.

When

e n t i r e

village people from child to elderly gathered in his house to see him something miracle . Definitely It is a proud moment for us.

Mukesh wants to pursue his education in technical line like electrical/fitter in ITI at Bhadrak. I have asked one of a friend to gather information and cost involved so that we can guide him and support hime whatever possible. Regarding his disability certificate online registration was done and he appeared before the medical board at district head quarter hospital Bhadrak on 02/05/2014 but since his all reports are two years old he has been asked to undergo MRI/X-ray once again and submit the report and appear again. Rs.2500/- have been pooled in this month and I will deposit cash in Abaya Foundation Account No 33292038898 with SBI SPL PBB Jubilee Hills Branch on 30/06/2014. - **CMA Braj Raul, HAL, Bangalore**

**Mission Umacchander:**  
 His health is improving and we are quite positive. The main problem is his eye sight. Now we are concentrating on his eye sight. He is doing regular small eye exercises. Slowly it has to develop. Mind wise he has practice for keeping memory awake. Regarding my children Rohit is busy in joining the college. What shiva is giving to him I do not know. I wish best to him. Aakanksha her regular school started. She is in 10th now. Please sir bless both of them to come in life. My work is going as usual . More hectic but I like it. We wish Abhaya foundation and you should be cherished with happy and wealth in your lifetime. - **Padma Umacchander, Chennai**

**Mission Sireesha & Divya**

Its been three years since we support special children Sirisha and her sister Divya. During these three years, we have seen them suffering, learning, laughing and speaking. But with various health complications, they are not able to recover as we expected. If they move one step ahead, going back two steps in the next month. When we speak to Doctor, He too felt the same and said hopefully Sirisha can be continued for betterment but for Divya the chances are very less. It is difficult to improve her condition as she is 18 now. After listening to him, abhaya felt that it would be worthless effort to work on Divya. For these two months, abhaya paid fee only for Sirisha and also instructed her mother to work regularly to improve her condition. - **K. Siva Krishna, Treasury, Hyderabad**

**Mission Swathi:**

Mission Swathi... needed our continuous prayers... She is recovering well since Feb 13...post connecting to abhaya... KUDOS to TKR Engineering Students who stood besides Swathi's husband Venkateswarlu... such inspiring things can happen any where... that can handle any situation in the country

## Mission Vinod

Vinod Sirivella from Ananthapur District is studying B.Tech 4th year. On 25th March 2012 he met with an accident and lost his legs, which has made his life miserable. Due to this he had to discontinue his studies. He is from a poor family. He is looking forward to join in the college again and continue his studies so that he can secure a job after completing his B.Tech. Both his legs were amputated above the knees. He needs artificial legs now to go to the college which will commence from July 2014. He had visited the BIRRD hospital, Tirupathi which provides artificial legs at free of cost. Unfortunately the legs didn't fit to him, so they asked him to purchase imported artificial legs which costs around 3 lakhs. He lost two years with this mishap. He cannot continue his studies, if he miss this academic year too. Sridhar from Yuva Ohja organization called abhaya for possible help in this regard. They have pooled amounts to the tune to Rs.25,000/- and also another organization came forward to help to the extent of Rs.70,000/-. Still there is a need of two lakh rupees. Abhaya still need to speak to all the people involved in this to take forward this mission.

## Mission Sharvaneer

### PRAY for her recovery

GOD's grace alone making her to smile in the hands of HIS own Messengers called Parents... GOD is sure of their Power n Strength...He infused so much grace in their life for her care. Chalo lets feel gods WILL prevail over all of us.

# abhaya Learning Camp 2014, GVK School

**The Plan & Execution:** abhaya planned and successfully executed a 16 hour learning camp for 150 Students of Girijana Vikasa Kendra Orientation School (GVKS), Addategala on 28th and 29th of June. The program was structured in a manner to teach the kids, human values through games, learning through

practical sessions. It is the result of volunteers putting in their time and energy for the past 30 days on this concept. Over all the program was a perfect blend of values and skills like basic communication skills, moral values, success vs failure, importance of computers, healthy mind & healthy body, healthy living through cleaner ambience. Basic hygiene, mathematics & science tips, team work & presentation skills and finally sessions of inspiration, career awareness and study techniques.

**The TEAM:** abhayans Sreedhar, Hanumanth, Santosh, Babu, Karthik, Nayan, Vinod and Saketh started on 27th evening to the GVK School in the abhaya ambulance with the various gifts and toys sent from America by Smt. Indira Vadapally. The team there after joined by abhaya Yuva Sarathi team lead by Deepak Palli, Chikati Raviteja, Dileep, Teja from Vijayanagaram. The Founder accompanied the VIP's from Hyderabad to the School on 29th June for a day.

**WELCOME made us to feel heavenly:** The team reached the school by 9.30 in the 28th morning. The school located in deep forest. No communication with the outer world. Free from developed world chaos. The kids have an opportunity to study on the lap of the nature goddess. The greenery

around, the sweet music from the birds were like ornaments of the school. The kids were made to stand in two lines on the edges of the road that takes us to the school main gate. Small kids were standing in front, followed by higher classes. One dance team of 6 girls welcomed us with a song that describes their life at GVK School and around, followed by some tribal dance. They sang very nicely. The tune of the song they sang "mamidee, mamidee" was awesome as if it was composed by a music maestro. The Omkara symbol (ॐ), Statue of the goddess Saraswathi welcomed us to the school premises. These symbolizes the divinity of the place. That is not just a school; it was like a Vedic age Gurukula, where knowledge and skills blended with spirituality taught.

