Corona Vaccine

Considering the importance of vaccination, based on previous spandemics....India now focussed on vaccinating people. Vaccine remains our strongest weapon to fight Covid 19. Indian cumulative vaccination

crosses 30 Crores as of 25th June 2021.

National wide campaign like 'Jan hai tho Jahaan hai' are continuing in rural and remote areas to vaccinate all with 'Each one vaccinate one motto'. Bharat Biotech submits Covaxin phase 3 trials data to DCGI. Registration process for #COVAXIN trial begin for the children aged 2-6 years at the AIIMS, Patna.

Important to know about Vaccine

People should not be under false notion that vaccination is not required if you got Covid 19. Vaccine gives us needee protection through antibodies, cell mediated immunity and memory cells etc.,

* Covid appropriate behaviour like

wearing a mask, sanitising hands, maintaining social distance are essential even after vaccination.

- * Chances of hospitalisation decreases by 75 to 80% in the people who got their vaccine.
- Don't fall prey to rumours related to COVID Vaccines. The vaccines are completely safe and effective. Please go ahead and get vaccinated before it is too late.
- Quick vaccination is the key to open economy and go back to the normal
- We must know 3 villages in Nagaland received 100% vaccinated. Expecting the same with entire India in near feature.
- * At least 6 different types of COVID-19 vaccines to be available soon in India. Both the vaccines Covishiled and Covaxin work against the Alpha, Beta, Gamma, and Delta variants of SARS-CoV2. Covid 19 vaccine do not cause infertility.

Govt Initiatives

Health Ministry advises M a d h y a Pradesh, Maharashtra, Kerala to take up immediate containment measures in districts where delta plus variants of COVID-19 detected. The government is taking multiple steps to continuously assess and ensure the availability oxygen for Covid patients &

drugs required for treating Mucormycosis - both through domestic manufacturing & import. Thus government is leaving no stone unturned to smoothen the situation of treating Mucormycosis or Black Fungus. Lock down at various places in many states has been extended with wide relaxations.

Corona 3rd Wave

Not sure whether 3rd wave hits children or not but prepared with guidelines in the management.

Symptoms of children with covid 19 are same like adults, Fever, Cough Running nose, Headache/body aches, Weakness, Diarrhoea, Nausea and vomiting, Loss of taste /smell, Breathlessness. In severity we can expect Multisystem Inflammatory Syndrome (MIS-C) in children and adolescents temporally related to COVID-19

Multi System Inflammatory Syndrome in Children (MIS-C) is a new syndrome in children characterized by

- *Unremitting fever and epidemio-logical linkage with SARS-CoV-2
- *Diagnostic criteria (WHO)
- *Children and adolescents 0–18 years of age with fever ≥3 days

- *Conjunctivitis or muco-cutaneous inflammation signs
- *Hypotension or shock
- *Features of myocardial dysfunction, pericarditis, valvulitis, or coronary abnormalities (including * ECHO findings or elevated, Troponin/ NT-proBNP)

- *Evidence of coagulopathy (PT, PTT, elevated D-Dimers)
- *Acute gastrointestinal problems (diarrhoea, vomiting, or abdominal pain)
- *Elevated markers of inflammation such as ESR (>40 mm), C-reactive protein (>5 mg/L), or procalcitonin and no other obvious microbial cause of inflammation, including bacterial sepsis, staphylococcal or streptococcal shock syndromes.
- *Evidence of recent COVID-19 infection (RT-PCR, antigen test or serology positive), or likely contact with patients with COVID-19
- *Alternative diagnoses that must be excluded before making a diagnosis of MIS-C *
- *Tropical fevers (malaria, dengue, scrub typhus, enteric fever)
- *Toxic shock syndrome (staphylococcal or streptococcal)
- *Bacterial sepsis, MIS-C with Kawasaki Disease (KD) phenotype is characterised by fever, conjunctival redness, oropharyngeal findings (red and/or cracked lips, strawberry tongue)Rash,swollen hands and feet and cervical lymphadenopathy.

It is fascinating to witness the organised way of like minded volunteers and SoulDears coming together in fighting with Corona taking abhaya as their platform since 2 months.

Many SoulDears are working hard and heart in creating awareness through social media platforms.

100s of Board Members, Volunteers, SoulDears & Doctors from different states like Telangana, Andhra Pradesh, Karnataka, Kerala, Tamil Nadu and Maharashtra came up with many posters, thoughtful videos, short films creating the best possible awareness in usage of masks, method of sanitisation, usage of vaporiser / pulse oximeter, vaccination, health tips in managing covid, counselling videos, awareness about abhaya sahaaya etc., in different languages.

Founder is so kind enough in giving perfect shape to our skeletons by tightening some one at some place and loosening some one at some place.

I am so mesmerized and deeply contented to see the passion of each one coming for their own churning in the process of reforming & serving Mother India.

Helping other NGOs who are in dire need of support is one thing which impacted me...Sending relief material, medicines, and food grains worth lakhs has been sent to Amma Nana Ashramam, Mathrudevobhava, Ammsvodi, Snehaghar and other oldage / orphan homes in Telangana, New Ark Mission & Thindlu Boys, Seva Bharathi in Karnataka, NDSO, We Yes Trust, Uris in Tamilnadu, Smith Foundation in Maharashtra are few examples of abhaya Love and Care for those who are serving the people selflessly.

abhaya Vayupatra:

Reviving lives with Oxygen concentrators in different states during post covid care is most important service that is wonderfully happening. By the time I write this report...Team

abhaya procured more than 70 Oxygen Concentrators... It's miraculous number for any one to know how people, corporates, NGOs came together and stood by the mission. When seeing the people recovering with abhaya Vayupathra we really forgotten all our difficulties behind procuring these numbers.

100s of Pulse Oximeters, Nebulizers, Vaporisers and other life saving tools were distributed in all South Indian States.

Hats Off to the volunteers involved in Distribution of Dry ration and medical kits to the Taxi drivers, artists, people working in market yard, teachers, daily labourers & to the most vulnerable and weaker sections of the society residing in different states. As of 25th June...Team abhaya served more than 3000 Families.

abhaya Prasada:

Kudos to 50+ abhaya SoulDears who passionately joined hands with hearts in serving abhaya Prasada in more than 25 locations in TS/AP/KAR for the past 40 days packing 10000 nutritious meal benefiting more than 300 people in home isolation.

abhaya Amrutha Kalasham:

About 3000 abhaya Amrutha Kalashams were served to the most deserving families whose life is seviourly affected by Corona and lock down during last 30 days in all most all the South Indian States.

abhaya Kavacha:

More than 50000 Masks, 20000 N95 Masks, 10000 Sanitizers distributed in varius parts of the country. This initiative is continuing further for next few months. The response and recuperation is so heart touching from everyone. We feel honoured to have 200 SoulDears who stood by the cause making heavenly

difference to thousands of people affected by Corona. - Dr K Sailatha, Coordinator, abhaya Breathe India Mission, Maharashtra

The MAN of BIM...Dr K Narasimha Rao

abhaya Sahaya (HELPLINE) +91 8567856754

Every time, we initiate a new abhaya project...GOD will be granting us wonderful human beings to stand by our work. This is the experience since inception of abhaya in the year 2006.

Similar is the experience this time also when we initiated Corona Relief Operations - Breathe India Mission in the month of May 2021 to cater to the needs of people who are hit by Corona 2nd Wave in the Country.

We had Dr K Narasimha Rao (56) for the Mission from the state of Karnataka...granted by GOD in support of good work initiated to serve South Indian States.

Dr Rao is working as professor in Electrical and Instrumentation Engineering Department at BMS College of Engineering, Benguluru. He has done

his B. Tech form JNTU, Anantapur, M.Tech., and Ph.D., from Sri Venkateshwara University, Tirupati.

