“HEART” Health Care Update

With our little resources we can help many Chittibabus

I am P V Chitti Babu resident of Hyderabad for the past 10 years. I am presently working with Brindavan Infrastructure Company Ltd.

My wife name is Ms Lakshmi Lavanya, aged 28 years. She was consulted to Mr. Upendra, our family doctor for Stomach Ache during the year 2008. My family doctor advised us approach Asian Institute of Gastroenterology (AIG) for complete check up.

She got admitted into AIG on 2.2.2009 and the hospital carried out Scanning, Biopsies and other medical tests. Doctors had informed us that she needs surgical intervention. The surgery has not given full relief. I had spent an amount of Rs. 2.5 lakhs by taking outside loans.

After 2 ½ years of medical treatment, Doctors informed that there is improvement in the Intestine. Doctors advised us to get admitted at AIG for further diagnosis and medical tests. They informed that if the tests comes positive, they will conduct the surgery for fixing the Intestine which will decrease the suffering of the patient.

AIG has given Estimation Certificate for carrying the operation which is amounting to Rs.1,60,000. Spending this expenditures is a

big burden on me and again it will lead to outside loans as my income and savings are not sufficient in meeting the expenditure. As of date I have a saving of Rs.30,000/- and the remaining amount of Rs.1,30,000/- is now needed for getting her operated.

Under this difficult situation, I am approaching for financial help to pay the hospital expenditure for going ahead with the surgery.

“Service is the worship you offer to the God in the heart of everyone. Do not ask for another which state he belongs to or which caste or creed he professes. See your favourite form of God in that other person; as a matter of fact he is not" other" at all. It is His image, as much as you are. You are not helping some "one individual": you adore GOD, in him. HE is before you in that form; so what room is there for the ego in you to raise its hood?”

THANKS Madala Srinivas saved... to Pfizer, Sivashakthi Group, MLA - Vinukonda

Madala Srinu (25 years) an agricultural labour, from Kondalayudi Palem, a remote village in Guntur District suffering from "Aplastic Anaemia" which is very fatal disease and the treatment cost is beyond his reach and imagination (Rs.8,00,000/-). They are being referred by Sri GV Anjaneyulu, MLA, Vinukonda with a request to take care of this man. He assured his support from his side and his company.

Abhaya at once called them and understood the seriousness and hopeless condition of Srinu. They just sold their one acre agricultural land which is only property with them and brought Rs.1,20,000/- and got admitted at NIMS. The Doctors over there suggested that this deadly disease has to be curtailed by administering the ATG Therapy

which costs about Rs.8 lakhs.

Abhaya then understood that the prescribed injection been manufactured by Pfizer Pharma and started scouting for a contact through known circle of friends. Vemula Avinash, MBA working for pharma company provided a contact in Cipla and the lady over there connected to Sales Manager of Pfizer. Abhaya briefed the matter and requested them to provide best possible discount on ATG. The officer was very kind in taking the appropriate approval from the company. They offered the 40gms ATG at around Rs.4,20,000/- as against Rs.6,40,000/- all this happened in just 74 hours time. Thanks to Pfizer for their kind hearted support. By this time Sivashakthi employees, management and MLA provided Rs.1,50,000/- and Srinu's relatives pooled about Rs.40,000/-. Abhaya prayfully provided rest of the amount. Srinu was admitted at NIMS and adminitsterd the ATG. Now he is recovering slowly.

The moral of the story is that: Nothing is impossible in this country... provided we have passion to do the best in the name of GOD.

THANKS to Dr. Narendra (NIMS) Pfizer, Sivashakthi, MLA-Vinukonda, NV Rao, Hanumantha Rao, Vemula Avinash and other well wishers of abhaya. It is all the TEAM work... Together Everyone Achieve Miracles.

The first prerequisite is the spirit of sacrifice. This can be developed only through love. The person filled with love is ready to make any sacrifice. Let love be ever translated into service, into beneficial acts, sweet words of consolation, comfort, and courage, and thoughts of sympathy and compassion. The ideal of service must inspire those in authority, those who possess riches, those who are endowed with skills and intelligence, leisure and health. Serve the community and the community will serve you. Exploit it and it will exterminate you. Put an end to laziness; bury your clamorous ego, bury the greed for power and pelf; then you have the qualifications needed for a Volunteer. The service that you render must reward you not only with your satisfaction, but with the satisfaction and relief of whom you serve.

Sasthry's hips replacement is success

Seetha Rama Sastry (65), is suffering from Hips failure and not even able to walk. There is no one to take care of him and family as there are no sons for the couple. Doctors at Kamineni suggested hips replacement and gave estimate of Rs. 6,00,000/-. The couple and poor married daughters terrified to know the cost. Uday Bhasker, a neighbour brought them to abhaya for financial assistance. Abhaya immediately consulted Dr. Shulapani, MD, Rajyalakshmi Hospital, Vanasthali Puram. It was shocking to know that this critical operation can be done with an estimated cost of Rs.2,50,000/-.

The family with lots of difficulty promised to pool Rs. 1, 50,000/-. After understanding the situation abhaya responded positively and readily granted the remaining Rs.1,00,000/- and Sasthry now successfully underwent operation for hips replacement. He started walking now on his own. The elderly lady Mrs.Sasthry says she had seen god in abhaya and bowed before the team with tears of joy.