**May be they are the best dresses for them:** The other side we could observe the innocent looks and smiles of the kids. They don't have the shy of wearing torn/lose clothes. Many did not have buttons to their shirts. May be they are the best dresses they have. we could observe malnutrition with many kids.

**We jumped into ACTION:** We immediately jumped into action. Hanuma explained the program details to the staff while Santosh did the same for the volunteers. The team was divided into small groups of 2 members each. Each team was given a task to be completed in half an hour. Each team has to go to each class and has to complete its task of the knowledge day session. Hanuma took Career Awareness program to 8th,9th and 10th class students. Santosh and Sreedhar were aiding and coordinating all the volunteers.

**They were weak physically but smart mentally:** The sessions were completed by 1PM. We had lunch with the students. Their discipline was mind blowing. They went in lines to the serving desk. They sat in lines without much noise. They prayed before having the food. The lunch of around 150 students was completed without much chaos around. The students re-assembled by 2PM in their respective class rooms. To the post lunch session, the students were mingled with us very happily. Babu took the study techniques session to the 8th,9th and 10th students while other sessions were taken by other volunteers. The sessions were continued till 5PM.

**Games Carnival:** Then we arranged around 10 games stalls like dart board, hit the target, ring the letter, chess, etc. in the ground. The students came in lines and played all the games with lot of joy. They have learnt many values during the games like self discipline, trying till they succeed etc. Great thing inspired us was that even single carom coin did not miss in that chaos. They went for dinner by 7PM. We started projecting the movie "Alluri Seeta Rama Raju". few said tribal people will not mingle with other people. But I do not believe that after seeing the kids. They talked with us like their own brothers. We went to bed by 10.30PM. The arrangements were great. We had great sleep.

**Yet another unforgettable experience:** In the morning we woke up around 4.30AM. We went to the boy's hostel. The warden was waking up the kids. The rooms and beds were not in proper condition. The students moved to the ground. By 5.15 they started praying. Various Sanskrit slokas were sung by the kids. The Veda time slokas like "Sahana vavathu" to the patriotic songs of legends of the Independence revolution like Baghat Singh, Azad, Bose etc. They recalled almost all the legendary personalities born on this great land. Then they had sessions on some basic exercises. Then we had an opportunity to tell the students about the importance of singing slokas that purifies body and mind. Then we had session on yoga. we taught them few Yoga Asanas, Mudras, Followed by meditation. The students had a great time while they were doing pranayama. We tried explaining them importance of doing yoga and meditation daily. and I tried explaining few health tips to the kids.

**Campus cleaning session:** The kids were divided into teams and were given some part of the school to clean. They cleaned it very nicely. After all they have a good habit of listening properly to the teachers. They are well disciplined. Then they went for fresh up. We did bath with the kids. We could recall my hostel days where we bathed under taps in a row.

**Real Heroes:** Few were washing their pants etc. We tried explaining them how to wash clothes, they were murky. One student said that he had only one pant. It was really made me to feel sad. There are many students who have only one or two pants/shirts that too torn somewhere. The soap also works as their shampoo. They are the real heroes, not complaining about what they do not have. But adjusting with what they have and thinking creatively to meet their needs with the limited resources they had. For one kid I saw, one small soap is working as his bathing soap, clothes washing surf/soap, shampoo.

**The excitement to receive the Founder:** The students assembled at the entrance as few more guests are coming to the school lead by the Founder. They welcomed the guests similarly as they did for us. The guests gave chocolates to the kids. The kids felt very happy. The way they received says their level of mind maturity. They are well educated in terms of our culture and manners, may be they have been well trained by the teachers. Then we all had breakfast. This time we had the opportunity of serving the kids. Then the boys and girls were made

to sit separately for the health and hygiene session. The founder took the session for the boys while Indira madam took the session for the girls from 6th to 10th class. Then students were assembled in the open air where the Founder interacted with all the students along with accompanied VIP's and guests the hygiene session. A student named Nandu from 5th class could explain the audience about the importance maintaining cleanliness with hands, eyes etc. all the guests shared their experience/views on the school, Encouraged the kids to study well. Many donated money, materials, provisions, towels, books, toys etc., few donors promised to serve the school in terms of money or kind.

# abhaya released Mobile APP & Launched [www.gvkschool.org](http://www.gvkschool.org) in support of Tribal School

abhaya Foundation smart phone application and the Website of Girijana Vikasa Kendra School [www.gvkschool.org](http://www.gvkschool.org) was launched in the presence of hundreds of Tribal School Kids, Teaching & Non Teaching Staff, Board Members of School, abhaya office bearers, Volunteers, Industrialists, Technocrats, VIP's, Well wishers, leaders of Government and President of RK Math at Kolla Veeraswamy Klyana Mantapam at Rajamundry on 29th, June. The hall was filled with philanthropists from various places in and around Rajahmundry.