He has chosen this teaching profession with much passion and compassion to educate the feature citizens. With such passion he successfully completed his responsibilities as Head of the Department twice for the span of 8 years apart from holding additional major responsibilities like NBA evaluator, being member of BOE, as Unit chief Coordinator for several times in SEE examinations, Ph.D., external examiner for SV University, Anna University, guiding PhD students etc.,

He has published many journals, delegated many conferences and presented many presentations during his research work.

He was awarded as Best Project Guide of the Year for 2008-2009 by Karnataka State Council For Science and Technology (KSCST).

He was not only exemplary at his profession also bigger by his Heart, relentlessly serving the country under Breath India Mission along with his family members.

The way, he coordinated the effort of bringing volunteers from various engineering colleges in Karnataka is exemplary and inspiring. He could successfully connect couple of NSS Coordinators of Colleges and through them he is able to connect more than 200 Volunteers register for abhaya Sahaya initiative. It may be for the first time...abhaya seeing hundreds of volunteers joining the mission.

He motivated his wife and children to join hands in the Mission. The family together brought Rs.1,00,000/- for the Mission and personally coordinates distribution of abhaya Prasada, abhaya Kacacha, abhaya Kalasha, abhaya Vayupathra and abhaya SoulDears.

Smt Soumya Rao, equally passionated to do good work...In fact came out of comfort zone and very kindly listened to the issues of people who approached them seeking help and started serving them.

Its truly an inspiration seeing this couple with abhaya Breathe India Mission. Till now we have seen very few couples who engaged in doing good work...But, Soumya Rao stood in front with their committed and passionate selfless work for the past 2 months. - **Team abhaya**

Breathe India Mission abhaya Sahaya (HELPLINE) +91 8567856754

Helpline 8567856754 was live from June 2021 and the team is ready with 300 volunteers from different places registered to spare their time in helping others from wherever they are. abhaya called them as SoulDears, as they are no less than a Soldier safe guarding the country from the borders. Many of them are students and were motivated by Founder, Balachandra and Dr K Narasimha Rao, Professor from BMS College of Engg, Bengaluru.

Team abhaya arranged multiple training sessions for the volunteers and had mock calls for better handling of helpline. As everyone enrolled is new to helpline work, Corporate HR and Call center experts took the sessions and briefed on process and given valuable tips for taking calls confidently.

There are more than 40 doctors / Medical students volunteered to support this tele medicine helpline. Founder roped in Senior Doctors to guide the doctors' team. Dr Prabhakar, senior most pulmonologist and Dr Srinivasa Rao, HOD at Gandhi Medical College guided the junior doctors multiple times and explained the medications to prescribe based on condition of caller. The sessions were so good and even a non-doctor could understand the medication and different symptoms.

During the month we received more than 500 calls on Helpline. Abhaya SoulDears handled the Tele Consultation calls and Core Team consisting senior members handled other initiatives. Volunteers did a good job in handling the calls efficiently.

More than 100 calls received seeking cooked food for the people in home isolation. As many of the abhayans too suffered with Corona, team abhaya realized the importance of cooked food at first hand. During the month of June, abhaya served cooked food in many locations across two telugu states. Board Trustee Sri Vidya Sagar with the support of abhaya SoulDear Mallikarjuna started distributing cooked food in LB Nagar surroundings. Inspired by them, Ms Sukanya also started serving food near Secunderabad areas with the support of SoulDear Bharat.

Another Board Member Sri Srinivasa Rao from Kurnool started Food service in Kurnool. All his family members started involving in cooking, packing and distribution. Sri Venkat of Niswartha Foundation and Ms Sushmitha and family started abhaya prasada service in Uravakonda and Gorantla from Andhra Pradesh. More than 10000 meals were served and this service got a very good feedback from the people who got benefited.

Post covid is a vital period after recovery. Many times, doctors suggested an Oxygen supplement at Home for discharge and for quick improvement. More than 100 calls are received for Oxygen Concentrators. We could serve 25+ people in Hyderabad and surroundings.

The response from different states is overwhelming. Corporates joined their hands in abhaya Breathe India Mission and donated Oxygen Concentrators. Control S, Euroflex and Vasavi Seva Foundation donated 30 Oxygen concentrators in Kind.

Board Trustee Sri Kalyan too shipped 3 machines from USA. CS Sateesh Gupta connected his family friends to donate couple of machines to abhaya foundation. As abhaya could stock more than 75 oxygen machines, sent at least 5 machines to Andhra Pradesh, Tamilnadu, Karnataka, Kerala states and all those machines are in service. We feel proud to serve so many people in this pandemic with abhaya Sahaya.

Tele Medicine to Tele Help:

By 3rd week of June, the volume of calls dropped considerably, as the active cases came down all over the Country. But considering the state of many underprivileged families, abhaya started a promotion to support livelihood tools for the families who lost the bread winner. Also, there are many students who lost their fathers, and their education became a difficult task. Corona has shaken the middle-class families and taken away all the savings. Lock downs worsened the situation for the people below poverty line. There are many students who may need support for their studies as the new education year just started. Taking cue from this situation, abhaya also came up with a plan to support poor and meritorious students from families effected by corona directly or otherwise. More than 50 calls are received seeking help for education and livelihood. 15+ applications received at abhaya mail box. Team abhaya will finalize and support the students in the first second weeks of July.

Learnings:

- Entire process of setting up Helpline and handling different calls is a wonderful experience for the team abhaya and volunteers.
- With the volume of calls, we felt that the start got delayed by a month or so. It would be even effective if we could start it in May itself. This exercise connected

many new people and abhaya reached many new places.

- The mission was initiated across southern states of India, and likeminded NGOs joined hands in taking up the activities in their respective places. Abhaya could support Groceries, Masks, Sanitizers and Oxygen Concentrators to them. We again learned that if intentions are pure, God will start working on it and the support will come from every corner.
- As there are predictions about 3rd wave, all the machinery was stored in abhaya home for better utilization during the need.

As there are speculations, abhaya plans to continue the helpline service henceforth. The calls will be received by the senior members in the team, who are located in different states. As the name ABHAYA stands for fearlessness, the helpline abhaya sahaya will be the first place to visit for support.

While we move forward to serve more people in the days to come through abhaya Sahaya...We bow before each Donor, both Individual as well as Corporates for reposing confidence with us while helping the country men in the pandemic - KSV Sivakrishna, Secretary General, abhaya Foundation, Hyderabad

Granting 20 Units Oxygen Concentrators for serving Telangana. Gratitude to the Team Rexnord Euroflex

THANK YOU ABHAYA SOULDEARS SMT & SRI MURALI **FOR DONATING 02 MACHINES!**

THANK YOU

when founder and trustees brainstorming the ideas to serve the Covid 19 - 2nd wave hitting people and decided to launch Breathe India Mission.

On 4th May, Received a message from abhaya founder Balachandra anna, proposing to serve with Oxygen Concentrators, teleQ consultation and food for the quarantined families. Knowing abhaya's passion and abilities to serve in big scale, I have volunteered to be part of the Breath India Mission. Involved in core team discussions and took the responsibility to coordinate the Oxygen Concentrators service.

It was decided to procure at least 50 machines to serve across states of South India, and received overwhelming response from across the world, both individuals and companies.

Core team started looking for vendors and very soon realised the scarcity in the market. Lot of models, many sub-vendors, various capacities and many qualities and

It's all started in 1st week of May, none available for immediate delivery. The need was very high in the cities like Hyderabad and Bengaluru, almost all hospitals are running over capacity and people needed Oxygen concentrators to survive the wave. Core team stretched out in full and short listed couple of reliable vendors and ordered 15 machines, which would arrive only in late second week of May.

> While waiting for the delivery of the machines, core team started brainstorming the guidelines with the aim to serve the most needy.

> With draft guidelines, started the service with 2 machines on 11th May, one each in Hyderabad and Bengaluru. The first request came around 9:30PM in the night and they needed it urgently. The very first stock point in Hyderabad was the house of Our beloved Jagadish garu in Secunderabad. He is such a loving personal and very sensitive towards the needs of people, coordinated with all stake holders and handed over the first Oxygen Concentrator in the mid night of 11th May.