The fulfillment of human life consists in the service that man renders, without any thought of return, in an attitude of selflessness. Service rendered in this spirit sheds light in the dark interior of man. It widens the heart, purifies the impulses, and confers lasting ananda.

If there is something in a vessel, it is possible to fill it with some good things. Therefore, in the very first instance, empty yourselves of all bad feelings and fill your hearts with love and selflessness.

Sandeep Desu... a living example of ~~LIFE~~ DEATH

21 years old Sandeep is the eldest son of Late Sri Ramachandra Rao and Smt. Desu Hemalatha. He just finished his B.Tech (IT) from Tenali College of Engineering, Guntur. It was in the month of January 2010, Sandeep went to Aruku with his relatives, where he first experienced a breathing problem, along with severe cough. Every one including Sandeep felt that it was some seasonal cold and it has been neglected.

Later in the month of June, 2010, Sandeep consulted Dr.P.S.N. Atchyuta Rao(Medical DMO) of the famous King George Hospital, he was then admitted at "Indo-American Cancer Hospital," Hyderabad. Since then he has been treated as an In-patient and out-patient frequently under the supervision of Dr.Senthil J. Rajappa.

Chemotherapy was started in the protocol manner, for which he responded positively and it continued till February 2011 and it was about Rs.10,00,000/- spent by him for the treatment which was supported by his College Management, College mates and relatives, friends

He was again admitted at the hospital and everyone shocked as his blood cell counts were very low. He suffered with severe fever for which he was given higher antibiotics that totally damaged his both the kidneys. His latest reports said that due to unknown reasons the cancer cells to be seen again and now he has to undergo the chemotherapy process again from the first cycle, with a higher dose of medicine. The estimated cost of Chemo is around Rs.20,000/- to Rs.50,000/- per month and for the dialysis process is around Rs.30,000/-per month.

Abhaya assured him its support on monthly basis for next one year and accordingly published an appeal for all abhayans.

But, he was frustrated with pain and agony... ended his life under train. He is no more now. Abhaya heartily pray his soul be rested in peace.

Krishna Sharma, M.Sc., breathing love...

Now looking forward to have kind support of abhayans to meet the monthly expenses of this family (say Rs. 5,000/- pm) for next one year or so.

Through sacrifice you will come to know that your real nature is charity. Charity does not mean that you have given some money to an individual or an organisation. The removal of all of the evil thoughts that are within you is true charity. Charity will, in turn confer purity upon you. Once you have purity, there will be unity. And once you have unity, you can reach Divinity.

Preliminary to any service, you have to uproot all egoistic tendencies, get rid of all sense of mine and thine and burn to ashes the pride that tomes of the feeling that you are offering service to someone poorer and less fortunate. Do not develop ego about your capacities while doing service. Be humble and think that God has given you an opportunity to do service. Whatever you do to others, your feeling must be that you are serving yourself. In fact and in truth, whatever service you are doing for others you are doing for yourself.

Do not think of the fame or praise you win; think of good that people derive. Do not crave publicity; crave the joy that shines in the faces of die people whom you help. Service brings you nearer to GOD. The flower that is your heart gets fragrance by means of the service you do, and so it become more acceptable to GOD. Love is the essence of that fragrance.

Do not crave publicity

“HEART” Awareness Update

Essential requirements of abhayans who wish to join the Mission Abhaya

- Self-strength & unification are the messages of abhaya to the people.
- Motto of abhayans who wish to join the Mission Abhaya:
- Fatherhood of GOD & Brotherhood of Men... is the messages of abhaya to the mankind.
- Service is not about benefiting others, but it's for self improvement.
- Post, position and designation are not the criteria for doing good work at abhaya
- No extravagance while doing good work... it must be low-key exercise.
- Never try for recognition, accolades and fame in the society and feel that service is our birth right & responsibility.
- Work is worship and let's do our duty without any expectations what so ever.
- “I” and “mine” are the words which pollute us, hence be away from such thoughts in life.
- Those who can understand, feel and be one with suffering and can see the agony of the next fellow are only eligible for service. Because, one should try to relieve themselves from the pain in the heart which occurred due to empathy with the fellow being. We should consider service as a way to lessen our 'SELF'.
- All abhayans should maintain brotherhood amongst themselves.
- Do acknowledge and Consider mistakes pointed out by others instead of thinking of our own good deeds.
- Participate in the service activities at least two hours a day.
- Do whatever but do it honestly and don't leave anything incomplete.

Abhaya's belief

- There is only one caste – **The caste of Humanity**
- There is only one language – **The language of heart**
- There is only one religion – **The religion of Love and**
- There is only one God!! – **He is omnipresent.**

Who are the real associates?

The real time associates of abhaya are those,

- who thrive for the spiritual development,
- who has complete belief in the organization that they work for,
- who can live the message of abhaya and
- who were known as Noble people in the society.

Further, while serving the needy in the society the abhayan must feel from the heart that he is living the message of abhaya in true sense of transforming himself in the process. Such thoughts must come from the roots of heart.

Your service will be judged with reference to the mental attitude accompanying it. So whatever work is allocated, do it with fervor, understanding, and reverence. In service there can be no high or low, for GOD is in all. Service to Man is service to GOD. It is the attitude that is essential. The particular item of service might be small. You may not get a chance to partake in some gigantic scheme of service through which millions may be benefited; you can lift a lame lamb over a stile or lead a blind child across a busy road. That too is an act of worship.