Founder of abhaya foundation initiated the events on the stage sharp at 5PM as per the schedule. The event started with welcome dance by the tribal students. Followed by lighting of the lamp by swami Kapaleeshananda. Prayer songs were presented on the stage. Thereafter there was a skit presented by tiny tots of tribal School. The students narrated the story about how school started, how the students are studying, its achievements, how abhaya is supporting the school, their objectives. Their teacher who was giving voice over posing questions to the kids as soul of the founder of the school. He got electric shock because of short circuit with the mike, but he did not stop talking as the soul. That represents his spirit of being a great teacher. Founder congratulated the school for having such dedicated teachers.

The Jt Secretary, Sri Bhavanarayana presented the Annual Report of the school briefly outlining the issues that are being faced by the school and its administration. Sri. Bhavanarayana while presenting Secretary's report gave a brief account of the reasons for establishing a Tribal school in a remote village, in 1975, by the founder, Late. Sri. Karaga Satyanarayana, how he used to go around the nearby villages, convincing the parents-- who are not exposed to civilization, by going on cycle, covering around 15 to 20 kms etc., .In the previous academic year, one of the students secured 9.0 grade and for the past 13 years there is 100% pass in 10th class and with distinction. Computer education is imparted from class 3 on wards. He profusely thanked abhaya foundation which has been extending excellent support for nearly 2 Years.

He informed that the Committee is made to spend an extra amount of Rs 12 lakhs p.a, to keep the school going and the burden is felt now. He appealed for support from the Govt as well as the public. He requested the dignitaries to use their good offices with the Govt and provide rice @ Rs.2/ per kilo, for using at the residential school, provide fencing to the premises etc. Presently Hansraj G. is giving 75 kgs of rice every month, he stated.

Old students, Teachers, Full time Volunteers took the opportunity of sharing their wonderful experiences with audience which made everyone present became emotional. Then the President of the school, Sri Ramanujam Bung shared the dire situation in which the school started with a vision to creating a difference in the lives of tribal kids about 5 decades ago.

By the time the above coming to an end, Sri Gorantal Buchaiah Chowdary, MLA, Rajahmundry Rural, Sri Murali Mohan, MP, Rajahmundry, noted Film Actor & Philanthropist of AP, Sri Akula Sathya Narayana, MLA, Rajahmundry Urban reached the hall. Founder addressed the gathering and shared how abhaya supported the school from last one year. He then invited the guests on to the dais. he asked Sri Murali Mohan, MP to release Mobile APP designed by Graylogic Technologies Ltd, Hyderabad for spreading the cause of the abhaya foundation. The school website [www.gvkschool.org](http://www.gvkschool.org) was launched by Sri Gorantla Buchiah Chowdary, MLA.

Sri Murali Mohan shared his thoughts on education of the tribal people, highlighted that NDA Govt. is looking forward to avail IITs like education in villages and to the poor students. He also presented abhaya silver medals and cash prize for the previous batch 10th class students

who secured 9 points & 8.5 points. He promised to do his bit for the development of tribal school and appreciated efforts of abhaya in making the school known to everyone with their association.

Sri Gorantal Buchiah Chowdary, MLA, shared his thoughts about tribal welfare and appreciated the board members for their selfless work. He also promised his all time support. He declared Rs.25,000/- donation every year for the development of School.

Sri Akula Sathya Narayana, MLA spoke on the occasion and expressed his willingness to support to the school. He said, he missed flight and came to see the tribal school kids with a delay. But felt immensely happy about the good work happening.

Afterwards, Lalitha and Nandu (Chakla Geetha Bala Veera Durga Nanda Veerakeswararao), students, recited Sanskrit slokas, explained their meaning in Telugu and about health / hygiene, aarogyam / bhadyata, respectively-- to the delight of the audience. They are presented with cash mementos by Muralikrishna, Subbarao, spontaneously.

Subsequently, M/s Muralikrishna, Indira Vadapalli, Srinivas spoke, and expressed their happiness of associating themselves with this school and promised their support in future too.

Swamiji then gave his blessings and message and applauded the performances of the students and hoped that the Govt., public would extend all assistance for the school. He appealed all concerned to uphold Hindutva, in it's true meaning. He felt that this school is the BEST MAINTAINED school in 7 Mandals.

The program lasted until 8.30 PM and not even single well wisher left the hall till the end. Everybody were surprised seeing the talent show by tribal kids. Finally the objectives, ideals and vision of the school reached scores of philanthropists and politicians around Rajahmundry came forward to lend their hands of support. Hope great grate leaders will emerge from the school. -- Reported by: **N Babu Reddy, Volunteer, Hyderabad**

The 16 hrs schedule is successfully imparted by the team and the children too responded magnificently and felt happy to be associated with a technically qualified, humane, vibrant group like this. The welcome dance by students on our arrival moved the spirits all of us so much that all the ladies joined the

children and together, they performed dance to the delight of all. There was very fruitful interaction with the inmates on various aspects--both in the classrooms, outside and the children displayed their talents which are VERY ABUNDANT, to the disbelief of the visitors- by conversing in Sanskrit, reciting poems, explaining the meanings etc.,

It is felt by all those present at the event... that as always, the whole INSPIRATION behind this SPIRITED PERFORMANCE by these children, the Founder, who guided, encouraged, advised, prompted children to perform to leave such unbelievable impact on the on lookers. During the whole process, they displayed the kind of discipline, enthusiasm, focus which is normally not expected from school children more so from Tribal children, learning in a remote village in the forest. All the visitors, without exception, are overwhelmed by the performance of these children and felt very happy to be associated with them at least for a day.