Realising the demand, core team continued to pursue with vendors for procuring more machines. While the core team was struggling to find genuine vendors and negotiating the prices, god sent us help through Mr. Chalapathi Rao garu, veteran in sales and procurement. He took over the responsibility to negotiate and finalize the vendors and orders. His skills and commitment definitely saved couple of lakhs in procuring 70 machines.

More machines started arriving and stocked them across the states Telangana, Andhra Pradesh, Karnataka, Tamilnadu and Kerala.

Guidelines were fine tuned time to time considering the feedback and our leaning to suit the needs of the people.

Slowly the need for the machines got decreased in the last week of May as beds availability got better. To the Volunteers in various states came up surprise, demand got increased from 1st week of June and this time for the patients who are doing stable in Hospitals with Oxygen support and they need Oxygen Concentrators at home to get discharged.

While people have already exhausted their savings by paying hefty hospital bills, they were looking for help with concentrators. abhaya could help those in needy with free oxygen Concentrators and this time with around 70 in stock across the states of South India.

Initially core team thought 10days would be for free to avoid any mis use, but considering the genuine requests from the needy, it's extended for more days case to case.

Many individuals and companies generously donated the Oxygen Concentrators keeping the faith in abhaya foundation and volunteers from abhaya have done their best in serving the needy.

Across the states around 100 most needy people were served with the machines in this short span of a month. There were mixed experiences, many people got recovered and few died too. But all the families thanked abhava and inturn the generous donors of abahya for the timely help in the need of the hour.

with innovative ways to use these machines serve as many needy as possible. Some places these machines are served in free ICU Stepdown centers, in some places tied up with hospitals to get a free room to serve the needy without any charges. abhaya worked with couple of NGOs to serve needy in rural places of Kerala, AP and Telanagana.

abhaya is continuing to serve the requests and well equipped and prepared for any future needs if arise.

First we decided to keep the stock in different places and let the respective volunteers to handle the requests and documentation. But quickly learnt that, a centralized handling of the requests and documentation would be better. While the abhaya Sahaya helpline is still under trials, all the volunteers are advised to direct all the oxygen Concentrator requests to me.

Received lot of calls, tried to understand their real need, guided them with required documentation and assigned the machines from nearest stock point. It was so satisfying that, we were able to help the needy. It wouldn't hav possible without the generous donations from abhayans across the world.

Many learnings from the experience. We started with nominal user charges to serve the most needy, then made it free for first 10 days and now waiving off excess usage charges case to case.

We initially asked the users to procure the consumables like nasal cannula, but soon realised the scarcity in the market, we decided to procure and serve it for free along with machine.

Initially we asked users to return machines from the collected stock points, but later we guided them to return at the nearest stock point. Initially we had strict rule of 10days maximum, but considering the trend, we are allowing as per the doctor's suggestion.

The people coming for help, already exhausted both physically and financially and we were able to handle them with empathy and serve as much as possible. Thanking God for the great opportunity to be part of Breath India Mission! - Sakethan Reddy, Coordinator, abhaya Vayupathra, Hyderabad

life left with them. Right now, we are sending monthly medicines for the entire family. Appealing all the abhayans across the globe to lend their helping hands. - **Team** abhaya

One month's journey with abhaya Breathe India Mission opened doors to be with hopeless souls, who were lost their own people and depressed during this pandemic. I wish to share few incidents herein below:

The young lady who lost her husband (35 years old) and left over with seven and four years old kids. She was utterly desperate and crying a lot. After two counciling sessions and healing time, she just recouping her strength to be normal. But she needs some more time to understand herself and what should be done to herself and kids.

I have learnt it is a great solace to the people who are in need of it and a great sense of achievement to the one who stands by them.

I was taking with young siblings who lost both Mother and Father due to corona. Intially she was not willing to open up but after twenty minutes conversation with her she accepted that abahya soul dears are with her. She profoundly thanked the team work of abhaya. She said she heard about us and happy to meet us. I learnt that even though the people at first shows dis interest to talk... one needs to bear the duty in mind and never to be discouraged or disappointed to be with the Hopeless Souls. We should give them time to make them understand what we are...and as abhaya SoulDear what sort of support can be given to them.

I had been spreading the cause of abahya in my close circles some have responded and some still need more motivation

which I have been trying. My heartfelt thanks to abhaya Founder, who had given this opportunity to be in this grate cause of healing people with words and deeds. My special thanks to all the younger generation of the group who are giving hope to the future projects by their active participation. Thanks to one and all who are here doing their bit and inspiring. - Lakshmi, abhaya

మనం రోజూ ఎన్నో వాట్సాప్ సందేశాలను చూస్తూఉంటాం, అవి మనల్ని నవ్వించొచ్చు, కలిచివేయవచ్చు, సంతోషపెట్టవచ్చు, ఆలోచింపచేయవచ్చు, కేవలం కొన్ని మాత్రమే స్ఫూర్తిని కలిగిస్తాయి. అలాంటిదే ఈ క్రింది సమాచారం, అభయ ఫౌండేషన్ సంస్థ నుండి వాట్సాప్ లో సర్కులేట్ అవుతూ, నా దాకా వచ్చింది.

నా పేరు లక్ష్మి PM శశిధర్, సామాజిక కార్యకర్తను. నేనొక స్వచ్చంద సంస్థలో బాలల విద్య, సామాజిక మరియు భావోద్వేగ అభ్యాసాల పై పరిశోధన చేస్తున్నా ను.

గత సంవత్సరం కోవిడ్ మహమ్మారి మన దేశాన్ని తాకినప్పటి నుండి, స్వీయ జాగ్రత్తలు తీసుకుంటూ, ఇబ్బందులు ఎదుర్కొంటున్న కుటుంబాలకు క్రౌడ్ ఫండింగ్ ద్వారా, సహాయ సహాకారాలు చేయడం జరిగింది. చాలా స్వచ్ఛంద సంస్థలు, వ్యక్తులు, కార్పొరేట్ సంస్థలు భారీ విరాళాలు, డబ్బు, వస్తు మరియు, నిత్యావసరాలను అందించి కొన్ని వేల కుటుంబాలను ఆదుకున్నారు. అయితే ఈ సంవత్సరం, మరింత భయపెట్టిన సెకండ్ వేవ్ ప్రజల ఆరోగ్యాన్ని, జవితాలను మరింత వేగంగా హరించివేసింది. ఆ సమయంలో నే నేను మే 8, 2021 న అభయ ఫొండేషన్ సంస్థ నుండి పై సమాచారాన్ని చూడటం జరిగింది. నాకు సంస్థ సేవలైన home quarantine లో ఉన్న కొరోనా బాధితులకు అభయ ప్రసాద, అవసరంలో ఉన్నవారికి అందించే Oxygen concentrator కార్యక్రమం అభయ వాయుపాత్ర, టెలీ మెడిసిన్ సేవలు అభయ సహాయ పట్ల ఆసక్తి కలిగి, శ్రీ. గౌతమ్ గారిని ఫోన్ లో కాంటాక్ట్ చేసి, మరింత సమాచారం తెలుసుకోవడం జరిగింది. గౌతమ్ గారు సంస్థ యొక్క కార్యకలాపాలు, సంస్థ వెబ్సైట్ వివరాలు, కరోనా బారిన పడిన వ్యక్తులకు అందించే సేవలు గురించి పూర్తి సమాచారం ఇచ్చారు.

అభయ సంస్థ, Website; https://abhayafoundation.org చూసాక నాకు ఈ సంస్థ చేస్తున్న కార్యక్రమాల పట్ల, సంస్థ వ్యవస్థాపకుల పట్ల చాలా గౌరవం కలిగింది. అదే రోజు అభయ పోల్ డియర్ గా abhaya Breathe India Mission లో నా వాలంటీర్ ప్రస్థానం అభయ సంస్థతో మొదలైంది.

అభయ ఫౌండర్ మెంబెర్ శ్రీ. బాలచందర్ గారు, నిర్వహించిన వర్చువల్ మీటింగ్ లో పాల్గొన్న తరువాత, వారు, మిగిలిన సంస్థ సభ్యులు స్వచ్చంద కార్యక్రమాలలో ఎంత నిబద్ధత కలిగి ఉన్నా రో అర్థం అయ్యింది. నా వంతుగా, కరోనా లో ప్రజలు తీసుకోవలసిన జాగ్రత్తలపై అవగాహన కలిగించడానికి, Prof. Dr. Prabhakar, Senior Pulmonologist గారి ఆరోగ్య సూచనలతో IEC మెటీరియల్ (ఇంగ్లీష్ మరియు తెలుగులో); పోస్టర్లు, చేయడం జరిగింది. క్రమంగా, సందర్భానుసారంగా అభయ సంస్థ కార్యకలాపాల పై మరి కొన్ని పోస్టర్లను రూపొందించాను. అభయ సహాయ కార్యక్రమంలో భాగంగా టెలిమెడిసిన్ వాలంటీర్ గా సమయం కేటాయించాను, ప్రస్తుతం అభయ సహాయ స్కాలర్షిప్ టెలిఫోన్ సేవలలో కొనసాగుతున్నాను.

అభయ సంస్థతో నా ప్రయాణం, సేవలు చాలా చిన్నవైనప్పటికీ, నేను ఇక్కడ ఇతర సభ్యులనుండి, శిక్షణల నుండి వ్యక్తిగతంగా నేర్చుకున్న అంశాలు, విషయాలు వెలకట్టలేనివి. అందులో కొన్ని...

- 1. సినియర్ డాక్టర్ల నుండి కరోనా నియంత్రణ లో తీసుకోవలసిన జాగ్రత్తలు మరియు ఆరోగ్య సూచనలు.
- 2. ధనుష్ ఫౌండేషన్ ద్వారా టెలిమెడిసిన్ VMED పై సౌంకేతిక పరిజ్ఞానం
- 3. సుకన్య గారి నుండి టెలిఫ్టోన్ ఇటిక్విట్
- 4. సభ్యుల నిబద్ధత
- 5. స్వీయ సంరక్షణ పట్ల పూర్తి అవగాహన
- 6. స్ఫూర్తిని కలిగించే ఇతర సభ్యుల సేవా కార్యక్రమాలు

అభయ సంస్థ నుండి సహాయం పొందిన వ్యక్తులు ఈ రోజు ఆరోగ్యవంతులై, కొరోనాని జయించి

మరింత ఉత్సాహంగా వారి అనుభవాలను పంచుకుంటూ ప్రేరణ కలిగిస్తున్నా రు.

ఈ Covid pandemic సమయంలో అభయ సంస్థలో చేసిన స్వచ్చంద కార్యక్రమం నాకు వ్యక్తిగత పాఠాలలో పాటు, మరిన్ని కార్యక్రమాలు చేసే ఆలోచనని కలగజేసాయి.

నాకు ఈ అవకాశాన్ని కలుగజేసిన సంస్థ వ్యవస్థాపకులకు ధన్యవాదాలు.

This has been a holistic experience for me, on a personal front I have learnt to set aside my inhibitions and work for a cause and on a social front I have learnt to amicably approach every individual, younger and elder and work in harmony for a greater cause. When I see the stories of people receiving help from abhaya it has given me immense satisfaction to be associated with this organisation and when I see the stories of underprivileged people urging for support from various parts of the country, it only makes me realise how blessed we are all for the life that God has bestowed us and also it is our very responsibility to help those in need!

The Media team that I am closely working with since 2 months is another blessing, the youngsters who are working with great commitment by utilising their skills for secs inspires me and the elders in the group who are working relentlessly despite their own

family and work responsibilities taught me to learn to balance in Life. I feel profoundly blessed to be part of this mission! - S Lalitha Lahari, Media Coordinator, Breathe India Mission, Proddaturu, AP

"அபயா பவுண்டேஷன்" ஹைதராபாத் மாநகரில் இருந்தாலும் பாரத நாடு முழுமைக்குமான அமைப்பாக செயல்படுவதில் மகிழ்ச்சி அடைகிறேன்.

இந்த இக்கட்டான பேரிடர் காலத்தில் சென்னை மாநகரம் கொரோனா பாதிப்பால் தத்தளித்துக் கொண்டிருக்கும்போது குறிப்பாக தொழிலாளர்கள் அதிகமாக உள்ள. வடசென்னை மாவட்டத்திற்கு உதவிக்கரம் நீட்டி ரூ 1,70,000

பெருமானமுள்ள உயிர்காக்கும் பொருட்களை உடனடியாக அனுப்பிவைத்ததின் பலவாக பலருக்கும் உபயோகமானது. குறிப்பாக OXIGEN CONCENTRATORS அனுப்பிவைத்து உயிர்காக்கும் பணி செய்திட உதவிகரமாக இருந்தது....ABHAYA ஆதரவுடன் face mask sanitizer போன்றவற்றை அனுப்பிவைத்தமைக்கு வடசென்னை மக்கள் சார்பாக நன்றிகளை தெரிவித்துக்கொள்கிறேன்.

மேலும் தமிழகத்தின் பின் தங்கிய மாவட்டமான தர்மபுரியில் தெருக்கூத்து கிராமீய கலைஞர்களுக்கு ரூபாய் 67,000 பெருமானமுள்ள அரிசி மற்றும் மளிகை பொருட்களை 89 குடும்பங்களுக்கு கொடுத்து உதவிய அபாயாவிற்கு கலைஞர்கள் சார்பாக எங்களது நன்றிகளை தெரிவித்துக்கொள்கிறேன்.

இத்தனைக்கும் மேலாக COYAMBATHUR மாவட்டத்தில் சிறப்புடன் செயல்பட்டுவரும் kumar கிராமத்திற்கு உடனடி தேவையாக இரண்டு oxizen concentrators கொடுத்து மக்களின் துயர்துடைத்த அபாயாவிற்கு என்றென்றும் நன்றிக்கடன் பட்டிருக்கிறோம்.

Therukkuttu is supposed to have existed in our country about 5,000 years ago.

Before going to war the kings also used these artists to play Mahabharata stories to cheer their army through street performances to create enthusiasm among soldiers and to create war awareness among public.

In normal days a specific character called the clown would be introduced in their performance on the street to amuse and cheer up common people who needed some relaxation after hard manual labour everyday

This street show has traditionally been going on.

The street artists, we meet in particular, consist of the families of about 300 members hailing from the surrounding village of Paparapatti and they live in the village of Bikili in the Dharmapuri district and.

It is almost hereditary by passing art from one generation to next generation.

During the festival, which is usually held once a year at the Draupadi Amman temples in the villages, the entire story of the Mahabharata is presented to the people through street performances for about ten consecutive days to inculcate the principles of dharma way of life

Apart from that, during other festivals, they play Harichandra and other sub stories from religious scripture to

Implant good habits laid in the stories in the minds of people.

we all know from the autobiography that Harichandra's play had a telling impact on our patriarch Gandhi and he began to follow the truth from then on and the artists in their way served the society to make people honest and generous and to adhere the principles of Dharma even in adverse times cutting across their personal interests

In the pandemic environment due to covid-19 their total life line is severely damaged as there are no festivals and gatherings. They are not exposed to the advancement and they do not know anything and it is our duty to give a life line to these traditional artists.

NDSO is in the job of providing minimum life support for these artists and plan is in anvil to help them with the materials required for their stage performance as all their belongings have been lost in the recent rains and provide sustainable living in the coming day

We look to you for your generous support for this cause.