Finally I had the privilege of being part of this unforgettable experience at GVKS and I spent thrilling moments with the children there. What amazing talent they have been displaying even though studying at a remote place in a forest!!! Hats off to the Committee Members, the teachers and the wonder kids! The children there talk fluently in Sanskrit and chaste Telugu too. Lets wish all of them BEST luck. - **EJP Prasad, Coordinator, Hyderabad**

Me (Santosh Bandarupalli ) and Hanumanth Rao Bandarupalli, had a life time tour with Abhaya team to a tribal school in the midst of dense forest to

understand the abilities of tribal kids. Initially we had a prejudice about the school that it would be a small school with few kuchha buildings. But all our assumptions were wrong when we saw the school. We all stay in towns and cities, where there is no room for playground, playgrounds in school became a myth now a days but this school has proved it all wrong, when you observe the surroundings, it is a perfect location for learning.

We have first time experienced the traditional tribal welcome; it was so touching as all the dancers (students) are very much involved in the dance. Another main part of the welcome songs are they meanings of each song, it gives a complete description about their living and habitat. We reached the school on Saturday early hours and we have conducted some activities until Saturday noon and in the evening we have conducted few games to know the kids interest. Surprisingly we were shocked to see that these tribal kids can give a cut throat competition to the kids in towns & cities. Also created awareness on various acts like basic knowledge on Computers, Goal Setting, Moral Games, health and hygiene. Atleast once in his life time each & every person should visit this school. **It's a collective Feedback from SANTOSH & HANUMANTH RAO**

am so much impressed by the children of GVK School. Frankly speaking, I do not know how to tell my name in Sanskrit but students there... chanting poems in Sanskrit. The environment of school is like divine place. In 2 days, I understood that students are so talented, Just that there is a need of proper guidance for achieving their goals in future. During web launching event at Rajahmundry, the role played by the Founder is unforgettable. I think this event will remain like a miracle in GVKS history. When we were talking with students, some students are about to leave that school because of home sick. I think by seeing yesterday event they won't leave that school. Thank you abhaya, for giving this opportunity to show our love to the students of GVK school. - **T Karthik, Coordinator, Hyderabad**

## Most of the thoughts shared by Founder in 2013, translated in to ACTION

Launching of website the GVK took place on 29th June'14 at Rajahmundry. It was indeed a memorable moment in the History of Girijana Vikasa Kendram.

GVKS started its services with 25 tribal students in a hut about 5 decades back by Late Sh. Karedla Sathayanarayana Service

oriented and sh. R.K Maheshwari, AP Paper Mills, stepped in the first instance to provide their social services with support to Food, Dresses and Accommodation in the year of 1975 which is still continued with all the facilities for above 180 students from more than 35 tribal villages. The institution is being run with the support of Volunteers, Trustees and Donors in the old buildings that was constructed long back even today.

I am feeling proud to share that I have provided my social services to GVK and spent time with the students, staff & villagers for the period from 1993 to 2001. Seeing

Founder's interview in Sakshi News Daily, I approached CS Balachandra Sunku, during the month of April 2013 and acquainted him with problems of students and about the dream project and requested him to visit the project. I was very much surprised when he promised to pay visit to GVK in the month of May 2013. It was that time, he mentioned about the following:

- ☞ Creating a website
- ☞ Applying for 80G Exemption
- ☞ Ideas for monthly support
- ☞ Executive Team to assist
- ☞ Training for Teachers/MC
- ☞ Getting Computers to the School
- ☞ Providing Water Purifier
- ☞ Creating a Toys/book bank
- ☞ Support to refurbish infrastructure

Most of the thoughts shared by him translated in to ACTION within the span of 12 months. 80G Exemption & Water Purifier are the 2 things pending due to technical issues. The launching of [www.gvkschool.org](http://www.gvkschool.org) is finest gesture of abhaya in making the world be aware of GVKS.

We salute scores of abhayans who stood besides GVKS selflessly for the welfare of most back ward communities in the tribal areas. We hope abhayans will be with us in making us as able instruments for GVKS development in future. -

## Feedback from YUVASARATHI Team

It is a wonderful experience visiting Girijana Vikasa Kendram (GVK). I am really inspired with the way they prayed before eating. They had great discipline in the school. We have interacted with all the classes of GVK. All the students treated us like their own brothers and it was so happy to experience such warm wishes from my dear brothers and sisters. In the evening session personality development games were conducted by us in which we too had great fun in volunteering. All the students played the games with lot of enthusiasm and it was an awesome feel being a part of such great social event. It is a journey of new social life which taught us many things and made us experience the real part of the country which should be developed. They are pure hearted pupil who still need many facilities to continue their education and definitely I am ready to serve them as a souldear. - **DEEPAK PALLI, Software Engineer, Vijayanagaram**