Chennai Dharmapuri Coyambathore மாவட்டங்களுக்கு இதுவரை மொத்தமாக ரூ 407000 உதவி செய்து உயிர்காத்திட்ட அபயா அறக்கட்டளையின் அத்தனை அறங்காவலர்களுக்கும் அதற்காக பொருளுதவி செய்திட்ட கொடையாளர்களுக்கும் NDSO சார்பாக எங்களின் மனமார்ந்த நன்றிகளைத் தெரிவித்துக் கொள்கின்றோம்.

மேலும் தமிழகத்தில் பல்வேறு பகுதிகளில் இருக்கும் சுமார் 1000 தெருக்கூத்து கலைஞர்களுக்கு உதவி செய்ய தாங்கள் முன்வந்துள்ளது எங்களுக்கு மிகவும் மகிழ்ச்சி அளிக்கின்றது.. -

Respected Swamiji and abhaya Team, Greetings from Uyir Centre for Social services. We are serving our Oxygen concentrators for 25 kilometers radius area.

In this region we only providing this with out no rent.(normally others charging 7000rs rent per month).

Our service is very much helpful to the poor patients those who are discharged from the hospital.

Normally each patient needs minimum 15 days of Oxygen concentrator support. So that the need is also increased. Nowadays in Tamilnadu frequent power cut is also a threatening for the Patients.

Swamiji we request you to kindly provide us 2 Concentrators and Oxygen Cylinders. It will be very much useful for the rural poor people. - **Kumar, Uyir Centre for Social Services, TN**

3 Units 02 2000 Masks & 300 Sanitizers in support of Swamy Paramananda

RELIEF MATERIAL BEING SENT TO ARUNACHALAM

I had a chat with Swami Paramanandha from Thiruvannamalai today to clarify the need for oxygen concentrators that he had asked for.

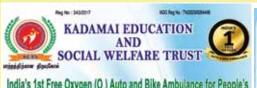

He told me that he is currenly actively working with 10 villages around Thiruvannamalai and has been in constant touch with them during this covid period to do relief work. The hospitals in this area tend to send patients back home once they are showing signs of recovery. However, these patients still need oxygen support in many cases. He has been receieving a number of requests for these concentrators. They were able to help and save a lifes with the 3 concentarors that they current have on hand, however they will need 2 more at this stage to meet the demand for them.

If possible you can send more. Since Tiruvannamalai is a hot spot and expected to be in possible third wave. Problem is that at that juncture we cannot keep searching. We should have them ready now.

These concentators have become a lifesaving tool at this stage. He is promising to return the concentators once the need for them is no longer present.

Additionally, he has said there is a need for oxygen masks and sanitizers. People in the vilages are not using masks and it will be helpful to distribute masks and encourage the people there to wear masks.

This is what i have gatherd from the conversation today. So it would be great if we could help with him 2 oxygen concentrators at this stage and oxygen masks for using with concentrators and sanitizers for the villages around Thiruvannamalai. - J Prabhakar.

Heart wrenching situation at Smith Foundation, MHR abhaya planning to despatch 2.00.000/- worth medical aid

The vision of Mrs Yojana, The Founder and the passion, able guidance and sheer dedication of the present leadership, has ensured that SMIT goes from strength to

needs of their residents. SMIT not only understand but also relate incredibly well to the feelings of being unwanted, the sadness felt at being left out.

They know that providing a bed to sleep on and three meals a day isn't enougheven though it is necessary. Being attentive to the emotional as well as psychological well-being of the elderly while taking care of their health and comfort is among our top priorities.

SMIT believes in giving all residents a family. A circle of friends. A group of people with whom they can share the life they led, the mistakes they made, the times when they laughed! SMIT aims to ensure comfort. SMIT gives its best at the institutional level to provide all reasonable amenities. That doesn't mean the joy on the faces of our residents is something we can ever compromise with.

"Upkeep those renounced by the society" is not a tagline. It's what they do-day in and day out.Right from well-trained staff for handling all affairs of our institution to ensuring sufficient comfort of residents, they have a comprehensive plan of action that ensures all residents have a life that they find worth living.

strength. They understand the deepest The need for reasonable standards of medical care is an integral part of handling the welfare of seniors, orphans as well as mentally unstable people. At SMIT, they ensure all residents have access to proper medical care even for minor ailments. They make lives better. At times, save lives too...

> The pandemic hit their life badly and they were lack of medical consumables. Hearing to their situation, abhaya SoulDears Sri Sunku Ramaprasada & Sri KV Ramakrishna brought their condition to the notice of abhaya. The team instantaneously procured material worth Rs.5,00,000/- at Hyderabad and transported to them. We really feel happy to land our helping hands to the most deserving NGO at Mumbai. - Team abhaya

abhaya Home of Happiness Latest Update

Every day at abhaya Home grant us an unique experience to those who lives there. For some it's a Home away from their home...For few it's a shelter...for others it's sustenance...for few its a temple. For everyone it's a way or other a Temple of learning.

The residents are all doing well at home inspite of widespread corona pandemic in the country. We believe that it's only with gods grace such situation can be seen. While many old age homes are struggling for survival...abhaya home stood differently with most pleasant life style. We know how the Dept of Sr Citizens and Child Welfare is seazing the homes which are

maintaining in low standards. On the other hands.. Team abhaya lending helping hands to NGOs taking care of free old age homes and orphanages in the country.

abhaya Other day we received an Home of Happiness information that

out of many Old Age Homes which are working in the District of Ranga Reddy...abhaya home standing differently by its infrastructure, location, facilities, life and living. We are happy to note such feedback from the concerned officers at the Dist Collectorate.

Thanks to hundreds of Donors who are supporting abhaya Foundation and abhaya Home of Happiness. But for their support such miraculous work is not really possible. We pray for their well-being.

The residents who are staying at abhaya Home are accustomed in doing their daily routine. Considering the unavailability of staff at Home due to pandemic conditions...They themselves taking care of maintenance, gardening, watering and house keeping. Though it's difficult to attend such jobs by elders of the campus...They treat the campus their own home and stand by every situation.

During the month, Siddhik, a seasoned Driver from Mangalore joined the team at abhaya Home. He was a cab driver and accompanied the Founder for a week during his Bharata Darshan in 2019 in Mangalore visit. He too was hit by pandemic and lock down. In order to earn livelihood he sought support from the Founder and considering his experience and sincerity offered him a job.

Venkat Reddy, who is serving the campus since 2 years struck by issues at home. His family too hit by the Corona. Inspite of personal difficulties at his side...He choose to engage himself in the work at abhaya Home. Very inspiring is his attitude of gratitude and his work is

appreciated by every abhayan. Since 2 years of his tenure....He did his best with in corona relief operations.

Many visitors keep visiting the campus and seeking time, guidance, suggestions, directions from the Founder. He with love and care give his time

for those in need. On the other hand he inspite of being remotely placed at abhaya Home engaged in country wide corona relief operations.

We express our gratitude to the Life Time Subscribers and one time donors of abhaya Nithyanna Seva Scheme who became the reason for our sustenance. - **Team abhaya**

Murali Sagar Sharma (85+) who was admitted at abhaya home couple of months back...observing all the self less work happening at abhaya Home...approached the Founder on one fine day saying that he wish to give a cheque of Rs.20,000/- to abhaya home considering the fact that lock down

shattered his dreams of going for temple tour. All his life savings he donated. We felt spellbound by his kind gesture

Govindamma who is admitted by the residential colony people at Begumpet last month in a very bad stage...Trying to be normal. She starts abusing the moment she sees men around... but she will be quite when the Founder is around. She engages in preparing beautiful flower garlands to

GODs images at home through out the day. We only pray for her normalcy.

Visited Sri S Chakradhar, MD, Vijetha Constructions, Hyderabad who was one of the founding members and donors of abhaya Home of Happiness. Conveyed our heartfelt condolences as he lost his parents Radha Ramanjineyulu in days difference during last month. We dedicated

Dining block at abhaya Home in their names.

One reason for my successful professional journey in life is Digvijay Coaching Institute. And ofcourse...CA Naveen & CS PSRao

My journey started with Digvijay Coaching Institute in the year 1996 as CS Final Student.

I still remember, how Naveen Sir & PSRao sir helped me by waiving off coaching fee listening to my story.

Since then both of them mentored me to become qualified CS. One thing which is not missed in our relation until today is SERVICE & ASSOCIATION. PS Rao sir joined

hands by being the Trustee of Abhaya Foundation, about one and half decade back...Naveen Sir continued extending his helping hands to Abhaya foundation-Home of Happiness

Yesterday, while Naveen Sir, performing rituals for the departed soul of his Father, Sri Nandigam Lakshmi Narasimha Rao, his mother had sent a cheque for Rs.1,00,000/-to abhaya elderly care initiatives.

We humbly pray for the departed soul and convey our heartfelt condolences to Smt Annapurna Devi and her family. - **Balachandra**

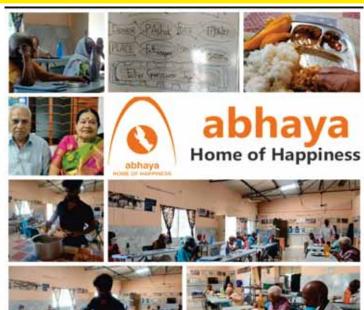

We thank our beloved CS PS Rao & CS Sridevi for leading the CCL Team to visit abhaya Home campus for exploring the possibilities of setting up food processing unit to empower the rural women in Telangana.

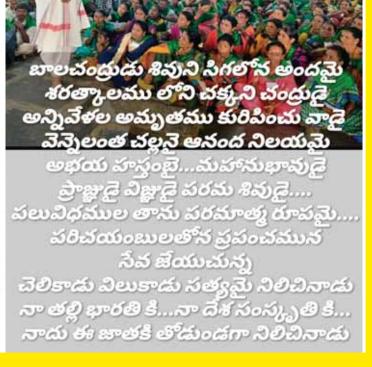

Apollo Hospitals CSR Initiative BHB Foundation visited abhaya Home. Appreciated the good work happening at the campus agreed to provide monthly medicines for the life time to all the residents once completing the formalities. We express our heartfelt gratitude to their intention of providing medicines for elderly residents of Free Old Age Homes in the Country. - **Balachandra**

Dr. K. Sailatha, MBBS, MS (OBGY)
I am Dr. K. Sai Latha working as resident in OBGY, GMCH Akola, MH.

Asusual OBGY is ever green dept with plenty of patients. I don't have any other world as long as I am in department due to continuous work. But surprisingly I could take some time for making a vedio on "Covid Management for Ventilation during Home Isolation".

If I find a person as subject for demo I couldn't find video capturing fellow and

visa versa. Multiple times I have done it with attenders, patients, lab technicians, juniors but with some or the other lapses. Finally on 3rd take I could do it to certain extent with help of Medical officers(juniors). Then I felt "doing good thing to become better person is not quiet an easy Job."

Finally Many thanks to our founder for taking pain in encouraging, editing & Offering it under BIM.

There is drastic drop in no. of covid cases. This covid rotation went peacefully with 10% of work comparetively. But it is heart wrenching to see many mucor infected patients subjected to surgeries because of its grevious consequences. So every body became alert in maintaining hygeine with the equipments, optimal usage of steroids and personal care of the patient .

We are not sure of third wave hitting children or not .But hospital administration has started preparing pediatric care units in anticipation.

Already listening to the news of cropping of new viral variant so called delta virus with rapid infectivity at few places of Maharashtra. So let all of us be cautious with covid appropriate behaviour despite of any situation before us.

It is heart touching to see many services offered via abhaya sahaya benefiting many victims in different ways. Let's all of us resolve to overcome this Corona by helping each other .Prayers for well being of all!!

15. నిరాసక్తత

సమస్య:

నాకు చదువంటే కొంచెం కూడా ఆసక్తి లేదు. తల్లిదండ్రులు పోరు పడలేక పాఠశాలకు వెళ్తున్నాను. నాకవుతే చదవాలని లేదు. నేను ఇంట్లో చెప్పినా పట్టించుకోరు. ఇక స్కూల్ లో నిరాసక్తముగా ఉండటం వల్ల అక్కడ కూడా ఇమడ లేక పోతున్నాను. నేను ఏమి చెయ్యాలో అర్థం కావటం లేదు.

విచరణ:

ఈ సమస్య చాలా అరుదుగా విన్నాను. కానీ ఇలాంటి పిల్లలు కూడా వుంటారని ఊహించి ఇక్కడ క్లుప్తంహ చర్చిస్తున్నాను. పిల్లాలూ మీకు చదువు కోవడం ఆసక్తి లేదని చెప్తున్నారు కదా. మరి దేని మీద ఆసక్తి వుంది చెప్పగలరా? మీ ఆసక్తికి కనీస అకర జ్ఞానం అవసరం వుందా లేదా? ఆలోచించారా? ఒక వేళ మీ ఆసక్తికి చదువే అవసర

లేదు అని మీరు నిరూపిస్తే నేను ఒక లక్ష రూపాయలు బహుమతి గా ఇస్తాను. సిద్ధమేనా అని అడిగాను ఒక సమావేశంలో...

కొన్ని ఆసక్తులను ఏకరవు పెట్టారు

నేను డ్రైవర్ కావాలని వుంది... కనీసం 10 వ తరగతి పాస్ అవ్వాలని చెప్పాను నేను ఫాషన్ డిసైనర్ కావాలని వుంది...

డిగ్రీ చేస్తే కదా సాంకేతికతను అంది పుచ్చుకోగలవు అన్నాను

నేను కిరాణా వ్యాపారం చేస్తా...

కొలతలు తూకాలు గణితం కావాలి కదా అన్నా ను నేను ఫోటో వీడియో ఎడిటర్ కావాలని ఉంది...

కంప్యూటర్ లో ఎడిటింగ్ చేయాలంటే కంప్యూటర్ బేసిక్ కోర్సు వుండాలి కదా...కనీసం డిగ్రీ చేయాలి కదా...

వ్యవసాయము చేసి రైతు అవ్వాలని ఉంది...

పాడి పంటలకు సంబంధించిన విషయ పరిజ్ఞానం సంపాదించాలంటే నికు కనీస జ్ఞానం వుండాలి కదా.

ఇలా ప్రపంచములో నీవు ఏ రంగములో ఆసక్తి వుండినా పరవాలేదు లేదు కుదరదు అని నేను చెప్పను. కానీ చదువు మీద మాత్రం నిరాసక్తి తగదు అని మాత్రం చెప్పగలను. ఏ రంగాన్ని ఎంచుకున్నా బేసిక్ విషయాలు అవుతే చదువుకుంటేనే కదా వస్తాయి.

నిజంగా ఏదైనా ఆసక్తి వుంటే ఇంటర్ అయిన తరువాత తల్లిదండ్రులలో చక్కగా చర్చించి నిర్ణయము తీసుకోండి. అప్పుడు అర్థం వుంటుంది. అంతే కాని ఇంకా 10 వ తరగతిలో వుండగానే మీ ఆసక్తుల గురించి మాట్లాడి అందరిని భయ పెట్టకండి.

ఏ రంగములో మనము స్థిర పడలన్నా...కనీసం డిగ్రీ చేయండి. ఆ తరవాత మీ ఇష్టం.

ప్రోత్సహిస్తే అందరికి ఆనందం అవుతుంది. అంతే కాని మేము ವಾಡಿನಿ ಕನ್ನಾ ಮು...ವಾಡಿ ಕಲಲನು ಕೂಡಾ ಕನ್ನಾ ಮು ಅನಿ ಏರಿಫ್ಯಾರಂ ಕನಿಪಿಲ್ಲಡಮೆ ವದುವು ಅಂಟುನ್ನಾರು ಈ లాజిక్ లేకుండా మాట్లాడి...పిల్లాడిని ఇంటికే కన్నం పెట్టి పారి పోయే విధంగా చేయొద్దు. చక్కగా పిల్లలు చెప్పన్న ది వినండి. ఈ రోజు జీవితంలో అద్భుతమైనవి సాధించాలంటే పిల్లలు అందరూ IIT, IIM, ISB, IISCT, Eng, MBBS ఇలాంటి చదువులు మాత్రమే చదవక్కర లేదు అని నా అభిప్రాయం.