It is an amazing event (visiting GVK) in my life. Though we visited many villages under NSS, this particular experience is invaluable for me. The way we were received is really awesome. We are amazed by the discipline of the children. We found the children eager to gain knowledge unlike many of the students having all the facilities. In the morning session K-day events were organised and it is a grand success. Students as well as volunteers enjoyed a lot in the evening session (fun day events). They played the games with enthusiasm. We danced with them and watched "Alluri Seetharamaraju" film with the students, we sang with them and ate with them. At the end of the day we thought the event should have been a bit longer. We miss the students, their smile sand the place. I'm looking forward to serve in such events which benefits students as well as volunteers.- **DILEEP VARAMA CHINTHALAPATI, Software Engineer, Vijayanagaram**

For past 14months, abhaya is working on Girijana Vikasa Kendram, Venduru Nagaram, E.G. District. It was on the first meet, abhaya instructed the team GVK to work on Website to spread the cause. Finally with the help of Gray Logics Technology team and abhaya follow up they shaped up the school site. Abhaya planned the web launch in Rajahmundry, which is feasible for many people to attend and also for VIPs can be invited. Main aim behind this web launch is to spread the awareness and raise some donations to run the school. The situation is very pathetic at the School. There were 150 students in the school. Though they are good at studies, the living conditions are very bad. All the buildings were constructed about 50 years ago. They are mostly damaged with time and lack of maintenance. There is no compound wall and the toilets are in worst condition. People who visit the school will definitely move with these conditions. The staff is facing many difficulties in collecting sufficient rice and vegetables for running hostel. The motto of the web site and visit is to propagatate this need to the world.

The meeting went well and I hope it was successful in motivating 300 people. The school got promises to the extent of Rs.1,00,000/- per annum. Though it was not sufficient, but I feel this as the first step for good result. I thank abhaya for giving this wonderful opportunity. - **KSV Sivakrishna, Treasurer, abhaya Foundation**

Our visit to Addateegala was very much exciting. The GVK School is well planned, maintained, trained the children thorough. It is place in a very remote and Tribal area in East Godavari Dist, Andhra Pradesh. The boys and girls are getting very good education, awareness and we feel they will turn in to very good high positions in their lives and feel that they will be well placed, with the way the children are molded & trained under the guidance of dedicated Teaching staff and full time servants of School... added to them in the latest is abhaya Foundation. I was exlaimed to know that all the 10th class students are 100% pass with distinction, for the past 10 years, which is not there in any fully equipped Govt., Schools. It is very great. Hats off to the entire team of abhaya foundation for their kind hearted support to the school for the past couple of years. It needs lot of moral and financial support from the people like us to develop and bring the children from Tribal to modern life and to make them useful to the society. We will extend our support to the GVK School and we wish all the best!! - **Sanka Muralikrishna, M.D, Ortin Laboratories, Barkrtpura, Hyderabad.**

# Mission Sevalayam - Update

Long time I wrote to you. We are very thankful for donating the 6 nos.of Solar Lamps. It is being planned to fix permanently for charging and this will help the Sevalayam warden to reduce his EB bills. Thus, you have helped and shown us another way to save. We are grateful for this Mr.Thirupal and convey our gratitude to all those involved in this thoughtful act of helping Sevalayam children in different ways.

I am happy to inform that the Sevalayam students contribute Rs.10 / head / month in accordance with the promise made to you on the day of your visit to Sevalayam. They are also eagerly trying to save in the hundial given to them. What you have sown today will grow to a big tree one day and the students themselves will be enjoying the fruits. Also, 20 new members are added in Rs100.- /month scheme and we are working to spread it further.

It is decided to renovate the room where 10th class students stay with the grant of abhayans' contribution SIr. I am working with Mr.Thirupal for streamlining the process. Though the buget is around one lakh, we start with your help and shall mobilise funds again to get this done SIr, of course with all well-wishes and blessings of Abhayans. I find through Whats up, face book etc, about the lots of services you do and i just sit and wonder at them SIr. I shall try to do small things in a limited area and so, i can just admire you and nothing better ! Hats off to your services and May our Goddess Meenakshi give you a long healthier and happier life so that lots of people will also share and enjoy the same - **Arumozhi, Retd BSNL Employee, a Volunteer at Sevalayam**

Post our visit to Sevalayam, Madurai, we have approached many corporate heads in the circles and high profile people having connections with corporate heads during June 14 to rebuild the entire campus through CSR Program. Many of them responded positively, we are expecting something will surely happen by the end of financial year enabling us to build it by making 2-3 corporates coming together.

To support ongoing repair works, CS SP Nagarajan, (Rs.5000/-) CS V Jayagopalan (Rs.5000/-), CS.Bhargavi Reddy (Rs.4000/-), CS Surya Mishra (Rs.5000/-) CS Geetha Shashidhar (Rs.5000/-) and CS G Thirupal (Rs.8000) professionals from Bangalore are kind enough to show their empathy towards Sevalayam with abhaya. abhaya alsogranted Rs. 18,000/- making the pool to Rs.50,000/- and kept it ready to be spent for procure the Roof Covering Sheets and other materials for room accommodating 10th Class students.Hoping for the BEST... All cannot do everything, but everyone can do something! come let us do that something for the benefit of those in need.

We are trying to connect like minded people wherever they are situated to Sevalayam using our contacts. As part of this I have connected my good old friend CS Sheetal hailed from Pune having good association with Gandhi Smarak Sangrahalaya, Sabarmati, Ahmedabad, Gujarat 380027, who is now on all India Tour, visiting orphanages, differently abled people etc., and she travelled till date more than 4000 KM on her 4 wheeler along with her friend. Last week she met the Sevalayam and interacted with team of people. One of my clients Lanleo Energies LLP - its Managing Partner Mr. T Ramakrishna has donated 6 solar lanterns for solar. I have added my might of Rs.3000/- to procure the panels for the same. CS Sheetal was kind enough to carry these lanterns with her on en route from Bangalore to Mudurai and handed over them to Sevalayam team and given them demonstration to use the same. - **CS G. ## Swapna...

Mother is a maid servant...  
Father left the family long back  
They sought abhaya's support...  
abhaya stood besides them  
since 3 years from her Class X

She got 73% in I Inter...  
abhaya lovingly but strongly  
told her that she should be TOP  
in class to get continued  
support for her II Inter...

She took the Challenge... wrote  
improvement...  
TODAY results declared.

1030pm Founder not aware  
of this called her as to know  
the status of results...

She hesitatingly informed  
that today only she got  
the result... she secured  
86% and stood class 1st,  
but didn't inform abhaya  
thinking that 86% less...

## IMPORTANT for students seeking HELP

The students who are pursuing higher education, belong to poor economic back ground may approach abhaya seeking support any time. But before that following guidelines must be followed. Then only their request will be processed

1. Need to send a brief resume
2. explain family background
3. describe the issues faced by you
4. What did you do for overcoming the issues
5. What is the need after meeting from your end.
6. Whether you are meritorious in class/ standing in TOP 10
7. Who gave you the reference of abhaya
8. What is your contact number/ email id
9. Copies of Mark lists, Certificates, Photograph, fee estimate
10. Letter from Principal stating that there is a need for support along with their contact numbers

Then, we can meet you in person and understand to provide you support. - **abhaya TEAM**

# Educare Update

On 19th they conducted second internals .I performed normally in those exams .From June 3rd onwards pre finals will commence .so am working for it In preparation holidays I prepared one Schedule & I was able to follow it only for few days . I started the program with my prayer song [MCI meeting ] which is only meant for doctors & professors in my college as per the request of my professor, I performed well in that function. I involved in last month's review meeting .I was benefitted by that session. In this month I didn't participate in any service activity though I got many opportunities because I , m having some tensions in my studies & I just remained focusing on it. Finally I have spent my time in this month with busy schedule with records, exams, etc., and it was embarrassing without any service activities etc., but I have to accept it because it is my responsibility to read & I must give my priority to it. - **K. Sailatha, 1st MBBS, Ananthapur Govt. Medical College**

My 1st M.Tech (1st semester) results were released and I got 79%. I went to abhaya HOME OF HAPPINESS during voluntary meeting and I learnt what to do to reach our goal by keeping small goals first to reach the final goal. Now there is a need of Rs.6000/- to pay for hostel fee that is for the two months as I did not paid for the last month also i.e., May & June. Due to time deficiency to prepare for group1 exam as the notification is expected soon, I did not made any efforts to arrange required funds without depending on foundation. I wrote postal exam very well on 25th may and expected good results. I am preparing well for group1 exam and also for SBI bank PO exam which was on 18th June and I want to attend M.Tech classes on Sundays as the 2nd semester exams are also there in next month. I want to keep my full efforts and concentration on group1 exam and wanted to overcome the prelims examination. When I went to ABHAYA HOME OF HAPPINESS during last month I was surprised and felt very happy to see all the volunteers there who are able to dedicate their part of life in helping society even though they were in need of some help and i am thankful to god for placing me among those . And I also thought that I should also motivate myself to take part in such type of work which leads to serving society. - **M. Haritha, IAS Aspirant**

I'm writing my sixth semester examinations from May-20. The exams will be end at June-11. I will inform my position in the class after the results. Me along with my friends visited an orphanage trust and spend 3 hours with those children on 18/05/14. We conducted small games and it was very happy to see them playing and having fun. We like to visit them again in the semester holidays. I have attended the session on Leadership skills held on abhaya home of happiness which happened along with Educare meeting and I had collected Rs.100 for this month. I'll give it to abhaya on my visit. My college will be re-opened on 2nd of July. I have to pay the college fees before college reopens. I saved Rs.3000/- earned by tuitions and need Rs.15500/- from Abhaya to pay my fees. I will get the complete fees detail after my exams are over. I will mail the photocopy of my fees detail on 12th of this month. I'm taking home tuition and earning Rs.1500/- every month. I'm saving the money as much as I can from my savings for paying the college fees. I aimed to save Rs.8000/- for the fees but as I did CCNA course and shifted my home I managed to save only Rs.3000/-. I was selected for CRP (Camp Residential Program) along with 40 members for campus training. I have to stay in the college hostel for one week (from 16/05/2014 to 22/05/2014) to attend that program during the semester holidays. I successfully completed the CCNA course and my semester exams are likely to be finished on 11th of this month. So I intend to develop my soft skills which could help me to get through the campus interview easily. This camp residential program will benefit me more. I'm preparing for my placement training and equipping myself to get placement in this year. I hope that I will attend my campus interview after the end of next semester (Seventh semester). I attended the session on Leadership skills it was very useful. Being a class representative I thought leading and controlling a group was only called as leadership skills but after this session I understood the point that the Leader must be a team player first and the person who grow by improving the growth of the team is the real leader. - **Govindarajan, 3rd B. ## Abhaya Vignan School - Update:

abhaya Foundation provided uniforms costing Rs. 25,000/-to all the students of abhaya Vignan School as part of providing value education... thanks to all those who are supporting the cause. Also providing 1500 note books worth Rs.20,000/- provided by NRI Indira Vadapally, USA... further there are other needs to be attended... if interested to be part of this good work... most welcome!