పిల్లలను మంచి వారిగా తీర్చి దిద్దండి అంతే కాని వాళ్లను గొప్ప వాళ్లుగా చేయాలని తపించకండి. ఈ రోజుల్లో దేశానికి అందించాల్సింది మంచి వాళ్లనే. పిల్లాడు మంచి వాడై వాడికంటూ ఒక లక్ష్యాన్ని ఏర్పరుచుకుంటే తల్లిదండ్రులు తప్పక స్వాగతించాలి.

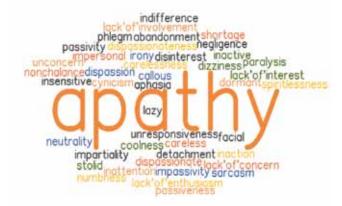

ప్రైరణ చుంత్రం:

Education is not for Living, but it's for Life.

స్పూర్తి:

ವದುವು ನೆರ್ರು ತೆವ್ಲಾಟೆ ಸ್ಕ್ಲುಳ್ಳ **ತ್ತು.** . ಶಾಲೆಜಿಲ ತ್ತು వెళ్లాల్పిందేనా? అది తప్పనిసరేం కాదంటోంది కేరళకు

తల్లి తండ్రులు కూడా పిల్లల ఆసక్తి గమనించి వాళ్ళను చెందిన ఓ కుటుంబం. చదువంటే పుస్తకాలను వల్లైవేయడం మాత్రమే కాదనీ, మన చుట్టూ ఉన్న సమస్యలకు కుంటుంబ సభ్యులు.

కేరళలోని అట్టపాడి అడవి మధ్యలో తన కుటుంబంలో కలిసి ఉంటున్న గౌతమ్ను అతని తల్లిదండ్రులు బడికి పంపలేదు. బడికి పంపకపోవడానికి కారణం.. వాళ్లకు చదువు పట్ల ఆసక్తి లేక కాదు. ప్రస్తుత విద్యా విధానం మీద నిరాసక్తత, తమ కుమారుడికి ఇంట్లోనే విద్యాబుద్ధులు నేర్పించుకున్నారు.

అందరిలా బడికెళ్లి చదువుకోకున్నా, గౌతమ్ ఐదు భాషల్లో అనర్గళంగా మాట్లాడగలరు. వెబ్సేట్లను రూపొందించడం కూడా నేర్చుకున్నా రు.

సంప్రదాయ విద్యావిధానం పట్ల గౌతమ్ది కూడా తన తల్లిదండ్గుల అభిప్రాయమే.

స్కూళ్లు, కాలేజిల్లో పాఠ్యాంశాలు ప్రస్తుత ప్రపంచానికి అనుగుణంగా ఉండటం లేదని గౌతమ్ అంటున్నారు. అందుకే, తన ముగ్గురు పిల్లలకు కూడా ఆయన ఇంట్లోనే చదువు చెబుతున్నారు.

"ఆధునిక విద్య తీరుతెన్నులను చూస్తుంటే... పిల్లలను కేవలం వినియోగదారులుగా మాత్రమే మార్పుతున్నట్లు అనిపిస్తోంది. అలా కాకుండా వారిని మానవతా విలువలు తెలిసినవారిగా తయారయ్యేలా, వారిలో ప్రకృతి పరిరశ్రణ, ಸುಸ್ಥಿರಅ, ಏಜಾಸ್ವಾಮ್ಯಂ ಎಂಟಿ ಭಾವನಲು ಪರಿಗೆಲ್ ವೆಸ್ತೆ బాగుంటుంది" అని ఆయన అభిప్రాయపడ్డారు

గౌతమ్ తల్లిదండ్రులిద్దరూ గతంలో ప్రభుత్వ ఉపాధ్యాయులుగా పనిచేసేవారు. అయితే, ప్రస్తుత విద్యా విధానం కేవలం వస్తు వినిమయవాదాన్ని మాత్రమే నేర్పిస్తుందని వారు భావించారు. అందుకే ఉద్యోగాలను వదిలేసి కొండ ప్లాంతంలోకి వచ్చి నివాసం ఏర్పాటు చేసుకున్నారు.

అట్టపాడి ప్రాంతంలో నీటి సమస్యకు పరిష్కారం కనిపెట్టేందుకు వారు కృషి చేశారు.

"మా అమ్మానాన్న లు ఇద్దరూ అట్టపాడి ప్రాంతానికి గతంలో ప్రభుత్వ ఉపాధ్యాయులుగా పనిచేసేందుకు వచ్చారు. వారు వచ్చిన సమయంలో ఇక్కడ నీటి ఎద్దడి అధికంగా ఉండేది. భూమి కోతకు గురవ్వడం పెద్ద సమస్యగా ఉండేది. దాంలో, భూమి కోత, తాగు నీటికొరత, అడవుల నరికివేత వంటి సమస్యలకు పరిష్కారం కనిపెట్టేందుకు వారు ప్రయత్నించారు" అని గౌతమ్ చెప్పారు.

ఇప్పుడు ఈ కుటుంబం ఉండే ప్రాంతమంతా పచ్చదనంతో కళకళలాడులోంది.

ఏడో శతాబ్దం నుంచి దేశంలో మొదలైన భక్తి ఉద్యమానికి కారణభూతమైన దిగా పండరిపురాన్ని చెప్పుకోవచ్చు. అసలు మహారాష్ట్ర ప్రాంతము అణువణువు భక్తులతో...భావకులతో... కవులలో...అవధూతలలో నిండినది అనిపిస్తుంది. ఏ ప్రదేశానికి వెళ్లినా అక్కడ స్థానికంగా కొలిచే ఎందరో మహానుభావుల గురించి తెలుసుకుంటూ ప్రయాణం చేస్తున్నా ను.

ఎండా కాలం అవడం చేత...సామాన్య దర్శన వరుసలోనే వెళ్లడం వలన...చాలా అలసి పోయాను. కానీ, తనువెల్లా... ఆ దివ్య మంగళ విగ్రహాలను చూడాలని తహ తహ లాడింది.

దేవుని దర్శించాక నేనా దేవాలయ ప్రాంగణాన్ని వదిలి వెళ్ళలేకపోయాను. మళ్లీ మళ్లీ ఆ భగవానుడి దర్శనం కోసం అర్రులు చాచాను. దర్శన సుమయంలో ఇక్కడ అందరికి నిజ పాద సేవా భాగ్యం కల్పిస్తారు. ఆ పాండురంగడి పాదాల మీద వివాసుడినై పడ్డ నన్ను ఆ పూజారి గమనించి ఆ ప్రభువు పాదాల చెంత ఉన్న మధుర ప్రసాదాన్ని అందించాడు. మూడు గంటల నుండి వరుసలో నడవడం వలనొచ్చిన బాధను మరచి. . . నన్ను నేను కూడా మరచి పోయి నేను ఒక అనిర్వచనీయమైన ఆనందకరమైన స్థితిలో ఉండిపోయాను.

అసలు నిజంగానే...ఆ పాండురంగని సశరీరంలో చూచినట్లు గానే అనుభూతి పొందాను. వేరే ఏ ఆలోచన రాలేదు. అలాగే స్థాణువై ఆ దివ్య క్వేత్ర పరిసరాలలోనే వుండి పోయాను.

ఎంలో భక్తి విశ్వాసములలో దైవ దర్శనం కోసమై అక్కడికి చేరిన వాళ్ళను చూస్తుంటే విశ్వరూపం చూసినట్లు గానే వుండే.