Classes were going on as usually. Canvass done. School started on 1st June. Admissions are opened on that day about 25 students being given TC due to their promotion to VI class and other reasons. About 29 students joined newly . Abhaya foundation supplied uniform and 1550 note books with the support of VADAPALLY FAMILY U.S.A-INDIA freely. Students & Parents are happy by the free supply of uniform and note books to the poor and rural students. We were thankful to Vadapalli family who supplied free note books to all the students.

Our school teachers attended one day training program on Human values conducted by Sri Sathaya Sai Seva Org, Anantapur at Kalyanadurg and also met the Founder on 15-06-14.We learned more things. The teachers in turn implementing the value based education and human values in the school. We were very thankful to SriC.Balachndra who preached the human values to our teachers. Now the strength of the school is close to 180 for the academic year 2014-15 - **B. Padmavathi, HM, abhaya Vignan School, Erragunta**

## Indira Vadapally, USA support to abhaya schools in India:

Thanking Vadapally Indira USA with her family members donating about 8000 note books through their family head, V Satheiah, Hyd for distributing them to the students of abhaya supported schools. Thanking Raghu Babu G, BV Prasad, CS Balachandra Sunku & Sree Sree for the efforts behind this good work.

## Board update - 12th June'14

**Operational expenses for abhaya Home:** As of now Rs.5,000/- per head being spent on each of the inmate at home. If in case the number is to be increased to a level where activities can be further showcased... then there is a need to have continuous/consistent flow of monthly donations. CS K Sathish Gupta came forward with Mission 1000/- where in the plan is to bring in 100 abhayans who can spare Rs.1000/- PM.

**Building Corpus for abhaya Home:** Sri Meda Narasimhulu strongly felt that there is a need to build a corpus for abhaya Home. While members agreed to this fact requested each member to take him with them to their friends/ relatives to lend their hands of support.

**Abhaya Home - HMDA Approval:** Members opined that NO Action needed as the Application is pending with HMDA and if they come back... then let us attend to that. Considering that ours is a NGO... let us wait and see the outcome.

**abhaya to host a CSR Seminar:** Considering that there are provisions in new Companies Act, 2013 in regard to CSR which are mandating certain companies to spend 2% of their profits on Community work... abhaya can host CSR Seminar in July/14

**abhaya new office bearers for 2014-2016: Proposed:** CS G Raghu Babu as President, KSV Sivakrishna as Secretary & CA BV Prasad as Treasurer with effect from August 15 2014. Members unanimously agreed that the Founder's word be respected considering the fact that the good work happening with abhaya.

**Appointments/Resignations:** Er Rajasekhar, Er Naveenarjuna Rangaiah previously requesting to consider their relieving from the Board. Though abhaya wish to have each one of them to continue on the board... however, considering their requests it is decided to respect their word with a request to continue their support as usual. Further, Sri Meda Narasimhulu, Dr AG Ravindranatha Reddy being inducted as new Trustees of abhaya Foundation with effect from August 2014. Ch Ramesh is being relieved and CS K Sathish Gupta is being inducted as member of MC of abhaya Home.

**Annual Thanks giving ceremony 2014:** As previously done, abhaya proposed to host the event in November'14 and members present opined that as of now let us focus on CSR Seminar, Mission 1000 & Settling the bills for contractors and will take a call in the month of Sept'14.

## Rural Development Update

**Mission Venkatesh:** Today evening around 5.30 pm, Venkatesh rang up to inform that he has gone to Endolite India for his hand. It seems after taking the exact measurements, the concerned doctors there are of the opinion (which was also confirmed by Suresh earlier when he first saw Venkatesh) that he can only be given a COSMIC HAND, (which enables him to balance his body and give confidence when he goes out, but with that it is not possible to do things which a natural hand is capable of). Venkatesh is insisting to have a hand that allows him to do things normally. He is unable to understand the reality. Then I asked him to let those doctors talk to me since he is unable to express the position clearly.

I talked to the concerned doctors there and they repeated what they told Venkatesh, since his left over portion of hand does not allow other than a cosmic hand. Immediately i talked to Mr.Suresh and asked for his opinion in this instance. He also said the same and stated that from the beginning they are of the opinion that he can only have a "cosmic hand", because of left over portion of hand. He further stated that even if they try something different, it will not give the desired result besides, the cost will be prohibitive. Hence he suggested to have a cosmic hand to Venkatesh. I explained the whole thing to Venkatesh, stated that the concerned doctors are better judges of his

condition, and asked him to take a final decision, in consultation with his family members, and inform all concerned.

During last week he informed that he has met TRS Minister, Mr. K.T.Ramarao, who promised to get his both hands that can help him do normal functions. I told him I saw the Channel clip the other day and asked him why he didn't inform us on that day itself. He replied that he could not do for some reason and he is doing it now and it seems the Minister wanted a letter from Endolite India giving their observations on his hands to proceed further. He feels that the Minister would help him get a better deal than what is promised by Endolite India. He feels he is maintaining balance of body now and it would be better if can use both hands to improve his life style, in future. I asked him to inform abhayafoundation with full clarity, take permission and then proceed. He may talk to the Founder on this aspect. I feel, if it is going to help him by giving physical comfort, without financial burden to abhaya, we may ask him to proceed.

**abhaya Aathma Viswasam Welding Unit:**When the founder interacted with Smt Lakshmi & her son Ramesh at Rajahmundry, providing them a COW looks to be a costly venture. Whereas considering Ramesh working in a nearby welding factory, he felt that with lesser investment welding tools can be brought and give them on daily rent. If he has time, then he can also do some part time job after finishing his regular job. Then the founder suggested him to collect the estimates of tools/equipment/cost/rental income vs investment enabling the well wishers/abhaya team to discuss and decide about the support. - **abhaya TEAM**

**abhaya Aathma Viswasam Paper Agency:** Anand from Aadoni has requested abhaya to help him in starting daily News paper distribution, so that he can stand on his own. As he is a Muscular Dystrophy patient, abhayan Sri Chakravarthi from Kurnool took his time to visit Anand and his family. Here are the observations: Anand is living with his family consists of 5 members, Father, Mother, Brother and Sister. Father worked in a hotel and a few years ago he suffered from Heart problem and after the surgery, not working anywhere. Mother is a home maker. Sister aged about 20, left her studies and now working in a nearby school to teach nursery kids. His brother, who studied SSC is the only breadwinner for the family, working in oil shop earning about Rs.5000/- per month. Earlier to this, his brother worked with Leading Newspapers Eenadu and Sakshi. With his previous experience, he is confident of helping his brother if he take up Newspaper Distribution. The estimated cost to start 500 papers is about Rs.93,000/-. After all these updates, abhaya asked Anand to pool funds to the tune of Rs.15000/- and meanwhile abhaya try to support for the rest. He responded positively and working on pooling funds in a month or two. - KSV Siva Krishna, Treasurer, abhaya Foundation

# "Corporate Social Responsibility"

from initiation to implementation

a full day seminar

on Saturday, the 26th July 2014 at FAPCCI, Hyderabad

hosted by: [www.abhayafoundation.org](http://www.abhayafoundation.org)

Community Work is something which is done since ages. But in spite of such service being done by many people viz; Kings, Governments, Philanthropists and Corporate Houses doing their bit.... still poverty, starvation, illiteracy, pollution, global warming and other related problems exists in society. May be the more efforts and more people needed to join the movement.

law, thereby promoting the welfare of people We being companies have been contributing to society by doing business and creating employment but now it's the time to add some more feathers to our hat and promote CSR, thereby developing the Nation as the whole.

**With such thoughts in mind, abhaya Foundation in order to create awareness about the provisions of latest Companies Act, 2013 organising a full day Seminar for Corporate Heads, Directors, Professionals on Saturday, the 26th July 2014 at KLN Prasad Auditorium, Red Hills, Hyderabad.**

## About abhaya Foundation:

We know and heard about individual responsibility towards society but it is amazing to know that Government is very empathetically spreading the awareness about "Corporate Social Responsibility" (CSR). The Companies Act, 2013 is talking about CSR and encouraging the Corporate Houses to do their bit for the country.

abhaya Foundation ([www.abhayafoundation.org](http://www.abhayafoundation.org)) is a registered Trust founded by likeminded professionals (Company Secretaries, Industrialists, IT professionals, Lawyers, Educationalists) in 2006. The trust has been taking up projects in the areas of Healthcare, Education, Awareness, Rural Development and Transformation. Several projects taken up by abhaya have been well appreciated by the Corporate, media and fellow citizens and leaders of Society.

Being Corporate, we have done and are known for business, corporate governance, contributing to economic growth, employment, wealth maximization to stakeholders etc.,. But still CSR, if becomes part of Corporate Journey... then there would be prosperity for those in need in and around the country.

abhaya aimed to pool resources for its ongoing Projects by conducting a full day seminar on CSR at Hyderabad.

When one good step taken by a person is followed by few, it becomes custom then it becomes practice and then turns into

It was a pleasure meeting you all and knowing about the great philanthropic and social work you are doing for the neglected and down trodden. As persons, you are remarkable. As regards my support, I have explained to you my commitments to the Hostel, VFE and Vyasa among others. However, given time I shall do my best. Wishing you the best. - **Ramesh Gelli, Hyderabad**

My name is S Dedeepya, I got married recently and I am presently pursuing my masters in USA. I joined as a volunteer with my friend Anusha 2 years ago. The good work happening at abhaya left long lasting impressions in me many times. During my final B.Tech, wife of My lecturer Mr Venkateswarlu, Ms Swathi has suffered from cancer. When we brought that issue to abhaya... many abhayans responded very positively and supported them and the support is continuing even today whether there is a pool from our students available or not. So inspired from such selfless work from Abhaya, I thought it is my responsibility too to start contribution to abhaya and support it in continuing its good deeds. So I started saving from my pocket money and now I would like to contribute \$50 to abhaya. I feel it as a little amount but I assure you that I will support and contribute to Abhaya whenever there is a possibility for me to do. - **S Dedeepya, abhayan from USA**