ఈ పాండురంగడు తన దివ్య దర్శనం ద్వారా ఎంతో మందిని పవిత్రాత్ములుగా... మహానియులుగా... భక్తులుగా... మార్చాడు. ఆ మహానియులలో ప్రతి ఒక్కరూ అపూర్వమైన భక్తికి నిదర్శనంగాను, ఆణిముత్యంగా నిలిచారు.

అభ్యాసనలు/పరిశీలనలు:

పుండరీకుడు, సతీ సక్కుబాయి, సంత్ తుకారాం, సంత్ నామదేవ్, సంత్ జ్ఞానేశ్వర్, సంత్ సమర్థ రామదాస్, సంత్ ఘారాకంబర్, సంత్ కాంహో పాత్ర, సంత్ సవాత్మలి, సంత్ ఏక్నాథ, సంత్ చొక్క మేళ, మరి ఇంకా ఎంతోమంది. వీరందరూ భక్తిమార్గాన్ని బోధిస్తూ వారిని వారు ఎలా సంస్కరించుకున్నరో తెలుసుకుంటూ ఉంటే హృదయం పులకరించిపోతుంది. ఎన్నో శతాబ్దాలు గడిచిపోయిన మన భారతీయ సంస్కృతిని ఈనాటికీ సజీవ సంపందగా వుంచిన ఈ ఋషి పుంగవులు అందరికీ మన 134 కోట్ల భారతీయులమందరము రుణపడి వున్నా ము అనిపిస్తుంది.

ఏ రాష్ట్రములో పర్యటిస్తూ వుంటే...ఆయా రాష్ట్రములోని మహానుభావుల జీవిత సంగ్రహాలను నా నేస్తమై పోయిన గూగుల్ భాయితో అడిగి తెలుసుకునే వాడిని. ప్రయాణంలో అసాంతము అదే పని ఇక.మన భారతీయుల మంచి భవిష్యత్తు కోసం ఈ మహనీయుల జీవితం వారి కార్యం, వారి లక్ష్యాలను గురించి ప్రతి ఒక్కరు చదివి, పిల్లలకు అందివ్వవలసిన అవసరము ఎంతైనా వుందని నా అభిప్తాయం.

కొల్లాపూర్:

శ్రీ మహాలక్ష్మి (అంబాదేవి) దర్శనానికి కొల్లాపూర్ వెళ్లబోయే ముందు కృష్ణా తీరంలో నున్న శ్రీ దత్తాత్రేయ రెండవ అవతారమైన శ్రీ నరసింహ సరస్వతి గురు స్థానాన్ని నృసింహవాడిని దర్శించుకునే భాగ్యం కలిగింది. చాలా నిశబ్ద మనోహర ప్రదేశం అది, కానీ సమయం కొరత వల్ల త్వరగా దర్శించుకుని అక్కడి నుంచి 70 కిలోమీటర్ల దూరంలో ఉన్న కొల్లాపూర్ కు బయలుదేరాను. నేను ఇంతకు ముందు ఎప్పుడూ ఇంత విస్తీర్ణమైన దేవాలయంలో కొలువై ఉన్న దేవతను చూడలేదు.ఇది ఒక కోట లాగా కట్టిన నాలుగ్గోడల మధ్యనున్న ఒక గ్రామము లాగా తోచింది.కొల్లాపూర్ మహాలక్ష్మి భారతదేశంలో ఉన్న పద్దెనిమిది శక్తి పీఠాలలో ఒకటి. ఆ తల్లి దివ్య దర్శనం అయ్యాక నా హృదయం అంతా ఆనందంతో నిండిపోయింది. సర్వ లోకహిత మంత్రమైన గాయత్రీ మంత్రాన్ని ఎంతసేపు ఆలపిస్తూ ఉన్నానో నాకే తెలియదు. అమ్మ ని చూస్తుంటే ఆ గర్భగుడి నుంచి బయటకు రావాలని అనిపించనేలేదు అంటే నమ్మండి. అంతటి దివ్య సౌందర్య మైన విగ్రహము. అమ్మని స్వయంగా చూస్తునట్లే అనిపించింది.

అన్ని చోట్ల దైవ దర్శనాలలో ఒంటరిగా ఉండటం అనేది నిజానికి కలసి వచ్చింది. నా సొంత ప్రపంచంలో నేను అలా వుండిపోయే వాడిని.అన్ని ఇంద్రియాలు దైవదర్శనం కోసం ఐక్యం అయిపోయేవి. రాత్రి సమయం...వస్తున్న వర్షాన్ని పరిగణలోనికి తీసుకుని నేను కొల్లాపూర్ మహాలక్మి ధర్మ శాల వసతిగృహంలో ఉండిపోయాను. అసలు... నా నివాసం కోసం ఎక్కడా కూడా నేను ఎక్కువ డబ్బులు ఖర్చు చేయలేదు. దేవాలయము వారి ఆధ్వర్యములో నడిపే ధర్మశాల అయిన కారణం చేత...సామాన్య వసతి తీసుకోవడం వలనైతే నేమి...కేవలం రెండు వంద రూపాయలతో పని అయింది. రోడ్డు ప్రక్కనే బండిలో వేస్తున్న వేడి వేడి ఇడ్లి, దోస తినేసి...వెళ్లి సంతోషంగా సేద తీరాను.

శక్తి పీఠాలు:

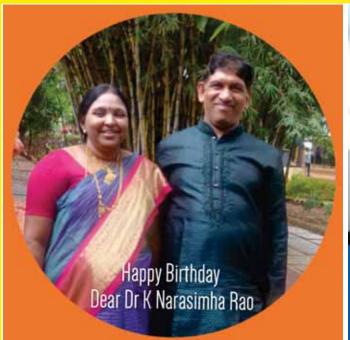

దేవి యొక్క త్రినేత్రము ఈ ప్రదేశంలో పడిందని చెప్పారు. ఈ శక్తి యొక్క పేరు మహిష మర్ధిని,ఇంకా శివుడి యొక్క క్రోధ రూపంలో నున్న బైరవుడు. కొల్హాపూర్ మహాలక్ష్మి అమ్మవారి చేత సృష్ట్యాదిలో సృష్టించబడ్డ కరివీర క్షేత్రమని చెవుతారు. చాలా పవిత్ర క్షేత్రం అని భావిస్తారు. ఈ దేవాలయాన్ని నీలపు రాయితో శ్రీ యంత్ర రూపంలో నిర్మించారు. కోలా సుర రాశ్షసుడు పేరుతో కొల్హాపూర్ ని పిలుస్తారు. కోలా సుర రాశ్షసుడు పేరుతో కొల్హాపూర్ ని పిలుస్తారు. కోలా సుర రాశ్షసుడు దేవిచే సంహరించ బడ్డాడు. కాశీ నుంచి తిరిగి వచ్చాక అగస్త్యమహర్షి ఆయన సతీమణి లోపాముద్ర ఇక్కడే స్థిరపడ్డారని చరిత్ర చెపుతుంది.

మరుసటి రోజు...ఉదయాన్నే నిద్రలేచి...అమ్మ దగ్గరికి వెళ్లే చిన్న పిల్లడిలా పరుగు పరుగున దేవాలయాన్ని చేరుకున్నాను. కొల్లాపూర్ మహాలక్ష్మి ప్రభాత దర్శనం, హారతి అయ్యాక ఘాట్ రోడ్ లో దట్టమైన అడవి ప్రాంతం గుండా ప్రయాణం చేస్తూ సహ్యాద్రికి ప్రాంతానికి వెళ్ళాను. ఎనిమిది చందల కిలోమీటర్ల పైన ప్రయాణం చేసుంటాను మహారాష్ట్రలో. నేను చేసిన దుర్భరమైన ప్రయాణాన్ని ఎవరు వర్తించనే లేరు. కానీ అలసట నన్నేమి చేయలేదు. . . కారణము నేను మహారాష్ట్రలోని మహా శక్తివంతమైన ప్రదేశాలని అన్వేషిస్తూ వెళ్లడమే.
